WELCOME MESSAGE

Prof. Luigi Angrisani
Congress President

Prof. Scott A. Shikora
IFSO President

Dear Colleagues and Friends,

It is a great honour and privilege for us to host the XXVI World Congress of the International Federation for the Surgery of Obesity and Metabolic Disorders (IFSO) in Naples, Italy, twenty-three years after the congress held in Genova, chaired by our mentor, founder and Honorary President of IFSO, Prof. Nicola Scopinaro.

The scientific program is very comprehensive and focused on updating, investigating and better understanding the widest array of topics in the field of the growing adiposity based chronic diseases, through postgraduate courses; symposia, expert talks, discussion panels, hands on skill labs, video sessions, free papers and poster presentations, emerging, endoscopic and new technology sessions and much more.

The aim of the Congress is to educate health care professionals from different specialties, on all the bariatric and metabolic surgery topics as well as to unite across country borders in our fight against the adiposity epidemic.

The XXXI Annual Congress of the Italian Society of bariatric and metabolic surgery (S.I.C.O.B.), chaired by Prof. Mario Musella, will take place in conjunction with the XXVI IFSO World Congress, on August 29th and 30th.

Nine Postgraduate Courses will open the Congress on Tuesday August 29th, followed by three full days of sessions, corporate symposia and other activities until Friday September 1st.

I anticipate that the social program will be as exciting as the scientific program, starting from the Welcome Reception until the Farewell Dinner on Friday night that will close the Congress and will leave in all of us lots of unforgettable memories.

No doubt that you will be welcomed with the famous Italian warmth and with the art of hospitality that our city always offers to its guests.

We look forward to a great Congress in a magic atmosphere!

Luigi Angrisani
Congress President

Scott A. Shikora

20:00 23:00 FAREWELL					DINNER			

SCIENTIFIC PROGRAM

Postgraduate Courses

MONDAY, 28 AUGUST

University Federico II Medical School
BUILDING 6 – AULE

PG COURSE

MEET THE TOP: ALL YOU WANTED TO KNOW ABOUT OAGB

DAY 1

17.00 - 19.00

Director: Mario Musella (Italy)

Co-Directors: Jean Marc Chevallier (France), Jacques Himpens (Belgium), Rui Ribeiro (Portugal), Nasser Sakran (Israel)

17.00 - 17.10	WELCOME OPENING AND OVERVIEW Moderators: Miguel Carbajo (Spain), MAL Fobi (USA), Kuldeepak Kular (India)		
17.10 - 17.20	A worldwide overview about OAGB numbers in IFSO Chapters	Roberto Arienzo	France
17.20 - 17.30	The role of correct teaching of the procedure. The OAGB Masterclass	Mario Musella	Italy
17.30 - 19.00	Live Surgery – Channel 1: Robotic OAGB	Arun Prasad	India
17.30 - 19.00	Live Surgery – Channel 2: Laparoscopic OAGB	Almino Ramos	Brazil

Registration desks will be available at the Hotel Royal Continental on August 28 starting from h. 13.00.

A shuttle bus to and from the Course Venue will be arranged for all participants.

Meeting point: h. 15.45 | Lobby Hotel Royal Continental.

TUESDAY, 29 AUGUST

CONGRESS CENTRE FEDERICO II
AULA MAGNA

PG COURSE

MEET THE TOP: ALL YOU WANTED TO KNOW ABOUT OAGB

DAY 2

09.00 - 16.30

Director: Mario Musella (Italy)

Co-Directors: Jean Marc Chevallier (France), Jacques Himpens (Belgium), Rui Ribeiro (Portugal), Nasser Sakran (Israel)

09.00 - 09.05	WELCOME OPENING Mario Musella (Italy)		
09.05 - 11.00	MODULE 1 – TECHNICAL ASPECTS OF OAGB Module Director: Jean Marc Chevallier (France) Moderators: Carbajo Miguel (Spain), Kular Kuldeepak (India), Lee Wei Jei (Taiwan)		
09.05 - 09.25	Dimensions of the gastric pouch: how long, how wide, what are the landmarks?	Maurizio De Luca	Italy
09.25 - 09.45	What is the ideal length of the biliopancreatic limb? Should we measure the entire bowel length?	Luciano Antozzi	Argentina
09.45 - 10.05	The gastro-enteral anastomosis: size, shape, technique?	Laurent Layani	UAE
10.05 - 10.25	Must we close Petersen's defect? Closure techniques	Mohammed Abouzeid	Egypt
10.25 - 10.45	OAGB following complex multiple redo procedures in a high volume center. Technical notes	Sergio Verboonen	Mexico
10.45 - 11.00	Open Debate – Q&A Moderator: Jean Marc Chevallier (France)		
11.00 - 11.30	Coffee break		
11.30 - 13.00	MODULE 2 – OAGB AS REVISIONAL PROCEDURE Module Director: Rui Ribeiro (Portugal) Moderators: Enrique Luque de Leon (Mexico), Karl Rheinwalt (Germany)		
11.30 - 11.40	OAGB after Adjustable Gastric Banding	Luigi Piazza	Italy
11.40 - 11.50	OAGB after Sleeve Gastrectomy	Gurvinder S. Jammu	India
11.50 - 12.00	OAGB after SADI-S	Mohit Bhandari	India
12.00 - 12.10	OAGB after Bilio-Intestinal Bypass	Sonja Chiappetta	Italy
12.10 - 12.20	OAGB after SASI	Tarek Mahdy	Egypt
12.20 - 12.30	Corrective measures 1 (excessive weight loss/recurrent weight gain): conversion after flawed OAGB	Hayssam Fawal	Lebanon
12.30 - 12.40	Corrective measures 2: conversion after flawed OAGB (emergency)	Antonio Susa	Italy
12.40 - 13.00	Open Debate – Q&A Moderator: Rui Ribeiro (Portugal)		
13.00 - 14.00	Lunch break		

TUESDAY, 29 AUGUST

CONGRESS CENTRE FEDERICO II
AULA MAGNA

14.00 - 15.30	MODULE 3 – CONTROVERSIES IN OAGB. WHAT IS THE EVIDENCE? Module Director: Nasser Sakran (Israel) Moderators: Helmuth Billy (USA), Gurvinder S. Jammu (India), Rudolf Weiner (Germany)		
14.00 - 14.15	Nutritional deficiencies	Mohammad Kermansaravi	Iran
14.15 - 14.30	Duodeno-gastro-esophageal reflux	Salvatore Tolone	Italy
14.30 - 14.45	Esophago-gastric cancer	Chetan Parmar	UK
14.45 - 15.00	Marginal ulceration. Published evidence	Giuseppe Navarra	Italy
15.00 - 15.15	Hiatal Hernia and the prevention/management of GERD	Jan Apers	The Netherlands
15.15 - 15.30	Open Debate - Q&A Moderator: Nasser Sakran (Israel)		
15.30 - 16.30	MODULE 4 - PHYSIOLOGY OF OAGB VERSUS RYGB Module Director: Jacques Himpens (Belgium) Moderators: Laurent Layani (UAE), Gerhard Prager (Austria), Arun Prasad (India)		
15.30 - 15.40	Importance of the (absence of) Roux limb for overall absorption, including vitamins and minerals	Emilio Manno	Italy
15.40 - 15.50	Importance of the (absence of) Roux limb for glucose metabolism	Francesco Greco	Italy
15.50 - 16.00	Importance of the (absence of) Roux limb for bile reflux	Bassem Safadi	Qatar
16.00 - 16.10	Weight loss and metabolic effects of OAGB in the long term, comparison with RYGB	Cesare Peraglie	USA
16.10 - 16.20	Open Debate - Q&A Moderator: Mario Musella (Italy)		
16.20 - 16.30	WRAP UP AND ADJOURN Mario Musella (Italy)		
16.30 - 17.00	Coffee break		

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM MIRABILIS

PG COURSE PREVENTION AND MANAGEMENT OF COMPLICATIONS

09.00 - 16.30

Director: Gerhard Prager (Austria)

Co-Director: Marina Kurian (USA)

09.00 - 11.05	MODULE 1 Moderators: Rachel Moore (USA), Paulina Salminen (Finland), Rudolf Weiner (Germany)		
09.00 - 09.05	Introduction	Gerhard Prager	Austria
09.05 - 09.20	Up to date management of Leaks	Catalin Copescu	Romania
09.20 - 09.25	Q&A		
09.25 - 09.40	Twist after Sleeve: and now? Diagnosis and treatment	Rami Lutfi	USA
09.40 - 09.45	Q&A		
09.45 - 10.00	Prevention of Bleeding: Clips or downsize the Stapler Cartridge or staple line reinforcement?	Michel Gagner	Canada
10.00 - 10.05	Q&A		
10.05 - 10.20	Imaging and Diagnosis of immediate postoperative Complications – Clinical “Red Flags”	Pablo Omelanczuk	Argentina
10.20 - 10.25	Q&A		
10.25 - 10.40	Intussusception: Incidence, Prevention and Treatment	Jacques Himpens	Belgium
10.40 - 10.45	Q&A		
10.45 - 11.00	Internal Hernia: Identification and prevention	Mirto Foletto	Italy
11.00 - 11.05	Q&A		
11.05 - 11.30	Coffee break		
11.30 - 12.55	MODULE 2 Moderators: Waleed Bukhari (Saudi Arabia), Karl Miller (Austria)		
11.30 - 11.35	Introduction	Marina Kurian	USA
11.35 - 11.50	Postoperative Anticoagulation: How long for whom?	Ahmad Bashir	Jordan
11.50 - 11.55	Q&A		
11.55 - 12.10	SMV Thrombosis: Identification and Management	Lilian Kow	Australia
12.10 - 12.15	Q&A		
12.15 - 12.30	Nutritional Complications everyone should know	Jean Marc Chevallier	France
12.30 - 12.35	Q&A		
12.35 - 12.50	Surgical treatment of complications after SADI-S	Antonio Torres	Spain
12.50 - 12.55	Q&A		
13.00 - 14.00	Lunch break		

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM MIRABILIS

14.00 - 16.30 **MODULE 3**
Moderators: Nicola Di Lorenzo (Italy), Pablo Omelanczuk (Argentina), Jaime Ponce (USA)

14.00 - 14.05	Introduction	Gerhard Prager	Austria
14.05 - 14.20	Nausea and Vomiting: How to manage a difficult postoperative course	Martin Fried	Czech Republic
14.20 - 14.25	Q&A		
14.25 - 14.40	Marginal Ulcers: Prevention and Treatment options	Nasser Sakran	Israel
14.40 - 14.45	Q&A		
14.45 - 15.00	The Management of Severe Dumping	Omar Ghanem	USA
15.00 - 15.05	Q&A		
15.05 - 15.20	Bile reflux after OAGB: Is it underreported?	Daniel Moritz Felsenreich	Austria
15.20 - 15.25	Q&A		
15.25 - 15.40	Surgical Treatment of Malnutrition	Francesco Papadia	Italy
15.40 - 15.45	Q&A		

15.45 - 16.30 **CLOSING REMARKS**
Gerhard Prager (Austria), Marina Kurian (USA)

16.30 - 17.00 Coffee break

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM POSILLIPO

PG COURSE REVISIONAL SURGERY

09.00 - 16.30

Director: Kelvin Higa (USA)

Co-Director: Paulina Salminen (Finland)

09.00 - 09.05 **WELCOME**
Paulina Salminen (Finland), Kelvin Higa (USA)

09.05 - 11.00 **SESSION I: DEFINITIONS, MBS MECHANISMS OF ACTION AND NON-SURGICAL TREATMENT FOR SUBOPTIMAL WEIGHT LOSS AND/OR RECURRENT WEIGHT GAIN**

09.05 - 09.15	IFSO Consensus 2023: Standardized definitions for MBS outcomes, revision and conversion surgery	Paulina Salminen	Finland
09.15 - 09.45	MBS mechanisms of action: How do our operations work? The role of adjuvant medical therapy	Lee Kaplan	USA
09.45 - 10.05	Suboptimal initial clinical response and recurrent weight gain: When is it time to intervene?	Shaw Somers	UK
10.05 - 10.10	Discussion		
10.10 - 10.35	Suboptimal initial clinical response and recurrent weight gain: The role of nutritional and psychological counselling	Mary O'Kane	UK
10.35 - 10.40	Discussion		
10.40 - 10.55	Suboptimal initial clinical response and recurrent weight gain: Are there absolute contra-indications for re-intervention?	Alan Saber	USA
10.55 - 11.00	Discussion		

11.00 - 11.30 Coffee break

11.30 - 13.00 **SESSION II PART 1: SUBOPTIMAL INITIAL CLINICAL RESPONSE AND RECURRENT WEIGHT GAIN: SURGICAL TREATMENT AND PROCEDURE SELECTION**

11.30 - 11.50	Sleeve gastrectomy and gastroesophageal reflux disease	Paulina Salminen	Finland
11.50 - 11.55	Discussion		
11.55 - 12.15	LSG and suboptimal initial clinical response and recurrent weight gain	Ralph Peterli	Switzerland
12.15 - 12.20	Discussion		
12.20 - 12.40	LRYGB: EBM on limb lengths	Abdelrahman Nimeri	USA
12.40 - 12.45	Discussion		
12.45 - 13.05	LRYGB and suboptimal initial clinical response and recurrent weight gain: pouch revisions and distalization	Saber Ghiassi	USA
13.05 - 13.10	Discussion		

13.00 - 14.00 Lunch break

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM POSILLIPO

14.00 - 16:30	SESSION II PART 2: SUBOPTIMAL INITIAL CLINICAL RESPONSE AND RECURRENT WEIGHT GAIN: SURGICAL TREATMENT AND PROCEDURE SELECTION		
14.00 - 14.20	OAGB and suboptimal initial clinical response and recurrent weight gain	Almino Ramos	Brazil
14.20 - 14.25	Discussion		
14.25 - 14.45	BPD/SADI/DS: Is there anything else?	Antonio Torres	Spain
14.45 - 14.50	Discussion		
14.50 - 15.05	Endoscopic solutions?	Christopher Thompson	USA
15.05 - 15.10	Discussion		
15.10 - 16.25	Patient and videocases: What would you do?		
15.10 - 15.17	Case 1	Alan Saber	USA
15.17 - 15.24	Case 2	Saber Ghiassi	USA
15.24 - 15.31	Case 3	Abdelrahman Nimeri	USA
15.31 - 15.38	Case 4	Ralph Peterli	Switzerland
15.38 - 15.45	Case 5	Almino Ramos	Brazil
15.45 - 15.52	Case 6	Shaw Somers	UK
15.52 - 15.59	Case 7	Antonio Torres	Spain
15.59 - 16.25	Discussion		
16.25 - 16.30	CLOSING REMARKS		
16.30 - 17.00	Coffee break		

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM CAPUANA

PG COURSE

HERNIA IN PATIENTS WITH OBESITY: ABDOMINAL WALL HERNIA MANAGEMENT

09.00 - 16.30

Director: Ramon Vilallonga (Spain)

Co-Directors: Ana Carrasquilla (Costa Rica), Gianfranco Silecchia (Italy)

WELCOME TO THE COURSE			
09.00 - 09.30	MODULE 1 - FOCUS ON THE CLINICAL RELEVANCE OF THE PROBLEM Moderators: Ahmad Aly (Australia), Emanuele Lo Menzo (USA)		
09.00 - 09.15	Abdominal wall hernia in obese population: incidence and physiopathology	Fabio Cesare Campanile	Italy
09.15 - 09.30	Impact of severe obesity on the natural history of abdominal wall hernia repair: complications and outcomes	Davide Lomanto	Singapore
09.30 - 10.00	MODULE 2 - NON SURGICAL WEIGHT LOSS STRATEGY Moderators: Ana Carrasquilla (Costa Rica), Mariano Palermo (Argentina)		
09.30 - 09.45	Prehabilitation in patients with obesity candidates to Ventral hernia repair: evidence from RCT	Clara Pañella	Spain
09.45 - 10.00	Non surgical preoperative weight loss program in patients with severe obesity candidates for ventral hernia repair. What if options fail?	Jorge Esmeral	Costa Rica
10.00 - 11.00	MODULE 3 - TIMING OF SURGICAL PROCEDURE Moderators: Gianfranco Silecchia (Italy), Ramon Vilallonga (Spain)		
10.00 - 10.15	Timeframes of ventral hernia repair and bariatric surgery: National French Study	David Moszkowicz	France
10.15 - 10.30	Is concomitant ventral hernia repair and bariatric surgery safe? The evidence of USA MBSAQIP database	Benjamin Clapp	USA
10.30 - 10.45	Bariatric Surgery as first stage procedure in complex ventral hernia	Emanuele Lo Menzo	USA
10.45 - 11.00	Q&A		
11.00 - 11.30	Coffee break		

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM CAPUANA

11.30 - 13.00	MODULE 4 – THE BEST AVAILABLE TECHNICAL OPTIONS Moderators: Gianfranco Silecchia (Italy), Benjamin Clapp (USA)		
11.30 - 11.45	Incisional hernia prophylaxis in patients with obesity	Ahmad Aly	Australia
11.45 - 12.00	How to approach abdominal ventral hernia after Metabolic Bariatric Surgery: open, laparoscopic, robotic?	Rafael Villalobos	Spain
12.00 - 12.15	Complex hernias with loss of domain in patients with severe obesity: role of laparoscopic Sleeve Gastrectomy in a multi-step approach	Mariano Palermo	Argentina
12.15 - 12.30	Laparoscopic differed ventral hernia repair after bariatric surgery: when and how	Stefano Olmi	Italy
12.30 - 13.00	Q&A		
13.00 - 14.00	Lunch break		
14.00 - 14.45	MODULE 5 – THE REAL LIFE Moderators: Ana Carrasquilla (Costa Rica), Rossana Berta (Italy), Praveen Raj (India)		
14.00 - 14.15	What if prehabilitation and bariatric surgery fail?	Ahmad Aly	Australia
14.15 - 14.30	How to treat abdominal symptomatic/urgent ventral hernia in patients waiting for bariatric surgery?	Ashraf Haddad	Jordan
14.30 - 14.45	Abdominal hernia repair with concomitant abdominoplasty in patients post bariatric surgery	Antonio Iannelli	France
14.45 - 16.30	MODULE 6 – THIS IS MY CASE Moderators: Gianfranco Silecchia (Italy), Ana Carrasquilla (Costa Rica)		
14.45 - 15.15	Clinical case 1: Patient with acceptable weight loss	Rossana Berta	Italy
15.15 - 15.45	Clinical case 2: Patient with initial Sleeve and non-acceptable weight loss	Rossana Berta	Italy
15.45 - 16.25	Q&A and Panel Discussion		
16.25 - 16.30	FINAL REMARKS Ramon Vilallonga (Spain)		
16.30 - 17.00	Coffee break		

TUESDAY, 29 AUGUST

CONGRESS CENTRE FEDERICO II
ROOM B

PG COURSE THE IMPORTANCE OF MULTIDISCIPLINARY CARE IN OPTIMIZING METABOLIC AND BARIATRIC SURGERY OUTCOMES 09.00 - 16.30

Director: Mary O'Kane (UK)

Co-Directors: Yitka Graham (UK), Tracy Martinez (USA), Fausta Micanti (Italy)

09.00 - 09.10	WELCOME TO THE DAY Mary O'Kane (UK), Fausta Micanti (Italy)		
09.10 - 11.00	MODULE 1 – THE PATIENT EXPERIENCE Moderators: Yitka Graham (UK), Fausta Micanti (Italy)		
09.10 - 09.25	What can we learn from patients' experiences?	Violeta Moize	Spain
09.25 - 09.40	Addressing patients' expectations	Ken Clare	UK
09.40 - 09.55	Where is psychological input of most value – before bariatric surgery?	David Sarwer	USA
09.55 - 10.10	Where is psychological input of most value – after bariatric surgery?	Eugenia Romano	UK
10.10 - 10.25	Addictive behaviours – are they an issue for bariatric surgery?	Eva Martins Conceição	Portugal
10.25 - 10.40	Addictive behaviours – are they an issue for bariatric surgery?	Valentina Ivezaj	USA
10.40 - 11.00	Panel Discussion		
11.00 - 11.30	Coffee break		
11.30 - 13.00	MODULE 2 – NUTRITIONAL CONSIDERATIONS Moderators: Silvia Leite Faria (Brazil), Jumana Bashiti (Jordan)		
11.30 - 11.35	Welcome	Silvia Leite Faria	Brazil
11.35 - 11.50	Sarcopenia – is protein the answer to prevention?	Luigi Schiavo	Italy
11.50 - 12.05	Malabsorptive procedures – managing complex nutritional issues	Manisha Sharma	UK
12.05 - 12.20	Vitamin B12 and thiamine. Is there a link with depression and neurological disorders?	Silvia Leite Faria	Brazil
12.20 - 12.40	Small intestine bacterial overgrowth – the importance of detection and treatment	Julie Parrott	USA
12.40 - 13.00	Panel Discussion		
13.00 - 14.00	Lunch break		

TUESDAY, 29 AUGUST

CONGRESS CENTRE FEDERICO II
ROOM B

14.00 - 15.30 **MODULE 3 – CHALLENGING SURGICAL COMPLICATIONS: RECOGNITION, ASSESSMENT AND MANAGEMENT**
Moderators: Tracy Martinez (USA), Nate Sann (USA), Andrea Schroeder (New Zealand)

14.00 - 14.20 **Early Complications- cause, risk, assessment and treatment**

14.00 - 14.10 Post operative leak following Gastric Bypass and Sleeve Gastrectomy **Roberta Maselli** Italy

14.10 - 14.20 Intraluminal and extraluminal post operative hemorrhage **Alan Wittgrove** USA

14.20 - 15.00 **Late Complications - cause, assessment and treatment**

14.20 - 14.30 Internal Hernia **Nate Sann** USA

14.30 - 14.40 Marginal Ulcer **Andrea Schroeder** New Zealand

14.40 - 14.50 Afferent Limb **Tracy Martinez** USA

14.50 - 15.00 Helicobacter pylori - risks, diagnosis, treatment and follow up **Rossella Palma** Italy

15.00 - 15.30 **Round table**
Moderators: Tracy Martinez (USA), Nate Sann (USA)

15.30 - 16.30 **MODULE 4 – BARRIERS TO CURBING WEIGHT RECURRENCE
ROUND TABLE DISCUSSION**
Moderators: Mary O’Kane (UK), Fausta Micanti (Italy)

15.30 - 16.25 Discussion
Discussants: Manisha Sharma (UK), Ken Clare (UK), Jumana Bashiti (Jordan), Andrea Schroeder (New Zealand), Emilian Rejane Marcon (Brazil), Eugenia Romano (UK)

16.25 - 16.30 **CLOSING REMARKS**

16.30 - 17.00 Coffee break

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM VESUVIO

PG COURSE ENDOSCOPIC BARIATRIC SURGERY

09.00 - 16.30

Director: **Silvana Perretta (France)**

Co-Director: **Natan Zundel (USA)**

09.00 - 09.05 **WELCOME ADDRESSES**
Silvana Perretta (France), Natan Zundel (USA)

09.05 - 09.50 **MODULE 1 – ENDOSCOPIC TREATMENT OF BARIATRIC SURGERY COMPLICATIONS**
Moderators: Erik B. Wilson (USA), Silvana Perretta (France)

09.05 - 09.15 Endoscopic rescue of leaks, fistula and more **Erik B. Wilson** USA

09.15 - 09.30 Share your successes and failures
Experts Panel
Gianfranco Donatelli (Italy), Manoel Galvao Neto (Brazil), Silvana Perretta (France)

09.30 - 09.40 CBD stones management after GBP surgery **Gianfranco Donatelli** Italy

09.40 - 09.50 Endoscopic management of GERD after bariatric surgery: truth vs hype **Marina Kurian** USA

09.50 - 11.15 **MODULE 2 – PRIMARY ENDOSCOPIC BARIATRIC PROCEDURES: TECHNIQUES AND EVIDENCE**
Moderators: Roberta Maselli (Italy), Aayed Alqahtani (Saudi Arabia)

09.50 - 09.55 ESG: how I do it and why **Silvana Perretta** France

09.55 - 10.05 ESG: the science and the evidence **Barham Abu Dayyeh** USA

10.05 - 10.15 Modified transoral endoscopic gastric remodelling with the IOP platform 2.0: how I do it and why **Roman Turrò** Spain

10.15 - 10.25 Gastric plication with Endomina: technique and results to date **Ivo Boskoski** Italy

10.25 - 10.35 Endoscopic robotic suturing **Ivo Boskoski** Italy

10.35 - 10.45 ESG, Modified transoral endoscopic gastric remodelling with the IOP platform 2.0, Robotic endoscopy similarities and differences **Gontrand Lopez Nava** Spain

10.45 - 10.55 Is there still a place for intragastric balloons? Which patient? Which indication? **Alfredo Genco** Italy

10.55 - 11.05 Bypass with endoluminal linear magnets **Michel Gagner** Canada

11.05 - 11.15 Q&A

11.15 - 11.30 Coffee break

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM VESUVIO

11.30 - 12.05	MODULE 3 – ENDOSCOPIC REVISIONS AFTER BARIATRIC SURGERY Moderators: Michel Gagner (Canada), Natan Zundel (USA)		
11.30 - 11.40	Management of recurrent weight gain after GBP: APC, endoscopic sutures or both?	Manoel Galvao Neto	Brazil
11.40 - 11.55	Management of recurrent weight gain after Sleeve Gastrectomy: is there a role for endosuturing?	Luiz Gustavo de Quadros	Brazil
11.55 - 12.05	Surgical Revision after bariatric endoscopy: bridges and failures	Natan Zundel	USA
12.05 - 13.00	MODULE 4 – METABOLIC ENDOSCOPY STATE OF THE ART Moderators: Barham Abu Dayyeh (USA), Christine Stier (Germany)		
12.05 - 12.15	Endolumenal Treatment of Diabetes and Metabolic Diseases	Christopher Thompson	USA
12.15 - 12.25	Combination therapy	Anna Carolina Hoff	Brazil
12.25 - 12.40	Keynote Lecture Taking bariatric endoscopy to the next level	Abu Dayyeh Barham	USA
12.40 - 13.00	Final Discussion		
13.00 - 14.00	Lunch break		

ROOM PARTENOPE

14.00 - 17.00	HANDS ON Instructors: Gondrand Lopez-Nava (Spain), Anna Carolina Hoff (Brazil), Ivo Boskoski (Italy), Luiz Gustavo de Quadros (Brazil)

PG COURSE

GETTING YOUR RESEARCH PUBLISHED: WHAT THE YOUNG INVESTIGATOR NEEDS TO LEARN

09.00 - 16.30

Directors: Scott Shikora (USA), Jane Buchwald (USA), Maurizio De Luca (Italy)

09.00 - 09.05 WELCOME BY THE COURSE DIRECTORS

09.05 - 11.10 MODULE 1 – STARTING A RESEARCH PROJECT

09.05 - 09.20	The benefits of having an academic career	Eren Taskin	Turkey
09.20 - 09.35	Why write and publish an excellent research article?	Jane Buchwald	USA
09.35 - 09.50	Conducting a proper literature search	Michel Suter	Switzerland
09.50 - 10.05	Overview of research study designs	Maurizio De Luca	Italy
10.05 - 10.20	Collecting and analyzing the data	Jacques Himpens	Belgium
10.20 - 10.35	Obtaining funding	Yitka Graham	UK
10.35 - 10.50	Successfully working with the IRB	Mohammad Kermansaravi	Iran
10.50 - 11.00	Why should you need a mentor?	Adam Abu-Abeid	Israel
11.00 - 11.10	Panel Discussion		

11.10 - 11.30 Coffee break

11.30 - 13.00 MODULE 2 – WHY DO YOU NEED TO KNOW SOMETHING ABOUT STATISTICS

11.30 - 11.40	Why do we need statistics?	Wah Yang	China
11.40 - 12.00	An overview of basic statistics	Zvi Perry	Israel
12.00 - 12.15	Lies, damn lies and bad statistics	John Morton	USA
12.15 - 12.30	Power analysis – determining the size of N	Sjaak Pouwels	The Netherlands
12.30 - 12.45	Avoiding study bias	Maud Robert	France
12.45 - 13.00	Panel Discussion		

13.00 - 14.00 Lunch break

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM SANTA LUCIA

14.00 - 16.30 **MODULE 3 – WRITING A MANUSCRIPT WORTHY OF PUBLICATION**

14.00 - 14.15	GRADE methodology	Gianfranco Silecchia	Italy
14.15 - 14.30	Overview of manuscript components	Lilian Kow	Australia
14.30 - 14.45	The process of peer reviewing	Scott Shikora	USA
14.45 - 15.00	How many tables? How many figures?	Sonja Chiappetta	Italy
15.00 - 15.15	Ethics in research and publication	Gerhard Prager	Austria
15.15 - 15.30	Selecting the right journal for your manuscript	Francesco Rubino	UK
15.30 - 15.45	Addressing editorial feedback	Hazem Al Momani	UAE
15.45 - 16.00	Panel Discussion		

16.00 - 16.30 **CLOSING REMARKS**

16.30 - 17.00 Coffee break

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM SVEVA

PG COURSE BARIATRIC SURGERY REGISTRIES

09.00 - 16.30

Director: **Wendy Brown** (Australia)

Co-Directors: **Ronald Liem** (The Netherlands), **Giuseppe Navarra** (Italy)

09.00 - 09.05 **WELCOME AND INTRODUCTION**
Wendy Brown (Australia)

09:05 - 11:00 **MODULE 1 – WHAT CAN REGISTRIES OFFER?**
Moderators: Ricardo Cohen (Brazil), **Andrew Currie** (UK)

09.05 - 09.25	Using Registry data to improve patient care - can it be done?	John Morton	USA
09:25 - 09:45	Data is the issue! How do we ensure we have high quality data?	Johan Ottosson	Sweden
09.45 - 10.05	What are the barriers to an effective Registry?	Nasser Sakran	Israel
10.05 - 10.25	What about the patients? What is their role in Registries?	Claire De Vries	The Netherlands
10.25 - 11.00	Panel Discussion		

11.00 - 11.30 Coffee break

11.30 - 13.00 **MODULE 2 – TIPS AND TRICKS FOR STARTING AND MAINTAINING A REGISTRY**
Moderators: Jacques Himpens (Belgium), **Salman Al Sabah** (Kuwait)

11.30 - 11.50	Defining and staying true to your purpose	Giovanna Berardi	Italy
11.50 - 12.10	Resourcing the Registry - funds, staff, databases and beyond	Villy Vage	Norway
12.10 - 12.30	The importance of unified data & the IFSO Dataset project	Ronald Liem	The Netherlands
12.30 - 12.50	Good Governance: Relevant Reporting	Mehran Anvari	Canada
12.50 - 13.00	Discussion		

13.00 - 14.00 Lunch break

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM SVEVA

14.00 - 16.30	MODULE 3 – PRACTICALITIES OF STARTING A REGISTRY Moderators: Camilo Boza (Chile), Giuseppe Navarra (Italy)		
14.00 - 14.30	Data governance chain supporting Registry establishment	Wendy Brown	Australia
14.30 - 15.00	Setting up systems to support data collection and storage	Johan Ottosson	Sweden
15.00 - 15.30	Analysing, reporting and using Registry data	Amir Ghaferi	USA
15.30 - 16.00	What I wish I knew before we started our Registry	Salman Al Sabah	Kuwait
16.00 - 16.25	Discussion		
16.25 - 16.30	WRAP UP		
16.30 - 17.00	Coffee break		

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM ANGIOINA

PG COURSE ROBOTIC BARIATRIC SURGERY

09.00 - 16.30

Director: Marco Raffaelli (Italy)

Co-Director: Julio Teixeira (USA)

09.00 - 09.10	COURSE PRESENTATION Luigi Angrisani (Italy), Marco Raffaelli (Italy), Julio Teixeira (USA)		
09.10 - 11.00	MODULE 1 Moderators: Michel Vix (France), Robert Caiazzo (France)		
09.10 - 09.25	Basic principles and fundamentals of robotically assisted surgery	Marco Milone	Italy
09.25 - 09.40	Robotic in Bariatric Surgery: why? Rationale for changing habits	Julio Teixeira	USA
09.40 - 09.55	Robotic in Bariatric Surgery: Current evidence	Giampaolo Formisano	Italy
09.55 - 10.10	Robotic Sleeve Gastrectomy: tips and tricks	Muhammad A. Jawad	USA
10.10 - 10.25	Robotic RYGB: tips and tricks	Juan Azagra	Luxembourg
10.25 - 10.40	Robotic OAGB: tips and tricks	Arun Prasad	India
10.40 - 11.00	Q&A		
11.00 - 11.30	Coffee break		
11.30 - 13.00	MODULE 2 Moderators: Moataz Bashah (Qatar), Luigi Angrisani (Italy)		
11.30 - 11.45	Robotic sleeve	Antonio Vitiello	Italy
11.45 - 12.00	Robotic SADI-S: tips and tricks	Marco Raffaelli	Italy
12.00 - 12.15	Robotic BPD-DS: tips and trick	Rana Pullatt	USA
12.15 - 12.30	Revisional robotic bariatric surgery	Enrique F. Elli	USA
12.30 - 12.45	The choice of stapler: robotic vs laparoscopic	Carlos Vaz	Portugal
12.45 - 13.00	Q&A		
13.00 - 14.00	Lunch break		

TUESDAY, 29 AUGUST

HOTEL ROYAL CONTINENTAL
ROOM ANGIOINA

14.00 - 16.30 **MODULE 3**
Moderators: Adel Abou-Mrad (France), Rodolfo J. Oviedo (USA)

14.00 - 14.15	Complications of Robotic Bariatric procedures	Minoa Jung	Switzerland
14.15 - 14.30	Cost-effectiveness evaluation (versus laparoscopy)	Fabrizio Rebecchi	Italy
14.30 - 14.45	Selection of Robotic Bariatric Surgery Candidates	Mohit Bhandari	India
14.45 - 15.00	Why I choose Robotic platform for every procedure?	Juan Azagra	Luxembourg
15.00 - 15.15	Simulation, proctoring and learning curve	Giovanni Fantola	Italy
15.15 - 15.30	Assessment of surgical skill in robotic bariatric surgery	Julio Teixeira	USA
15.30 - 15.45	Trends in the Utilization of a Bariatric Robotic Approach	Ramon Vilallonga	Spain
15.45 - 16.00	Endoscopic Robotic Procedures	Ivo Boskoski	Italy
16.00 - 16.15	New robotic platforms and future perspectives	Marco Raffaelli	Italy
16.15 - 16.25	Q&A		

16.25 - 16.30 **CLOSING REMARKS**
Marco Raffaelli (Italy), Luigi Angrisani (Italy), Julio Teixeira (USA)

16.30 - 17.00 Coffee break

ALL OTHER PRIMARY PROCEDURES VS SLEEVE

09.00 - 10.30

Chair: Kelvin Higa (USA)

Moderators: Michel Gagner (Canada), Luigi Angrisani (Italy)

09.00 - 09.10	Results of the By-Band-Sleeve randomised trial	Jane M Blazeby	UK
09.10 - 09.20	Immediate postoperative results of the BEST trial, the Swedish RCT sleeve vs bypass	Torsten Olbers	Sweden
09.20 - 09.35	Discussion		
09.35 - 09.45	Banded Sleeve vs Sleeve	MAL Fobi	USA
09.45 - 09.55	Sleeve + Jejunal Bypass vs Sleeve	Surendra Ugale	India
09.55 - 10.05	OAGB vs Sleeve	Luigi Piazza	Italy
10.05 - 10.15	DS vs Sleeve	Caetano Marchesini	Brazil
10.15 - 10.30	Discussion		

10.30 - 11.00 Coffee break

RECURRENT WEIGHT GAIN AFTER RYGB

11.00 - 12.30

Chair: Alan Wittgrove (USA)

Moderators: Marco Anselmino (Italy), Michel Suter (Switzerland)

11.00 - 11.05	Welcome	Alan Wittgrove	USA
11.05 - 11.15	Patients work up for recurrent weight gain following RYGB	Alan Wittgrove	USA
11.15 - 11.25	Does pouch size really matter?	Ricardo Cohen	Brazil
11.25 - 11.35	Does reducing the anastomosis size help?	Caetano Marchesini	Brazil
11.35 - 11.50	When does distalization become an option?	Kelvin Higa	USA
11.50 - 12.05	Does increasing exercise and physical activity help?	Dale Bond	USA
12.05 - 12.20	When should weight loss medications be initiated?	Nasreen Alfaris	Saudi Arabia
12.20 - 12.30	Panel discussion Q&A		

RECURRENT WEIGHT GAIN AFTER OAGB

12.30 - 14.00

Chair: Rudolf Weiner (Germany)

Moderators: Jean Marc Chevallier (France), Ludovico Docimo (Italy)

12.30 - 12.45	Reports and experiences with recurrent weight gain after OAGB – Comparison to other surgical procedures	Karl Rheinwalt	Germany
12.45 - 13.00	Recurrent weight gain after OAGB: can it be treated by changing the nutrition?	Gurvinder S. Jammu	India

WEDNESDAY, 30 AUGUST

MEDITERRANEO BUILDING
THEATRE

13.00 - 13.15	Are there any influence of pouch-size and diameter of the gastro-ileostomy?	Kuldeepak Kular	India
13.15 - 13.30	Dilated gastric pouch resizing for recurrent weight gain after OAGB: our experiences	Jean Marc Chevallier	France
13.30 - 13.45	Recurrent weight gain after OAGB: Prolonging the biliopancreatic limb – the only one and dangerous solution?	Rui Ribeiro	Portugal
13.45 - 14.00	Round Table Discussion		

14.00 - 15.00 Lunch break

THE FAVORABLE IMPACT OF MBS ON CANCER: NEW ASMBS/IFSO GUIDELINES

15.00 - 16.30

Chair: Raul Rosenthal (USA)

Moderators: Chetan Parmar (UK), Matteo Muto (Italy), Francesco Selvaggi (Italy)

15.00 - 15.10	Systematic Review for the new ASMBS/IFSO Guidelines	Matteo Monami	Italy
15.10 - 15.20	Epidemiology of Obesity and Cancer	Raul Rosenthal	USA
15.20 - 15.30	Pathophysiology and genetics of Obesity and Cancer. Interaction of surgical induced weight loss and telomere length	John Morton	USA
15.30 - 15.40	Association of Bariatric Surgery With Cancer	Johan Ottosson	Sweden
15.40 - 15.50	Does Bariatric Surgery Decrease the incidence and mortality of associated Cancer? Results of the SPLENDID trial	Ali Aminian	USA
15.50 - 16.00	Risk of Gastrointestinal cancer after bariatric surgery	Lilian Kow	Australia
16.00 - 16.10	Bariatric Surgery in Patients with known malignancies. Which procedure to choose as a bridge to curative treatment?	Chetan Parmar	UK
16.10 - 16.30	Discussion		

16.30 - 17.00 Coffee break

WEDNESDAY, 30 AUGUST

“THE ROAD TO SATIETY”

UNDERSTANDING INTERRELATIONSHIPS OF BIOLOGY AND BEHAVIOUR IN APPETITE AND EATING REGULATION AFTER METABOLIC AND BARIATRIC SURGERY

09.00 - 10.30

Chair: Dale Bond (USA)

Moderators: Nasreen Alfaris (Saudi Arabia), Luca Busetto (Italy), Julie Parrott (USA)

09.00 - 09.20	Do post-surgical changes in gut hormones help control food intake and regulate energy balance?	Rachel Batterham	UK
09.20 - 09.40	Relationships between food variety, habituation, and appetite/eating regulation – implications for metabolic and bariatric surgery	Hollie Raynor	USA
09.40 - 10.00	Untangling the intertwined relationships of problematic eating behaviours, psychopathology, and body image shame after metabolic and bariatric surgery	Eva Martins Conceição	Portugal
10.00 - 10.20	Transcranial magnetic stimulation as an interventional tool for hedonic hunger and food cravings in metabolic and bariatric surgery patients: theory and application	Vaughn Steele	USA
10.20 - 10.30	Discussion		

10.30 - 11.00 Coffee break

PSYCHOSOCIAL ISSUES AND INTERVENTIONS IN PATIENTS UNDERGOING BARIATRIC SURGERY

11.00 - 12.30

Chair: Blanca Rios (Mexico)

Moderators: Yitka Graham (UK), Fausta Micanti (Italy), Silvia Savastano (Italy)

11.00 - 11.05	Introduction		
11.05 - 11.18	Psychological Intervention for body image post bariatric surgery	Blanca Rios	Mexico
11.18 - 11.20	Q&A		
11.20 - 11.33	Weight Stigma and bariatric surgery	Fausta Micanti	Italy
11.33 - 11.35	Q&A		
11.35 - 11.48	Developing a long-term community-based bariatric surgical follow up service: patient and professional perspectives	Yitka Graham	UK
11.48 - 11.50	Q&A		
11.50 - 12.03	The role of food addiction on sub-optimal weight loss and recurrent weight gain in bariatric surgery	Emanuela Bianciardi	Italy
12.03 - 12.05	Q&A		
12.05 - 12.18	Supporting adolescents in their bariatric surgery journey	Kajsa Jarvholm	Sweden
12.18 - 12.20	Q&A		
12.20 - 12.30	Discussion		

WEDNESDAY, 30 AUGUST

PAVILION 6
ROOM POSITANO

IFSO CHAPTERS CHAMPIONSHIP

12.30 - 14.00

Chairs: Rami Lutfi (USA), Camilo Boza (Chile), Muffazal Lakdawala (India)

Moderators: Ricardo Cohen (Brazil), Khaled Gawdat (Egypt), Ahmad Ali (Australia), Jaime Ponce (USA), Christine Stier (Germany)

The Teams	
NAC	Rachel Moore (USA), Helmuth Billy (USA), Rana Pullatt (USA)
EC	Sylvia Weiner (Germany), Paulina Salminen (Finland), David Nocca (France)
LAC	Mariano Palermo (Argentina), Ana Carrasquilla (Costa Rica), Natan Zundel (USA)
MENAC	Hazem Al Momani (UAE), Nesreen Khidir (Qatar), Ashraf Haddad (Jordan)
APC	Kazunori Kasama (Japan), Reza Adib (Australia), Wendy Brown (Australia)

14.00 - 15.00 Lunch break

ISPCOP SESSION

ANESTHESIA FOR BARIATRIC SURGERY, ROBOTS, ERABS AND ALL YOU NEED TO KNOW TO UPDATE YOUR PRACTISE IN 2023

15.00 - 16.30

Chair: Anupama N Wadhwa (USA)

Moderators: Giuseppe Marinari (Italy), Giuseppe Servillo (Italy)

15.00 - 15.15	The Role of Surgeon Applying Perioperative Analgesic Blocks In Bariatric Surgery	Faruq M. Badiuddin	UK
15.15 - 15.20	Q&A		
15.20 - 15.35	The Morbidly Obese Patient Undergoing Robotic Abdominal Surgery	Rainer Lenhardt	USA
15.35 - 15.40	Q&A		
15.40 - 15.55	Bariatric Anesthesia Literature that has changed my practice In the last decade	Adrian Sultana	Australia
15.55 - 16.00	Q&A		
16.00 - 16.15	What can we still improve from the new ERABS Guidelines based on a large survey from Bariatric Surgeons and Anesthesiologists?	Jan P. Mulier	Belgium
16.15 - 16.20	Q&A		
16.20 - 16.30	Chairperson's Roundup and Q&A with assembled panel		

WEDNESDAY, 30 AUGUST

BEST VIDEO CASE REPORTS 2022-2023

09.00 - 10.30

Chair: Ashraf Haddad (Jordan)

Moderators: Jan Willem Greve (The Netherlands), Almino Ramos (Brazil), Alan Saber (USA), Vincenzo Pilone (Italy)

2022			
09.00 - 09.07	Gastric Remnant Mucocele after Conversion of Vertical Band Gastroplasty to One Anastomosis Gastric Bypass: a Video Vignette	Mohammad Kermansaravi	Iran
09.07 - 09.10	Discussion		
09.10 - 09.17	Laparoscopic Gastric Bypass Conversion to SADI-S with Use of Indocyanine Green Fluoroscopy	Fabio Garofalo	Switzerland
09.17 - 09.20	Discussion		
09.20 - 09.27	Acute Parahialatal Hernia After Sleeve Gastrectomy: a Case Report	Mohamed Hany	Egypt
09.27 - 09.30	Discussion		
09.30 - 09.37	Endoscopic Kehr's T-Tube Placement to Treat Persistent Large Gastro-cutaneous Fistula After One Anastomosis Gastric Bypass: Video Demonstration	Niccolò Petrucciani	Italy
09.37 - 09.40	Discussion		
09.40 - 09.47	Anastomotic Gastro-Jejunal Ulcer Following One Anastomosis Gastric Bypass (OAGB): Laparoscopic Conversion to Resectional Roux-en-Y Gastric Bypass (R-RYGB)	Alexandra Ferreira	Portugal
09.47 - 09.50	Discussion		
2023			
09.50 - 09.57	Laparoscopic Repair of Type III Paraesophageal Hernia [PEH], Incidental Repair of Large, Incarcerated Retrocolic Mesocolon Hernia, and Hand-Sewn Revision of Recurrent Gastro-Jejunal Anastomotic Stricture After POSED Not Amenable to Endoscopic Dilatation and Stenting	Daniel Slack	USA
09.57 - 10.00	Discussion		
10.00 - 10.07	Laparoscopic Conversion of Open Vertical Banded Gastroplasty to Roux-en-Y Gastric Bypass with Resecting the Remnant Stomach	Fahime Yarigholi	Iran
10.07 - 10.10	Discussion		
10.10 - 10.17	Technical Aspects of Using a Second Magnetic Grasper to Improve the Surgical Field in Single Port Revisional Bariatric Surgery	Guillermo Borjas	Venezuela
10.17 - 10.20	Discussion		
10.20 - 10.27	Synchronous robotic hysterectomy plus sleeve gastrectomy for endometrial cancer in women with obesity: preliminary results	Paolo Bernante	Italy
10.27 - 10.30	Discussion		

BEST VCR 2023 VOTING

10.30 - 11.00 Coffee break

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM CAPRI

NEW TECHNOLOGIES – ARTIFICIAL INTELLIGENCE

11.00 - 12.30

Chair: Nicola Di Lorenzo (Italy)

Moderators: Lilian Kow (Australia), Ann Marie Rogers (USA)

11.00 - 11.15	Metaverse and surgery: serious thing or just a game for millennials?	Manish Chand	UK
11.15 - 11.30	How to start a digital health movement: steps to AI in surgery	Silvana Perretta	France
11.30 - 11.45	Artificial intelligence in laparoscopic simulation	Julian Varas	Chile
11.45 - 12.00	Patient-specific stomach biomechanics before and after bariatric surgery: computational models of surgical procedure	Ilaria Toniolo	Italy
12.00 - 12.15	Utility of blockchains in bariatric management	Francesco Maria Carrano	Italy
12.15 - 12.30	Discussion		

TOP PAPERS 1

12.30 - 14.00

Chair: Scott Shikora (USA)

Moderators: Miguel Herrera (Mexico), Marco A. Zappa (Italy)

12.30 - 12.37	Teleport your residents to the operating room from anywhere: Live streaming surgery of sleeve gastrectomies in immersive virtual reality	Alex Gandsas	USA
12.37 - 12.39	Discussion	Jacques Himpens	Belgium
12.39 - 12.46	Fetal growth and body composition in pregnancies after metabolic surgery: data from the AURORA prospective cohort	Dries Ceulemans	Belgium
12.46 - 12.48	Discussion	Mary O'Kane	UK
12.48 - 12.55	How Effective is Transversus Abdominis Plane (TAP) Block in Reducing Pain and Opioid Needs Following Bariatric Surgery?	Ciara Lopez	USA
12.55 - 12.57	Discussion	Kelvin Higa	USA
12.57 - 13.04	Bariatric Surgery Fellowship Training Programs: General Principles and the Saudi Experience	Mohammed Alnaami	Saudi Arabia
13.04 - 13.06	Discussion	Antonio Torres	Spain
13.06 - 13.13	Control of eating attributes and weight loss outcomes over one year after sleeve gastrectomy in people with severe obesity	Ellina Lytvyak	Canada
13.13 - 13.15	Discussion	Eva Martins Conceição	Portugal
13.15 - 13.22	Bariatric Surgery Reduces Major Adverse Kidney Events in Patients with Chronic Kidney Disease: A Multiple-Linked Database Analysis in a Universal Healthcare System	Yung Lee	Canada
13.22 - 13.24	Discussion	Marina Kurian	USA

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM CAPRI

13.24 - 13.31	De novo Gastroesophageal Reflux after Sleeve Gastrectomy; Correlation with Bougie Size and Stapling Distance from the Pylorus – a Systematic Review and Meta-analysis	Renato Roriz-Silva	Brazil
13.31 - 13.33	Discussion	Michel Gagner	Canada
13.33 - 13.40	Liver bacterial colonization in patients with obesity and gut dysbiosis	Lucia Paiano	Italy
13.40 - 13.42	Discussion	Silvia Leite Faria	Brazil
13.42 - 13.49	Use of Fluorescence Guided Gastric Calibration Tube to Improve Visualization during Sleeve Gastrectomy & Gastric Bypass	Salim Abunnaja	USA
13.49 - 13.51	Discussion	Raul Rosenthal	USA
13.51 - 13.58	The impact of bariatric surgery on maternal, fetal and infant outcomes: a population-based, matched cohort study	Aristithes Doumouras	Canada
13.58 - 14.00	Discussion	Nesreen Alfaris	Saudi Arabia

14.00 - 15.00 Lunch break

WORLD GASTROENTEROLOGY ORGANIZATION (WGO) SESSION Obesity and Liver Disease

15.00 - 16.30

Chairs: Guilherme Macedo (Portugal), Scott Shikora (USA)

15.00 - 15.10	Nutritional interventions in patients with liver disease and obesity	Violeta Moize	Spain
15.10 - 15.20	NASH and bariatric surgery	François Pattou	France
15.20 - 15.30	The issues of timing of bariatric surgery in the liver transplant setting	Rana Pullatt	USA
15.30 - 15.40	Why should we care about Hepatocellular carcinoma in NASH?	Guilherme Macedo	Portugal
15.40 - 15.50	Bariatric-metabolic surgery versus lifestyle intervention plus best medical care in non-alcoholic steatohepatitis (BRAVES): a multicentre, open label, randomised trial	Lidia Castagneto	Italy
15.50 - 16.30	Discussion		

WEDNESDAY, 30 AUGUST

PAVILION 6
ROOM SORRENTO

CLASS I AND II OBESITY: NEW ASMBS/IFSO GUIDELINES

09.00 - 10.30

Chair: Scott Shikora (USA)

Moderators: Abdelrahman Nimeri (USA), Fabrizio Pasanisi (Italy)

09.00 - 09.10	Systematic Review for the new ASMBS/IFSO Guidelines	Antonio Vitiello	Italy
09.10 - 09.20	MBS in Class I obesity in the Asian population	Asim Shabbir	Singapore
09.20 - 09.30	MBS Class I obesity in patients with type II DM	Francesco Rubino	UK
09.30 - 09.40	MBS Class II obesity without obesity complications: what's the evidence	Khaled Gawdat	Egypt
09.40 - 09.50	The case of expanding the guidelines of MBS for high-risk patients (elderly, transplant and Cardiac patients)	Wendy Brown	Australia
09.50 - 10.00	MBS options in a patient with Class I/II Obesity & a large abdominal wall hernia	Lilian Kow	Australia
10.00 - 10.10	The beneficial effects of MBS in preventing Cancer in patients with Class I/II obesity	Raul Rosenthal	USA
10.10 - 10.30	Discussion Discussants: Hazem Al Momani (UAE), Sylvia Weiner (Germany)		

10.30 - 11.00 Coffee break

HIGH RISK PATIENTS: CIRRHOSIS, CLASS V OBESITY (BMI >60), HEART & RENAL FAILURE: NEW ASMBS/IFSO GUIDELINES

11.00 - 12.30

Chair: Gerhard Prager (Austria)

Moderators: Abdelrahman Nimeri (USA), Pasquale Perrone Filardi (Italy)

11.00 - 11.10	Systematic Review for the new ASMBS/IFSO Guidelines	Giacomo Piatto	Italy
11.10 - 11.20	Liver Cirrhosis: (When) To operate or (Better) Not to Operate - That's the Question	Ali Aminian	USA
11.20 - 11.30	Metabolic/Bariatric Surgery (MBS) in BMI>60: Operation-Strategy and Perioperative Risk	Shanu Kothari	USA
11.30 - 11.40	Heartbroken? MBS and Implications on Heart Function	Lee Kaplan	USA
11.40 - 11.50	MBS as a bridge to Heart transplantation: Results, Limitations, Risks, Perspectives	Gerhard Prager	Austria
11.50 - 12.00	MBS and Kidney function: Can we prevent End Stage Renal Disease?	Raul Rosenthal	USA
12.00 - 12.10	MBS and Kidney transplantation: Timing, Outcome, Results	Ricardo Cohen	Brazil
12.10 - 12.30	Discussion		

WEDNESDAY, 30 AUGUST

PAVILION 6
ROOM SORRENTO

AGE >65 AND ADOLESCENTS: NEW ASMBS/IFSO GUIDELINES

12.30 - 14.00

Chair: Maurizio De Luca (Italy)

Moderators: Edo Aarts (The Netherlands), Sanjay Agrawal (UK)

Discussants: Mohammed Kermansaravi (Iran), Ramon Vilallonga (Spain), Catalin Copaescu (Romania), Alessio Corradi (Italy)

12.30 - 12.40	Older Population. Systematic review for the new ASMBS/ IFSO Guidelines	Giovanni Merola	Italy
12.40 - 12.45	Discussion		
12.45 - 12.55	Older Population. What the Guidelines don't say. Real life indications outside Guidelines	Abdelrahman Nimeri	USA
12.55 - 13.00	Discussion		
13.00 - 13.10	Older population. Management of Sarcopenia in Bariatric patients	Maurizio De Luca	Italy
13.10 - 13.15	Discussion		
13.15 - 13.25	Pediatric/Adolescents. Systematic review for ASMBS/ IFSO Guidelines	Giacomo Piatto	Italy
13.25 - 13.30	Discussion		
13.30 - 13.40	Pediatric/Adolescents. What the Guidelines don't say. Real life indications beyond the Guidelines	Juan Pujol	Spain
13.40 - 13.45	Discussion		
13.45 - 13.55	Pediatric/Adolescents and MBS. The best approach	Wendy Brown	Australia
13.55 - 14.00	Discussion		

14.00 - 15.00 Lunch break

WORLD OBESITY FEDERATION (WOF) SESSION Added Benefits of Surgery and New Pharmacotherapy in the Treatment of Obesity

15.00 - 16.30

Chair: Ricardo Cohen (Brazil)

Moderators: Luca Busetto (Italy), Dimitri Pournaras (UK)

15.00 - 15.15	Mechanisms of surgery	Alexander Miras	UK
15.15 - 15.25	Discussion		
15.25 - 15.40	Mechanisms of drugs	Carel le Roux	Ireland
15.40 - 15.50	Discussion		
15.50 - 16.05	Bodyfat set point theory when treating obesity as a disease	Lee Kaplan	USA
16.05 - 16.15	Discussion		
16.15 - 16.30	Panel discussion Discussants: Philip Schauer (USA), Francesco Rubino (UK)		

WEDNESDAY, 30 AUGUST

PAVILION 6
ROOM AMALFI

REVISIONAL BARIATRIC SURGERY PART I

09.00 - 10.30

Moderators: Alessandro Balani (Italy), Sanjay Agrawal (UK)

09.00 - 09.07	Revisional bariatric surgery procedures: 5-year experience in a single Brazilian SRC center	Ana Caroline Fernandes Fontinele	Brazil
09.07 - 09.14	Revisional bariatric surgery: Conversion from sleeve gastrectomy to Roux-en-Y Gastric Bypass, causes and results in our series	Carmen Rodríguez Haro	Spain
09.14 - 09.21	Bariatric reoperations – an ongoing survey from a high-volume center in Athens	Vasia Tseliou	Greece
09.21 - 09.28	Which is the most effective surgery after failed sleeve gastrectomy?	Mohit Bhandari	India
09.28 - 09.35	Short- and Long-term Impact of Second Bariatric-Metabolic Operations	Budour Alkaf	UAE
09.35 - 09.42	Laparoscopic revisions after open bariatric operations	Haider Alshurafa	Saudi Arabia
09.42 - 09.49	Effectiveness of One Anastomosis Gastric Bypass after failure of Laparoscopic Adjustable Gastric Banding - A cohort study	Idan Carmeli	Israel
09.49 - 09.56	Gastric bypass revisional surgery: Percentage excess weight loss differences among three different techniques	Arturo Estrada	USA
09.56 - 10.03	Is revisional bariatric surgery effective and safe?	Louise Lallemand	France
10.03 - 10.10	One-Anastomosis Gastric Bypass (OABG) Vs Single Anastomosis Duodeno-Ileal bypass (SADI) as revisional procedure following Sleeve Gastrectomy: results of a multicenter study	Marco Raffaelli	Italy
10.10 - 10.17	Revision of failed sleeve gastrectomy. A lesson learned	Adriana Rotundo	UAE
10.17 - 10.24	Bariatric Surgery and Weight Regain: A Bibliometric Analysis	Damla Seckin	Turkey
10.24 - 10.31	Gastric Twist after Sleeve Gastrectomy – an underestimated complication?	Nicoletta Basile	Italy

10.30 - 11.00 Coffee break

ERAMBS/MANAGEMENT AND INNOVATION

11.00 - 12.30

Moderators: Francesco Giuseppe Biondo (Italy), Adrian Sultana (Australia)

11.00 - 11.07	Results of the Survey of ERAS Peri-operative practices among Bariatric Surgeons and Anesthesiologists conducted by the IFSO ERAMBS Taskforce	Faruq Mohamed Badiuddin	UK
11.07 - 11.14	Randomized control trial comparing outcomes of enhanced recovery after bariatric surgery (ERABS) protocol in Roux-en Y Gastric Bypass (RYGB) patients in Indian subset of patients	Manish Khaitan	India

WEDNESDAY, 30 AUGUST

PAVILION 6
ROOM AMALFI

11.14 - 11.21	Results after implementation of ERABS protocol - 779 patients	Manuel Rodrigo Prieto Aldape	Mexico
11.21 - 11.28	Fast track bariatric surgery with excellent outcomes – the forerunner for day case bariatric surgery?	Vittal Rao	UK
11.28 - 11.35	Artificial intelligence based step recognition of sleeve gastrectomy, experience from one tertiary center	Danit Dayan	Israel
11.35 - 11.42	Spanish Experience with Latero-Lateral Duodeno-Ileostomy+Sleeve Gastrectomy with MAGNET System	Antonio Torres	Spain
11.42 - 11.49	Laparoscopic Partial Jejunal Diversion – mid term (5 & 7 years) effect on T2DM	Martin Fried	Czech Republic
11.49 - 11.56	Efficacy and Safety of Fondaparinux for Venous Thromboembolism prophylaxis in bariatric patients with different BMI	Bassem Abou Hussein	UAE
11.56 - 12.03	Identification of patients' needs in follow-up care after bariatric surgery	Freya Brodersen	Germany
12.03 - 12.10	The effect of progressive relaxation exercises on bariatric surgery period (prebari). Preliminary results of a prospective randomized controlled clinical trial	İsmail Çalikoğlu	Turkey
12.10 - 12.17	Don't fear the bleed: Assessing postoperative bleeding risk after instituting standardized prophylactic heparin use in bariatric surgery patients	Ryan Chin	USA
12.17 - 12.24	Preoperative GLP-1 Therapy in Indigenous Patients Undergoing Multidisciplinary Bariatric Care	Geoffrey Chow	USA

BIPARTITION/PLICATION/ROBOTIC SURGERY

12.30 - 14.00

Moderators: **Vincenzo Borrelli (Italy)**, **Mohammad Talebpour (Iran)**

12.30 - 12.37	Single anastomosis sleeve ileal bypass with 250 cm and 350 cm alimentary limb: to find the best decision	Mariia Miasnikova	Russian Federation
12.37 - 12.44	Comparison of the metabolic effects of Bipartition Transit (BPT) and Single anastomosis duodeno-ileal bypass (SADI-S) conversion in a minipig model	Agathe Remond	France
12.44 - 12.51	Effect of anti reflux suture on reflux incidence after laparoscopic gastric plication	Mohammad Talebpour	Iran
12.51 - 12.58	Slim-Toupet study: Fundoplication with gastroplication for severe reflux associated with mild obesity– Pilot clinical series	Ricardo Zorron	Germany
12.58 - 13.05	Risk factors for Early Readmission due to Marginal Ulcer after laparoscopic Roux-en-Y Gastric Bypass: a 2015-2021 MBSAQIP analysis	Enrique F. Elli	USA
13.05 - 13.12	Readmission and reoperation rate after laparoscopic versus robotic-assisted bariatric-metabolic surgery, should we still expect to get better?	Pauline Aeschbacher	USA
13.12 - 13.19	Outcome after 200 sleeves gastrectomy, robotic use only, without assistant trocar nor hepatic retractor. More advantages than disadvantages	Bruno Berthet	France
13.19 - 13.26	Perioperative Outcomes of Robotic and Laparoscopic Surgery in Patients with Severe Obesity	Cynthia Buffington	USA

WEDNESDAY, 30 AUGUST

PAVILION 6
ROOM AMALFI

13.26 - 13.33	Does robotic-assisted surgery improve the outcomes of revisional bariatric procedures?	Enrique F. Elli	USA
13.33 - 13.40	Outcomes following robotic versus laparoscopic Roux-en-Y gastric bypass surgery	Rachel Kwok	UK
13.40 - 13.47	Long-term effects of bariatric surgery vs standard care on insulin secretion and insulin sensitivity	Rami Archid	Germany
13.47 - 13.54	MAGDI: Side-to-side Linear Magnetic Duodeno-ileostomy for Obesity With Or Without Type 2 Diabetes Mellitus: A Multi-Institutional Study	Michel Gagner	Canada

14.00 - 15.00 Lunch break

SLEEVE GASTRECTOMY II

15.00 - 16.30

Moderators: **Marco Anselmino (Italy)**, **Estuardo Behrens (Guatemala)**

15.00 - 15.09	Robotic-assisted Gastric Band Removal with Conversion to Roux-en-Y Gastric Bypass	Enrique F. Elli	USA
15.09 - 15.18	Gastric band could be a valid option in liver cirrhotic patients with obesity- long term follow up: A case report	Aiman Ismaeil	Egypt
15.18 - 15.27	Innovative technique in conversion of one anastomosis gastric bypass to sleeve gastrectomy	Karim Abdelsamee	Egypt
15.27 - 15.36	Robotic Re-Sleeve gastrectomy for impossible Gastric Bypass Procedure Case report	Adel Abou-Mrad	France
15.36 - 15.45	Navigating the challenges of laparoscopic sleeve gastrectomy in a patient with situs invertus totalis	Mohammed Al Sibani	Oman
15.45 - 15.54	Transumbilical sleeve gastrectomy with an accessory lateral port	Eduardo Cardenas Meave	Mexico
15.54 - 16.03	Single-Port Sleeve Gastrectomy with parietal prophylactic mesh performed by a junior surgeon	Joseph Derienne	France
16.03 - 16.12	Management of a large subcardial diverticulum in sleeve gastrectomy: Technical tips	Francesco Frattini	Italy
16.12 - 16.21	Laparoscopic sleeve gastrectomy in a patient with severe Haemophilia A (Case Report)	Ibrahim Hassan	Kuwait

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM PROCIDA

METABOLIC SURGERY

09.00 - 10.30

Moderators: Merhan Anvari (Canada), Fabrizio Bellini (Italy)

09.00 - 09.07	A Narrative review of diagnosis and management of intractable gastro-oesophageal reflux after laparoscopic sleeve gastrectomy	Michael Talbot	Australia
09.07 - 09.14	Refractory Pain Post Roux-en Y Gastric Bypass: defining a management strategy	Patricia M Ortega	UK
09.14 - 09.21	Correlation of non-invasive investigations with liver biopsy in diagnosing the extent of fibrosis in patients with morbid obesity undergoing bariatric surgery	Sandeep Aggarwal	India
09.21 - 09.28	Evaluating non-alcoholic fatty liver disease (NAFLD) in a patient with obesity using transient elastography as a non-invasive tool	Mohammed Al Sibani	Oman
09.28 - 09.35	Liver fibrosis after duodenoileal diversion with self-assembling magnets results at 12 & 24 months	Rudolf Baron Buxhoeveden	Argentina
09.35 - 09.42	A closer look at the trend of biomarkers of Liver status after different types of bariatric surgeries	Farnaz Farsi	Iran
09.42 - 09.49	Bariatric Surgery Rapidly Reverses Nonalcoholic Fatty Liver Disease: Discrepancies in Histological Remission	Mengyi Li	China
09.49 - 09.56	Evaluation of non-invasive liver fibrosis scores after bariatric surgery	Francois Pattou	France
09.56 - 10.03	Sleeve Gastrectomy and Gastric Bypass in the Treatment of Nonalcoholic Fatty Liver Disease in Chinese patients with obesity	Guixiang Zhang	China
10.03 - 10.10	Concurrent Laparoscopic Sleeve Gastrectomy with Uvulopalatopharyngoplasty in the Treatment of Morbid Obesity Comorbid with Severe Obstructive Sleep Apnea: A Retrospective Cohort Study	Chengcan Yang	China
10.10 - 10.17	Significance of triglycerides to glucose index for assessing insulin resistance in type 2 diabetes: data following metabolic/bariatric surgery	Giovanni Adami	Italy
10.17 - 10.24	Gut microbiota and metabolic status shift after bariatric surgery: there is a difference between R-en-Y and One Anastomosis Gastric Bypass?	Cristian Eugeniu Boru	Italy
10.24 - 10.31	The Effects of Bariatric Surgery on Type 2 Diabetes and Hypertension in Korean patients with Obesity	Sol Lee	South Korea

10.30 - 11.00 Coffee break

ENDOSCOPIC PROCEDURES/SPECIAL INDICATIONS FOR MBS

11.00 - 12.30

Moderators: Paolo Bernante (Italy), Nesreen Khidir (Qatar)

11.00 - 11.07	Women in menopause are not so disadvantaged: Outcome of endoscopic sleeve gastrectomy based on fertility status	Maria Valeria Matteo	Italy
---------------	---	----------------------	-------

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM PROCIDA

11.07 - 11.14	Endoscopic Sleeve Gastrectomy: experience of a bariatric surgeon and mid-term results	Hugues Sebbag	France
11.14 - 11.21	Comparison of weight loss outcomes between endoscopic revision of endoscopic sleeve gastrectomy and laparoscopic sleeve gastrectomy	Rebecca Yao	USA
11.21 - 11.28	Redo Endoscopic Sleeve Gastrectomy (Re-ESG): the experience of a tertiary center	Maria Valeria Matteo	Italy
11.28 - 11.35	Endoscopic versus surgical gastrojejunum revision for weight regain in Roux-en-Y gastric bypass patients: A 30 Day UK Cost-consequence model	Devinder Bansal	UK
11.35 - 11.42	Outcomes of bariatric/metabolic surgery for morbidly obese adolescents: a multicenter study in Korea	Soo Min Ahn	South Korea
11.42 - 11.49	Effect of antrum size on GLP1 levels and glycemic control after sleeve gastrectomy in diabetic adolescents: the 5th year data	Ashraf Elattar	Egypt
11.49 - 11.56	Metabolic syndrome remission, five years after sleeve gastrectomy vrs one anastomosis gastric bypass for low BMI patients	Ricardo López Osorio	Guatemala
11.56 - 12.03	Bariatric and Metabolic Surgery in Patients with Low body mass index: An Online Survey of 543 Bariatric and Metabolic Surgeons	Shahab Shahabi	Iran
12.03 - 12.10	The future of patients with class 2 obesity without comorbidity (A one-year prospective follow-up study)	Ali Vahidirad	Iran
12.10 - 12.17	Sleeve gastrectomy versus roux-en-y gastric bypass for treating obesity in elderly patients: 3-year outcomes of a randomized trial	Anna Carolina Batista Dantas	Brazil
12.17 - 12.24	Outcomes of bariatric surgery in geriatric population (>65 years) compared to match adult cohorts in Indian subset of patients	Riddhish Gadani	India

NUTRITIONAL MANAGEMENT/NEW DRUGS

12.30 - 14.00

Moderators: Roberta Lupoli (Italy), Violeta Moize (Spain)

12.30 - 12.37	Continuous Glucose Monitoring to investigate chronic abdominal pain and gastrointestinal symptoms after Roux-en-Y Gastric bypass	Kirsti Kverndokk Bjerkan	Norway
12.37 - 12.44	The clinical significance of prior bariatric surgery in patients hospitalized with alcohol-related liver disease in regard to mortality and transplant listing	Louis Onghena	Belgium
12.44 - 12.51	Hypervitaminosis B6 in Australia: From clinical experience to government guidelines. Bariatric care team were a critical catalyst for change	Georgia Rigas	Australia
12.51 - 12.58	Naltrexone/Bupropion, Liraglutide or Semaglutide as Adjuvant Therapy after Bariatric-Metabolic Surgery	Anthony Brancatisano	Australia
12.58 - 13.05	The Effect of Botulinum Toxin A on Leptin, Ghrelin, Insulin, Glucagon, and Oxidative Stress in Diet-induced Obesity Rat Model	Sertaç Ata Güler	Turkey

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM PROCIDA

13.05 - 13.12	Gut Microbiota and its Potential Role in Improving Metabolic Outcomes of Bariatric Surgery	Mahsa Hatami	Iran
13.12 - 13.19	Effectiveness of Semaglutide for the Management of Weight following Sleeve Gastrectomy and Intra Gastric Balloon Therapy	Mohammad Jamal	Kuwait
13.19 - 13.26	A review of 5:2 intermittent fasting, alternate day fasting, and time restricted fasting for the management of obesity	Prashant Patel	UK
13.26 - 13.33	The Degree of Preoperative Hypoalbuminemia is Associated with Risk of Postoperative Complications in Metabolic & Bariatric Surgery Patients	Grace Chao	USA
13.33 - 13.40	Prevalence of Nutritional Deficiencies: Pre and Post Bariatric Metabolic Surgery Among the Indian Population	Daksha Chitale	India
13.40 - 13.47	Extreme tiredness in bariatric surgery patients postoperatively leading to weight gain and hospital admissions – watch out!	Naveed Hossain	UK
13.47 - 13.54	Vitamin D deficiency, secondary hyperparathyroidism and severe obesity. Normalization of parathyroid hormone levels by adapted vitamin D therapy before bariatric surgery	Theresa Schmies	Germany

14.00 - 15.00 Lunch break

PERIOPERATIVE MANAGEMENT

15.00 - 16.30

Moderators: Alan Wittgrove (USA), Luigi Schiavo (Italy)

15.00 - 15.07	Impact of Preoperative Obesity Medication Use on Bariatric Surgery Outcomes	Therese Coleman	Ireland
15.07 - 15.14	Outcomes and satisfaction after the use of a mobile health application after bariatric surgery	Isabelle Debergh	Belgium
15.14 - 15.21	Reduction of opioid consumption after the implementation of Enhanced Recovery After Surgery (ERAS) Protocol to an established Bariatric Surgical Program	Anthony Gonzalez	USA
15.21 - 15.28	Short-term results of the pilot project aimed at optimizing the care of bariatric patients in the perioperative period	Barbara Habrat	Poland
15.28 - 15.35	Freedom of Choice in the United States: Patient autonomy is driving decision-making	Rami Lutfi	USA
15.35 - 15.42	Organising a Bariatric-Center: A Swiss Perspective	Georgios Peros	Switzerland
15.42 - 15.49	Laparoscopic-assisted transversus abdominis plane block versus port-site infiltration with local anesthetics in bariatric surgery: a double-blind randomized controlled trial	Antonietta Petrusic	Switzerland
15.49 - 15.56	Patient's perspective on follow-up care after bariatric surgery in Germany	Jonas Wagner	Germany

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM PROCIDA

15.56 - 16.03	Use of a vacuum mattress during Laparoscopic Sleeve Gastrectomy reduces the incidence of rhabdomyolysis and acute renal failure - case-matched study	Mateusz Wierdak	Poland
16.03 - 16.10	A blinded randomized control trial of the effect of Aprepitant for nausea and vomiting following sleeve gastrectomy	Iván González-Barajas	Mexico
16.10 - 16.17	Correlation Between Serum Superoxide Dismutase and Thyroid Function Before and After Laparoscopic Sleeve Gastrectomy	Hui You	China
16.17 - 16.24	Weight loss following semaglutide use in patients with type 2 diabetes who have had bariatric surgery: a retrospective study	Matthew Allum	UAE

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM ISCHIA

REVISIONAL BARIATRIC SURGERY PART II

09.00 - 10.30

Moderators: Sultan Al Temyatt (Saudi Arabia), Ugo Bardi (Italy)

09.00 - 09.07	Laparoscopic bariatric surgery after endoscopic sleeve gastroplasty: Is it more difficult?	Kiara Sejfullai	Italy
09.07 - 09.14	Single Anastomosis Procedures (SADI-S vs OAGB-MGB) as Revisional for Weight Regain after Sleeve Gastrectomy	Fakhar Shahid	Qatar
09.14 - 09.21	Outcomes following Reoperative Bariatric Surgery following Laparoscopic Sleeve Gastrectomy at a tertiary care centre	Vitish Singla	India
09.21 - 09.28	Revisional one-step bariatric surgical techniques after laparoscopic gastric band failure: a retrospective cohort study with 2-year follow-up	Bart Torensma	The Netherlands
09.28 - 09.35	Flattery: Safety and effectiveness of conversion from non-responding sleeve gastrectomy to banded Roux-en-Y Gastric Bypass	Kayleigh van Dam	The Netherlands
09.35 - 09.42	Pouch revision in combination with Minimizer placement as revisional procedure in patients with insufficient weight loss/weight recurrence post-RYGB (REPOBA)	Sophie van Helmond	The Netherlands
09.42 - 09.49	Management of gastroesophageal reflux disease post bariatric surgery using linx: One year outcomes	Hussam Adi	Saudi Arabia
09.49 - 09.56	Conversion of sleeve gastrectomy to Roux-en-Y gastric bypass: Different strategies for obese and non-obese Asian patients	Owaid Almalki	Saudi Arabia
09.56 - 10.03	Antrectomy as a rescue anti-reflux procedure following Roux-en-y gastric bypass for post-sleeve gastrectomy reflux	Andrea Boerkamp	Australia
10.03 - 10.10	Gastroesophageal Reflux Disease as an Indication of Revisional Bariatric Surgery-Indication and Results-a Systematic Review and Metanalysis	Alfonso Bosco	Italy
10.10 - 10.17	LINX magnetic sphincter augmentation placement for management if post-sleeve gastrectomy gastro-esophageal reflux: a meta-analysis	Andrew Currie	UK
10.17 - 10.24	Safety and efficacy of Roux-en-Y gastric bypass as revisional bariatric surgery after failed anti-reflux surgery: a systematic review	Nadia De Falco	Italy

10.30 - 11.00 Coffee break

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM ISCHIA

SLEEVE GASTRECTOMY I

11.00 - 12.30

Moderators: Sergio Aparicio (Bolivia), Giovanna Berardi (Italy)

11.00 - 11.07	Multicentric international study to evaluate performance and safety of laparoscopic adjustable gastric banding (Heliogast)	Marcello Schiavo	Italy
11.07 - 11.14	The impact of the bougie size and the extent of antral resection on weight-loss and postoperative complications following sleeve gastrectomy: results from the Scandinavian Obesity Surgery Registry	Saif Al-Tai	Sweden
11.14 - 11.21	Morbidity-Mortality at 30 days of the Nissen Sleeve. National multicenter study	Claire Blanchard	France
11.21 - 11.28	Effectiveness and applicability of the early recovery protocol in sleeve gastrectomy; Randomised-controlled trial	Muhammed Taha Demirpolat	Turkey
11.28 - 11.35	Meta-analysis of long-term de novo acid reflux related outcomes following sleeve gastrectomy: Routine post-operative endoscopic surveillance is unnecessary	Nader Ghassemi	UK
11.35 - 11.42	Could glycated hemoglobin be leakage predictor in Sleeve Gastrectomy?	Stefano Olmi	Italy
11.42 - 11.49	Single Port Sleeve Gastrectomy : Experience after 3000 procedures	Hadrien Tranchart	France
11.49 - 11.56	Long-term outcomes of sleeve gastrectomy for severe obesity in Korea	Sang-Moon Han	South Korea
11.56 - 12.03	Why laparoscopic sleeve gastrectomy can go so wrong	Philomena Hutter	Austria
12.03 - 12.10	Feasibility and Safety of Laparoscopic 3-port Sleeve Gastrectomy in Asian Populations with Obesity	Sang Hyun Kim	South Korea
12.10 - 12.17	Reliability of Serosal Vascular Markings as an Anatomical Landmark During Sleeve Gastrectomy: A Prospective Observational Study	Yu Wei Lee	Malaysia
12.17 - 12.24	Effectiveness of Sleeve Gastrectomy Plus Fundoplication versus Sleeve Gastrectomy alone for Treatment of Severe Obesity: A Systematic Review and Meta-analysis	Jing Hong Loo	Singapore
12.24 - 12.31	Assessment of the effectiveness of laparoscopic sleeve gastrectomy in treating metabolic syndrome in patients over 50 years old	Aleksander Lukaszewicz	Poland

SPECIAL INDICATIONS/AMBULATORY BARIATRIC SURGERY

12.30 - 14.00

Moderators: Juan Azagra (Luxembourg), Massimiliano Di Paola (Italy)

12.30 - 12.37	Comparing the Safety and Efficacy of Sleeve Gastrectomy vs. Roux-en Y Gastric Bypass in Elderly (>60 Years) with Severe Obesity	Mohammad Kermansaravi	Iran
---------------	---	-----------------------	------

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM ISCHIA

12.37 - 12.44	The Impact of Bariatric Surgery on Cardiovascular Disease in Patients with Pulmonary Hypertension: A National Inpatient Sample Study	Soheil Ahmadyar	Iran
12.44 - 12.51	A novel modified four port laparoscopic cholecystectomy technique in patients with obesity to improve operative challenges and abdominal wall outcomes: A retrospective cohort comparison study	Daniela Prce	UK
12.51 - 12.58	Challenges in managing abdominal wall hernia with obesity	Rajesh Kumar Shrivastava	India
12.58 - 13.05	Is it wise to advocate Bariatric surgery for patients with end stage liver disease and severe obesity?	Amanda Belluzzi	Italy
13.05 - 13.12	Ambulatory bariatric surgery is safe and feasible. Experience from a high volume bariatric center	Luciano Deluca	Argentina
13.12 - 13.19	Same-Day Discharge After Laparoscopic Roux-en-Y Gastric Bypass: a Cohort of 500 Consecutive Patients	Suzanne Kleipool	The Netherlands
13.19 - 13.26	Leveraging Industry Resources to Build a Successful Outpatient Center for Bariatric Surgery	Vishal Kudav	USA
13.26 - 13.33	Ambulatory Bariatric Surgery: When is it feasible? Our preliminary experience in over 250 patients	Matías Sosa	Argentina
13.33 - 13.40	Bariatric Surgery in Turkey: A Warning Regarding the Quality of Online Patient Information	Charlotte Whitton	UK
13.40 - 13.47	The acceptability and feasibility of 3d reconstruction and virtual reality in addressing body image in bariatric surgery	Nazrin Assaf	UK
13.47 - 13.54	Enhanced Recovery After Bariatric Surgery (ERABS) in Developing Countries	Yasser Al-Gburi	Iraq

14.00 - 15.00 Lunch break

GERD AND HIATAL HERNIA/SWALLABLE AND INTRAGASTRIC BALLOONS

15.00 - 16.30

Moderators: Moataz Bashah (Qatar), Fabio Cesare Campanile (Italy)

15.00 - 15.07	Toupet vs Nissen fundoplication associated to Sleeve Gastrectomy: An Initial Experience	Rossella Palma	Italy
15.07 - 15.14	Impact of Nissen Sleeve gastrectomy on on the incidence and remission of Barrett oesophagus in the long term	Pierre Brinas	France
15.14 - 15.21	Long-term Outcomes after Sleeve Gastrectomy with Anterior Hemifundoplication	Jorgen Ferguson	Australia
15.21 - 15.28	Efficacy of Sleeve Gastrectomy with Concomitant Hiatal Hernia Repair Or Sleeve Fundoplication for Gastroesophageal Reflux Disease	Maria Francesca Russo	Italy
15.28 - 15.35	Feasibility and safety of revisional surgery after endoscopic bariatric procedures	Rossella Palma	Italy
15.35 - 15.42	Resolution of Diabetes with Swallowable Balloon Therapy	Mohit Bhandari	India

WEDNESDAY, 30 AUGUST

PAVILION 4
ROOM ISCHIA

15.42 - 15.49	The effects of different types of intragastric balloon on weight loss	Ali Durmuş	Turkey
15.49 - 15.56	The swallowable gastric balloon: global experience in 5003 consecutive patients - the largest gastric balloon study in the world	Roberta Ienca	Italy
15.56 - 16.03	Swallowable intragastric balloons: First Argentinian experience	Mariano Palermo	Argentina
16.03 - 16.10	Revisional surgery following Endoscopic Sleeve Gastroplasty	Sergio Carandina	Italy
16.10 - 16.17	Pharmacological prophylactic protocol for prevention of postoperative nausea and vomiting after Endoscopic Sleeve Gastrectomy	Loredana Gualtieri	Italy
16.17 - 16.24	The POSE-2 procedure for obesity: a safe and effective treatment option	Marijn Jense	The Netherlands

THURSDAY, 31 AUGUST

MEDITERRANEO BUILDING
THEATRE

GERD AND HIATAL HERNIA – PREOPERATIVE ASSESSMENT

08.30 - 10.00

Chair: Ralph Peterli (Switzerland)

Moderators: Dieter Birk (Germany), Paola Iovino (Italy)

08.30 - 08.40	GERD, HH and Obesity	Michel Suter	Switzerland
08.40 - 09.10	Preoperative investigations (gastroscopy; HRM) before bariatric surgery		
08.40 - 09.00	PROS	Antonella Santonicola Rossella Palma	Italy
09.00 - 09.10	CONS	Estuardo Behrens	Guatemala
09.10 - 09.30	Barium-meal and/or CT scan before MBS: is there still a role?		
09.10 - 09.20	PROS	Ninh Nguyen	USA
09.20 - 09.30	CONS	Surendra Ugale	India
09.30 - 09.50	Results of preoperative investigations before Sleeve Gastrectomy: the Basel experience	Marco Kraljevic	Switzerland
09.50 - 10.00	Discussion		

10.00 - 10.30 Coffee break

INTRAOPERATIVE DIAGNOSIS AND TECHNIQUE FOR HIATAL HERNIA REPAIR

10.30 - 12.00

Chair: Mario Morino (Italy)

Moderators: Ahmad Aly (Australia), Giovanni Camerini (Italy)

10.30 - 10.42	Routine preoperative diagnosis of hiatal hernia: is it useful?	Fabrizio Rebecchi	Italy
10.42 - 10.45	Discussion		
10.45 - 10.57	Intraoperative criteria to proceed to a repair	Gianfranco Silecchia	Italy
10.57 - 11.00	Discussion		
11.00 - 11.12	Sleeve vs Bypass: different attitudes?	Ahmad Aly	Australia
11.12 - 11.15	Discussion		
11.15 - 11.27	The role of mesh reinforcement	Benjamin Clapp	USA
11.27 - 11.30	Discussion		
11.30 - 11.42	Hiatal Hernia & REDO bariatric surgery	Ramon Vilallonga	Spain
11.42 - 11.45	Discussion		
11.45 - 12.00	Final Discussion		

THURSDAY, 31 AUGUST

MEDITERRANEO BUILDING
THEATRE

SLEEVE IN GERD: CURRENT OPTIONS

12.00 - 13.30

Chair: Luigi Angrisani (Italy)

Moderators: Peng Zhang (China), Antonio Iannelli (France)

12.00 - 12.10	Sleeve gastrectomy and oesophageal physiology: a complex relationship	Silvana Perretta	France
12.10 - 12.20	Closure of Hiatal Hernia with esophageal fixation. Durability?	Catalin Copaescu	Romania
12.20 - 12.30	Magnetic sphincter augmentation for sleeve, latest results, but erosion, now what?	Camilo Boza	Chile
12.30 - 12.40	Partial fundoplication (anterior), is there a role?	Gianmattia Del Genio	Italy
12.40 - 12.50	Toupet-sleeve, an option in case of preoperative GERD	Philippe Hauters	Belgium
12.50 - 13.00	Nissen Sleeve vs Toupet Sleeve	Rossella Palma	Italy
13.00 - 13.10	Long Term results of Sleeve-Rossetti	Stefano Olmi	Italy
13.10 - 13.20	Complications of Nissen-Sleeve and how to avoid them	David Nocca	France
13.20 - 13.25	Discussion and Q&A		
13.25 - 13.30	Adjourn		

13.30 - 14.30 Lunch break

GERD AND/OR INTRATORACIC MIGRATION/BARRETT AFTER SLEEVE

14.30 - 16.00

Chair: Jacques Himpens (Belgium)

Moderators: Alfredo Genco (Italy), Ninh Nguyen (USA)

14.30 - 14.42	When should LSG be revised (versus: when stay conservative); to which construction should LSG be converted?	Javier Osorio	Spain
14.42 - 14.45	Q&A		
14.45 - 14.57	Hill's antireflux procedure	Villy Vage	Norway
14.57 - 15.00	Q&A		
15.00 - 15.12	Are there any surgical techniques to prevent GERD after LSG?	Ninh Nguyen	USA
15.12 - 15.15	Q&A		
15.15 - 15.27	What is the clinical relevance of chronic reflux and Barrett's esophagus after LSG?	Torsten Olbers	Sweden
15.27 - 15.30	Q&A		
15.30 - 15.42	Should hiatus be dissected in all patients submitted to LSG or is this overtreatment?	Daniel Moritz Felsenreich	Austria
15.42 - 15.45	Q&A		
15.45 - 15.57	A technique of dissecting the hiatus during LSG without causing significant damage	Jacques Himpens	Belgium
15.57 - 16.00	Q&A		

THURSDAY, 31 AUGUST

MEDITERRANEO BUILDING
THEATRE

16.00 - 16.30 Coffee break

RECURRENT WEIGHT GAIN AFTER SLEEVE

16.30 - 18.00

Chair: Lilian Kow (Australia)

Moderators: Almino Ramos (Brazil), Luigi Piazza (Italy)

16.30 - 16.40	Introduction	Lilian Kow	Australia
16.40 - 17.05	Debate Sleeve Gastrectomy is doomed to fail as a stand alone procedure		
16.40 - 16.50	For	Khaled Gawdat	Egypt
16.50 - 17.00	Against	Sylvia Weiner	Germany
17.00 - 17.02	Rebuttal		
17.02 - 17.05	Moderators' Response		
17.05 - 17.30	Debate Recurrent weight gain after Sleeve Gastrectomy: is it the patient's fault?		
17.05 - 17.15	For	Giovanni Casella	Italy
17.15 - 17.25	Against	Asim Shabbir	Singapore
17.25 - 17.27	Rebuttal		
17.27 - 17.30	Moderators' Response		
17.30 - 17.55	Debate Recurrent weight gain after Sleeve Gastrectomy		
17.30 - 17.40	For: Is conversion or revision surgery the answer?	Jacob Chisholm	Australia
17.40 - 17.50	Against: Lifestyle modification can be preventative for recurrent weight gain ?	David Sarwer	USA
17.50 - 17.52	Rebuttal		
17.52 - 17.55	Moderators' Response		
17.55 - 18.00	Conclusions		

THURSDAY, 31 AUGUST

MEDITERRANEO BUILDING
ROOM ITALIA

ORGAN TRANSPLANTATION: LIVER, KIDNEY, HEART, LUNG. NEW ASMBS/IFSO GUIDELINES

08.30 - 10.00

Chair: Marina Kurian (USA)

Moderators: Marco Bueter (Switzerland), Roberto Troisi (Italy)

08.30 - 08.33	Introduction	Marina Kurian	USA
08.33 - 08.36	Systematic Review for the new ASMBS/IFSO Guidelines	Angelo Iossa	Italy
08.36 - 08.46	Critical management aspects of bariatric surgery in Transplant patients	Gerhard Prager	Austria
08.46 - 08.56	Obesity surgery in NAFLD: call for a liver transplant?	Anja Geerts	Belgium
08.56 - 09.06	Heart and Lung Transplantation and Bariatric Surgery	Corrigan McBride Aguilar	USA
09.06 - 09.16	Bariatric Surgery Considerations in Renal Transplantation	Nestor De La Cruz Munoz	USA
09.16 - 09.26	Robotic kidney transplant in obesity level I and II recipients	Gianluca Rompianesi	Italy
09.26 - 09.36	Liver Transplantation and Nuances with Bariatric Surgery	Rana Pullatt	USA
09.36 - 09.46	Pancreas/Small Intestine Transplantation and Pitfalls	Matias Sepulveda	Chile
09.46 - 10.00	Discussion and Q&A		

10.00 - 10.30 Coffee break

ABDOMINAL HERNIA: NEW ASMBS/IFSO GUIDELINES

10.30 - 12.00

Chair: Giampiero Campanelli (Italy)

Moderators: Michele Santangelo (Italy), Sylvia Weiner (Germany)

10.30 - 10.40	Systematic Review for the new ASMBS/IFSO Guidelines	Sonja Chiappetta	Italy
10.40 - 10.50	Emergency Approach	Fabio Cesare Campanile	Italy
10.50 - 11.00	1 time possibility: when and why	Emanuele Lo Menzo	USA
11.00 - 11.10	LAP IPOM: when and how	Shashank Shah	India
11.10 - 11.20	Robotic Extraperitoneal approach: when and how	Rossana Berta	Italy
11.20 - 11.30	How to manage recurrences and complications	Rajesh Shrivastava	India
11.30 - 12.00	Discussion Discussants: Sanjay Agrawal (UK), Umberto Bracale (Italy), Diego Cuccurullo (Italy), Ruggero Lionetti (Italy), Karl Miller (Austria)		

THURSDAY, 31 AUGUST

MEDITERRANEO BUILDING
ROOM ITALIA

TRANSIT BIPARTITION SAGI, SASI, SADI

12.00 - 13.30

Chair: Antonio Torres (Spain)

Moderators: Tarek Mahdy (Egypt), Sergio Santoro (Brazil)

12.00 - 12.08	Transit Bipartition: Concept and Physiology	Sergio Santoro	Brazil
12.08 - 12.16	Single Anastomosis Duodeno-Ileal with Sleeve (SADI-S)	Marco Raffaelli	Italy
12.16 - 12.24	Single Anastomosis Sleeve-Ileal (SASI)	Tarek Mahdy	Egypt
12.24 - 12.32	Single Anastomosis Gastro-Ileal (SAGI)	Maurizio De Luca	Italy
12.32 - 12.40	Sleeve Gastrectomy with Jejunal Bypass (SGJB)	Matias Sepulveda	Chile
12.40 - 12.48	Magnetic Duodenal Bipartition	Michel Gagner	Canada
12.48 - 12.56	Laparoscopic Partial Jejunal Diversion	Martin Fried	Czech Republic
12.56 - 13.20	Panel discussion Discussants: Rui Ribeiro (Portugal), Omar Ghanem (USA), Nicola Di Lorenzo (Italy), Helmuth Billy (USA)		
13.20 - 13.30	Open discussion		

13.30 - 14.30 Lunch break

SUBOPTIMAL RESPONSE TO MBS OR RECURRENT WEIGHT GAIN: NEW ASMBS/IFSO GUIDELINES

14.30 - 16.00

Chair: Jaime Ponce (USA)

Moderators: Rosario Bellini (Italy), Philip Schauer (USA)

14.30 - 14.40	Systematic Review for the new ASMBS/IFSO Guidelines	Antonio Vitiello	Italy
14.40 - 14.50	Introduction	Jaime Ponce	USA
14.50 - 15.00	How do we define Recurrent Weight Gain or Suboptimal Weight Loss?	Jan Willem Greve	The Netherlands
15.00 - 15.10	Where do we draw the line to define a non-responder?	Lee Kaplan	USA
15.10 - 15.20	Use of Pharmacotherapy to rescue recurrent weight gain after bariatric surgery	Marina Kurian	USA
15.20 - 15.30	Revisional surgery after Sleeve for recurrent weight gain: to what? when?	Philip Schauer	USA
15.30 - 15.40	Revisional surgery after Bypass for recurrent weight gain: to what? when?	Muffazal Lakdawala	India
15.40 - 15.55	Discussion and Q&A		
15.55 - 16.00	Adjourn		

16.00 - 16.30 Coffee break

THURSDAY, 31 AUGUST

MEDITERRANEO BUILDING
ROOM ITALIA

COMORBIDITIES AND MORTALITY IMPROVEMENT: NEW ASMBS/IFSO GUIDELINES

16.30 - 18.00

Chair: Caetano Marchesini (Brazil)

Moderators: Ali Aminian (USA), Giuseppe Navarra (Italy)

16.30 - 16.40	Systematic Review for the new ASMBS/IFSO Guidelines	Maurizio De Luca	Italy
16.40 - 16.50	Long-term all-cause and cause-specific mortality improvement after bariatric surgery	John Morton	USA
16.50 - 16.53	Discussion		
16.53 - 17.03	Factors related to weight loss maintenance in the medium-long term after bariatric surgery	Rachel Moore	USA
17.03 - 17.06	Discussion		
17.06 - 17.16	It's not only about high blood pressure. Bariatric surgery and cardiovascular diseases	Carel le Roux	Ireland
17.16 - 17.19	Discussion		
17.19 - 17.29	Beyond glycemic control: Bariatric surgery and Metabolic Syndrome	Lee Kaplan	USA
17.29 - 17.32	Discussion		
17.32 - 17.42	The impact of bariatric surgery in cancer risk and its treatment	Rami Lutfi	USA
17.42 - 17.45	Discussion		
17.45 - 17.55	Long-term mortality and bone fractures up to 38 years after surgery in a retrospective cohort	Lance Davidson	USA
17.55 - 17.58	Discussion		
17.58 - 18.00	Final remarks		

THURSDAY, 31 AUGUST

PAVILION 6
ROOM POSITANO

WHAT I LEARNED FROM PATIENTS THAT CHANGED OUR PRACTICE

08.30 - 10.00

Chair: **Andrea Schroeder** (New Zealand)

Moderators: **Richa Jaiswal** (India), **Poonam Shah** (India), **Manisha Sharma** (UK)

08.30 - 08.45	Preparation of patients with BMI above 100 - How we do it!	Radhika Milind Shah	India
08.45 - 09.00	Counselling Gen Z: How should it be different?	Jumana Bashiti	Jordan
09.00 - 09.15	What I learned from my patients that really changed our practice: It was never about the food	Andrea Schroeder	New Zealand
09.15 - 09.30	What I have learned from bariatric patients about their mind and behaviors?	Sami Schiff	Italy
09.30 - 09.45	Promoting physical activity after bariatric surgery: worth the weight?	Leah Schumacher	USA
09.45 - 10.00	Discussion		

10.00 - 10.30 Coffee break

PHYSICAL ACTIVITIES - THE WHOLE DAY MATTERS

10.30 - 12.00

Chair: **Andrea Ermolao** (Italy)

Moderators: **Dale Bond** (USA), **Emilian Rejane Marcon** (Brazil), **Guido Iaccarino** (Italy)

10.30 - 10.35	Introduction	Andrea Ermolao	Italy
10.35 - 10.50	What are 24-hour movement guidelines? Background and rationale	Aur�lie Baillot	Canada
10.50 - 11.05	24-hour movement behaviours, obesity and cardiometabolic risk	Louisa Herring	UK
11.05 - 11.20	Role of chronotype in physical activity, sedentary behaviour, and sleep among individuals with obesity	Giovanna Muscogiuri	Italy
11.20 - 11.35	Supervised exercise: how and why	Emilian Rejane Marcon	Brazil
11.35 - 12.00	Discussion		

SURGICAL MALPRACTICE - HOW TO REDUCE YOUR RISK

12.00 - 13.30

Chair: **Salman Al Sabah** (Kuwait)

Moderators: **Nicola Basso** (Italy), **Scott Shikora** (USA)

12.00 - 12.15	The History of Medical Liability: Where did it come from and where is it heading?	Henry Buchwald	USA
12.15 - 12.30	Medical Liability in Italy "Walking through the Malpractice process"	Dina Cavalli	Italy

THURSDAY, 31 AUGUST

PAVILION 6
ROOM POSITANO

12.30 - 12.40	Lessons learned from the ASMBS Closed Claims Registry	John Morton	USA
12.40 - 12.50	Learning from malpractice in bariatric surgery	Ramon Vilallonga	Spain
12.50 - 13.00	Practice behaviour that reduces the likelihood of being sued	Hazem Al Momani	UAE
13.00 - 13.10	New technologies/procedures and medical liability	Erik B. Wilson	USA
13.10 - 13.30	Panel Discussion and Q&A	Salman Al Sabah	Kuwait

13.30 - 14.30 Lunch break

T2 DIABETES: SURGERY VERSUS MEDICINE OR SURGERY WITH MEDICINE?

14.30 - 16.00

Chair: **Carel le Roux** (Ireland)

Moderators: **Annamaria Colao** (Italy), **Dimitri Pournaras** (UK)

14.30 - 14.35	Introduction of the session	Carel le Roux	Ireland
14.35 - 14.45	Gravitas randomized controlled trial: adding drugs after suboptimal glycaemic control with gastric bypass	Alexander Miras	UK
14.45 - 14.55	Discussion		
14.55 - 15.05	STAMPEDE randomized controlled trial: adding drugs after suboptimal glycaemic control with sleeve gastrectomy	Philip Schauer	USA
15.05 - 15.15	Discussion		
15.15 - 15.25	MOMS randomized controlled trial: adding drugs to bypass to reduce complications of type 2 diabetes	Ricardo Cohen	Brazil
15.25 - 15.35	Discussion		
15.35 - 15.45	ByPlus randomized controlled trial: what have we learnt from cancer surgery?	Dimitri Pournaras	UK
15.45 - 16.00	Discussion		

16.00 - 16.30 Coffee break

JEOPARDY SESSION - BARIATRIC SURGERY QUIZ, FELLOWS VS CONSULTANTS

16.30 - 18.00

Chair: **Osama Hamed** (Jordan)

Judges: **Hazem Al Momani** (UAE), **Camilo Boza** (Chile), **Marina Kurian** (USA), **Muffazal Lakdawala** (India), **Rossella Palma** (Italy)

Come and test your knowledge of Metabolic Bariatric Surgery and Obesity in "Jeopardy Style". A Quiz competition that reverses the traditional question-and-answer format: we will give you the answer and you will formulate the question. Who will win: Fellows or Consultants?

THURSDAY, 31 AUGUST

PAVILION 4
ROOM CAPRI

PRIMARY ENDOSCOPIC PROCEDURES

08.30 - 10.00

Chair: Christine Stier (Germany)

Moderators: Mohit Bhandari (India), Roberta Maselli (Italy)

08.30 - 08.40	Endoscopic procedures: from training to clinical application	Silvana Perretta	France
08.40 - 08.50	The mode of action of ESG is superior to conservative therapy. From physiology to MERIT results	Barham Abu Dayyeh	USA
08.50 - 09.00	Is the ESG the one appropriate solution in the treatment of adolescents with obesity?	Aayed Alqahtani	Saudi Arabia
09.00 - 09.10	Primary obesity surgery endoluminal Transoral Endoscopic Gastroplasty. Development of technology from Transoral Endoscopic Gastroplasty1 to 2 and 3, because we have understood the mode of action	Sigh Pichamol Jirapinyo	USA
09.10 - 09.20	The swallowable balloon – professional treatment of obesity or preventive life style intervention that anyone can apply?	Mohit Bhandari	India
09.20 - 09.30	Evolution of endoscopic small bowel interventions: from Duodenojejunal Bypass Liner to Duodenal Resurfacing to endoscopic bypass procedures?	Manoel Galvao Neto	Brazil
09.30 - 09.40	Endoscopic third space applications for the treatment of endoscopy	Christopher Thompson	USA
09.40 - 10.00	Discussion		

10.00 - 10.30 Coffee break

REVISIONAL ENDOSCOPIC PROCEDURES

10.30 - 12.00

Chair: Mohit Bhandari (India)

Moderators: Manoel Galvao Neto (Brazil), Giovanni De Palma (Italy)

10.30 - 10.40	Addressing the elephant in the room - recurrent weight gain after bariatric surgery and limitation of revisional bariatric surgery	Mohit Bhandari	India
10.40 - 10.50	Can endoscopic suturing alter the natural fate of gastric sleeve - options to manage sleeve weight recidivism?	Barham Abu Dayyeh	USA
10.50 - 11.00	The good, bad and ugly of our sleeve - leak, stricture, stenosis, and bleed - what do we do with the scope to mend it	Manoel Galvao Neto	Brazil
11.00 - 11.10	Can we make Roux en Y bypass a better-looking procedure after years of recurrent weight gain by endoscopic intervention?	Ricardo Zorron	Germany
11.10 - 11.20	Endoscopic options to manage recurrent weight gain after OAGB - are you surprised?	Aayed Alqahtani	Saudi Arabia

THURSDAY, 31 AUGUST

PAVILION 4
ROOM CAPRI

11.20 - 11.30	Long terms outcomes after endoscopic revisions for recurrent weight gain after bariatric surgery-rinsing the data and putting the evidence	Christine Stier	Germany
11.30 - 11.40	Can endoscopy manage severe dumping and bile reflux after conventional and one anastomosis bypass - technique and data?	Christopher Thompson	USA
11.40 - 12.00	Panel Discussion Discussants: Kelvin Higa (USA), MAL Fobi (USA), Manoel Galvao Neto (Brazil), Barham Abu Dayyeh (USA), Lee Kaplan (USA)		

ENDOSCOPIC SLEEVE GASTROPLASTY (ESG): STATE OF THE ART

12.00 - 13.30

Chair: Barham Abu Dayyeh (USA)

12.00 - 12.40	STATE OF THE ART - UPDATE Moderator: Giovanni De Palma (Italy)		
12.00 - 12.08	ESG: State of the evidence	Erik B. Wilson	USA
12.08 - 12.16	ESG: IFSO Guidelines	Christine Stier	Germany
12.16 - 12.24	ESG: Innovations and Future Applications	Barham Abu Dayyeh	USA
12.24 - 12.32	ESG: A tool for the surgeon, how to incorporate in surgical practice	Natan Zundel	USA
12.32 - 12.40	ESG and Obesity Pharmacotherapy: a Match Made in Heaven	Rachel Moore	USA
12.40 - 13.05	ESG ACROSS THE IFSO CHAPTERS: OUTCOMES AND LIMITATIONS Moderator: Marina Kurian (USA)		
12.40 - 12.45	ESG in North America	Christopher Thompson	USA
12.45 - 12.50	ESG in Asia Pacific	Mohit Bhandari	India
12.50 - 12.55	ESG in Europe	Gontrand Lopez Nava	Spain
12.55 - 13.00	ESG in Middle East and North Africa	Aayed Alqahtani	Saudi Arabia
13.00 - 13.05	ESG in Latin America	Manoel Galvao Neto	Brazil
13.05 - 13.30	Panel discussion and perspectives: Discussants: Maryam Al Khatry (UAE), Rakesh Kalapala (India), Roman Turrò (Spain), Leena Khaitan (USA), Victoria Gomez (USA), Mousa Khoursheed (Kuwait)		

13.30 - 14.30 Lunch break

THURSDAY, 31 AUGUST

PAVILION 4
ROOM CAPRI

MANAGEMENT OF COMPLICATIONS: ENDOSCOPY INCLUDED

14.30 - 16.00

Chair: Nesreen Khidir (Qatar)

Moderators: Gianfranco Donatelli (Italy), Mousa Khoursheed (Kuwait)

14.30 - 14.42	Technical tips to manage intra-operative surprises: misfire, massive bleeding, gastric tube stapling	Hayssam Fawal	Lebanon
14.42 - 14.54	Leaks after sleeve gastrectomy. Endoluminal treatment options: stents, internal drainage, e-vac and septotomy. The role of each modality	Nasser Sakran	Israel
14.54 - 15.06	Gastrojejunal/ gastrocolic and gastrogastic fistula. Challenges to diagnose and treat	Helmuth Billy	USA
15.06 - 15.18	Laparoscopic Sleeve Gastrectomy After Endoscopic Sleeve Gastropasty: technical tips to avoid complications	Aayed Alqahtani	Saudi Arabia
15.18 - 16.00	Debate Management of post sleeve GERD in people without obesity		
15.18 - 15.30	The role of Stretta, linx and OAGB	Mohammed Kermansaravi	Iran
15.30 - 15.42	Is RYGB the best treatment?	Natan Zundel	USA
15.42 - 16.00	Discussion and Q&A		

16.00 - 16.30 Coffee break

SPECIAL CASES REPORTS (in Mandarin)

16.30 - 18.00

Chair: Cunchuan Wang (China)

Moderators: Wei Jei Lee (Taiwan), Jingang Liu (China)

16.30 - 16.35	Welcome and Opening	Cunchuan Wang	China
16.35 - 16.50	Special Case Report 1		
16.35 - 16.40	Chronic gastric leakage with gallstone after SG+JJB was converted to RYGB+LC	Zhiyong Dong	China
16.40 - 16.50	Discussion Discussants: Jingang Liu (China), Hui Liang (China)		
16.50 - 17.05	Special Case Report 2		
16.50 - 16.55	Revisional surgery after SADI-S due to hypoproteinemia	Tao Jiang	China
16.55 - 17.05	Discussion Discussants: Tan Chun Hai (Singapore), Wei Jei Lee (Taiwan), Liyong Zhu (China)		
17.05 - 17.20	Special Case Report 3		
17.05 - 17.10	Revisional surgery after SG due to gastric migration	Peng Zhang	China
17.10 - 17.20	Discussion Discussants: Simon Wong (Hong Kong-China), Jingge Yang (China), Zefeng Xia (China)		

THURSDAY, 31 AUGUST

PAVILION 4
ROOM CAPRI

17.20 - 17.35	Special Case Report 4		
17.20 - 17.25	Conversion of SG to RYGB due to esophageal hiatal hernia or pre-treatment of gastric fistula with band erosion	Bing Wang	China
17.25 - 17.35	Discussion: Discussants: Jiangfan Zhu (China), Yong Wang (China), Guanglong Dong (China)		
17.35 - 17.50	Special Case Report 5		
17.35 - 17.40	Conversion of RYGB to RYGB+incisional hernia repair due to weight loss failure+incisional hernia	Hua Meng	China
17.40 - 17.50	Discussion Discussants: Quiyan Yao (China), Shen Qu (China), Kaixiong Tao (China), Xiaocheng Zhu (China)		
17.50 - 18.00	Closing remarks	Cunchuan Wang	China

THURSDAY, 31 AUGUST

PAVILION 6
ROOM SORRENTO

TOP PAPERS 2

08.30 - 10.00

Chair: Henry Buchwald (USA)

Moderators: Khaled Gawdat (Egypt), Mirto Foletto (Italy)

08.30 - 08.37	Small Bowel Obstruction after laparoscopic Roux-en-Y gastric bypass secondary to hemobezoar at the jejuno-jejunal anastomosis	Jaya Sai Varre	USA
08.37 - 08.39	Discussion	Scott Shikora	USA
08.39 - 08.46	Predicting Chronic B1 Deficiency and Suboptimal B1 Monitoring in Patients with Metabolic and Bariatric Surgery	Julie Parrott	USA
08.46 - 08.48	Discussion	Violeta Moize	Spain
08.48 - 08.55	Long-term results from the Swiss multicenter randomized controlled trial that compares laparoscopic Roux-en-Y gastric bypass (LRYGB) with laparoscopic sleeve gastrectomy (LSG) for patients with obesity	Marko Kraljevic	Switzerland
08.55 - 08.57	Discussion	Natan Zundel	USA
08.57 - 09.04	Robotic Conversion of Sleeve Gastrectomy and Incidentally Found Jejunio-Ileal (JI) Bypass to Roux-en-Y Gastric Bypass (RYGB)	Dennis Smith	USA
09.04 - 09.06	Discussion	Jaime Ponce	USA
09.06 - 09.13	Long-term Cancer Outcomes After Four Bariatric Surgical Procedures	Lance Davidson	USA
09.13 - 09.15	Discussion	Jean Marc Chevallier	France
09.15 - 09.22	Improving Equity of Access to a Publicly Funded Bariatric Surgery Programme by Removal of Mandatory Weight Loss Targets	Nicholas Evennett	New Zealand
09.22 - 09.24	Discussion	Luca Busetto	Italy
09.24 - 09.31	Management of leak by intraoperative megastent insertion during revisional bariatric metabolic surgery - A Case Report	Mohamed Hany	Egypt
09.31 - 09.33	Discussion	Ahmad Aly	Australia
09.33 - 09.40	10 years of the One Anastomosis Gastric Bypass: A Single. Centre Experience	Aya Musbahi	UK
09.40 - 09.42	Discussion	Lilian Kow	Australia
09.42 - 09.49	One-Anastomosis Transit Bipartition (OATB): mid-term results	Rui Ribeiro	Portugal
09.49 - 09.51	Discussion	Almino Ramos	Brazil
09.51 - 09.58	The need for standardised postoperative care for patients undergoing bariatric and metabolic surgery in the UK	Shiela Lee	UK
09.58 - 10.00	Discussion	Tracy Martinez	USA
10.00 - 10.07	Wilkie syndrome after gastric bypass. How to suspect it?	Estibaliz Alvarez Peña	Spain
10.07 - 10.09	Discussion	Ricardo Cohen	Brazil

10.00 - 10.30 Coffee break

THURSDAY, 31 AUGUST

PAVILION 6
ROOM SORRENTO

IMPLEMENTATION OF ASMBS/IFSO GUIDELINES AT NATIONAL LEVEL. IMPROVE ACCESS TO CARE WORLDWIDE

10.30 - 12.00

Chairs: Luigi Angrisani (Italy), Scott Shikora (USA)

10.30 - 11.10	Introduction:		
10.30 - 10.40	Benefit and need for bariatric surgery	Nicola Di Lorenzo	Italy
10.40 - 10.50	New ASMBS/IFSO Guidelines on Indications for Metabolic and Bariatric Surgery. The USA experience	Scott Shikora	USA
10.50 - 11.00	How to implement the new Guidelines and improve access to care in the Italian NHS. Cost utility of bariatric surgery	Maurizio De Luca	Italy
11.00 - 11.10	Results of the IFSO Survey on penetration of ASMBS/IFSO guidelines and coverage of MBS worldwide	Juan Pujol	Spain
11.10 - 11.40	Invited Speeches by: On. Anna Maria Bernini, Italian Minister of University and Research On. Vincenzo De Luca, President of Campania Region Prof. Enrico Coscioni, President National Agency for Regional Health Services (AGENAS)		
11.40 - 12.00	Panel discussion: - Payer Barriers, National Health Service and Private Insurance - Proposed solutions <i>Panelists: Maurizio De Luca (Italy), Paulina Salminen (Finland), Reza Adib (Australia), Rachel Batterham (UK)</i>		

BANDED PROCEDURES

12.00 - 13.30

Chair: Jan Willem Greve (The Netherlands)

Moderators: MAL Fobi (USA), Paolo Gentileschi (Italy), Joerg Zehetner (Switzerland)

12.00 - 12.12	Comparison of Sleeve Volume Between Banded and Non-banded Sleeve Gastrectomy: Midterm Effect on Weight and Food Tolerance - a Retrospective Study	Mohamed Hany	Egypt
12.12 - 12.24	Convincing Ten-Year Follow-up Results of the Banded Roux-en-Y Gastric Bypass	Marijn Jense	The Netherlands
12.24 - 12.36	5 year RCT outcomes Banded RYGB vs RYGB	Eric J. Hazebroek	The Netherlands
12.36 - 12.48	Surgical Technique for Recurrent Weight Gain after Roux-en-Y Gastric Bypass: Pouch - resizing with Gastric Ring	Daniel Moritz Felsenreich	Austria
12.48 - 13.00	Banded Sleeve Gastrectomy vs Non Banded Sleeve Gastrectomy, a 5 year update of an RCT	Jodok Fink	Germany
13.00 - 13.12	Re Sleeve Gastrectomy with Ring	Bart Torensma	The Netherlands
13.12 - 13.30	Discussion		

13.30 - 14.30 Lunch break

THURSDAY, 31 AUGUST

PAVILION 6
ROOM SORRENTO

JOINT ARTHROPLASTY: NEW ASMBS/IFSO GUIDELINES

14.30 - 16.00

Chair: Harry Frydenberg (Australia)

Moderators: Juan Pujol (Spain), Donato Rosa (Italy)

14.30 - 14.45	Systematic Review for the new ASMBS/IFSO Guidelines	Salvatore Tolone	Italy
14.45 - 15.00	Overweight and spine function	Mario Muto	Italy
15.00 - 15.15	Shoulder Arthroplasty in people with obesity. Timing in the candidate to obesity surgery	Raffaele Russo	Italy
15.15 - 15.30	Knee Arthroplasty before or after bariatric surgery	Giovanni Balato	Italy
15.30 - 15.45	Does preoperative Bariatric Surgery reduce the need for Total knee Replacement Operations?	Wendy Brown	Australia
15.45 - 16.00	Panel Discussion and Q&A		

16.00 - 16.30 Coffee break

IFSO EUROPEAN CHAPTER SESSION

Evidence Based Medicine – Top European Bariatric and Metabolic Surgery Science

16.30 - 18.00

Chairs: Jean Marc Chevallier (France), Nicola Di Lorenzo (Italy)

16.30 - 16.44	Long-term (10-y) results of the SM-BOSS trial (unpublished data)	Ralph Peterli	Switzerland
16.44 - 16.48	Discussion		
16.48 - 17.02	Effect of Laparoscopic Sleeve Gastrectomy vs. Roux-en-Y Gastric Bypass on Weight Loss, Comorbidities, and Reflux at 10 years in Adults patients with Obesity - The SLEEVEPASSS Randomized Clinical Trial (JAMA Surg. 2022;157(8):656-666)	Paulina Salminen	Finland
17.02 - 17.06	Discussion		
17.06 - 17.20	Short and mid-term results of the Oseberg study - Gastric Bypass vs. Sleeve Gastrectomy in patients with type 2 diabetes: a single-centre, triple-blind, randomized controlled trial (Lancet Diabetes Endocrinol 2019; 7:912-24)	Dag Hofsvø	Norway
17.20 - 17.24	Discussion		
17.24 - 17.38	Bariatric Surgery Provides Long-term Resolution of Nonalcoholic Steatohepatitis and Regression of Fibrosis (Gastroenterology 2020 Oct;159(4):1290-130)	Francois Pattou	France
17.38 - 17.42	Discussion		
17.42 - 17.56	BARI-OPTIMISE: a Double-blinded, Randomised, Placebo-controlled Trial of Liraglutide 3.0 mg in Patients With Poor Weight-loss and a Suboptimal Glucagon-like Peptide-1 Response Following Bariatric Surgery (Unpublished data)	Rachel Batterham	UK
17.56 - 18.00	Discussion		
18.00 - 18.15	Data on 110,000 bariatric procedures from the European Accreditation Council (EAC) Center Of Excellence (COE) Program	John Melissas	Greece
18.15 - 18.20	Discussion		

THURSDAY, 31 AUGUST

PAVILION 6
ROOM AMALFI

SLEEVE GASTRECTOMY/RYGB/OAGB I

08.30 - 10.00

Moderators: Cosimo Callari (Italy), Helmuth Billy (USA)

08.30 - 08.37	Impact of bariatric surgery on depression and body image: short-term results	Francesco Olandese	Italy
08.37 - 08.44	Frequency of clinically significant findings in the surgical pathology specimen following laparoscopic sleeve gastrectomy: Insights from a large single-center experience	Christopher Owen	USA
08.44 - 08.51	Staple-line suture reinforcement: Could it help contain the leak?	Giovanna Pavone	Italy
08.51 - 08.58	Sleeve gastrectomy performed by proctored senior resident: is it safe?	Antonio Salzano	Italy
08.58 - 09.05	Laparoscopic Sleeve Gastrectomy and Endoscopic Sleeve Gastroplasty: comparative study on the effectiveness in the treatment of obesity	Voltjan Sula	Italy
09.05 - 09.12	Staple line reinforcement during Sleeve Gastrectomy with SeamGuard: single center retrospective case-control study over a 5 years period	Antonio Vitiello	Italy
09.12 - 09.19	Impaired Sensitivity to Thyroid Hormones Is Associated with Elevated Serum Uric Acid in Female Patients with Obesity and is Improved after Laparoscopic Sleeve Gastrectomy	Xin Wen	China
09.19 - 09.26	Changes in oesophageal transit, macro-reflux events and gastric emptying correlate with improvements in gastro-intestinal symptoms and food tolerance early post sleeve gastrectomy	Anagi Wickremasinghe	Australia
09.26 - 09.33	HIV, Obesity, and Sleeve Gastrectomy: A 4 Year Sharp Increase in Bariatric Cases	George E Woodman	USA
09.33 - 09.40	Long-term outcomes of One-Anastomosis Gastric Bypass and Sleeve Gastrectomy as a revision after Laparoscopic adjustable gastric banding	Adam Abu Abeid	Israel
09.40 - 09.47	The effect of the biliopancreatic limb in Roux-en-Y gastric bypass surgery on weight loss and comorbidity improvement at 5 years: a population based matched cohort study	Floris Bruinsma	The Netherlands
09.47 - 09.54	10-year outcomes after Roux-en-Y Gastric Bypass: Weight development, obesity-related diseases and complications	Monica Chahal-Kummen	Norway

10.00 - 10.30 Coffee break

COMPLICATIONS MANAGEMENT/ROBOTIC SURGERY

10.30 - 12.00

Moderators: Jerome Dargent (France), Errico Facchiano (Italy)

10.30 - 10.39	Three port robotic sleeve gastrectomy combined with hiatal hernia and modified Hill repair	Michael Talbot	Australia
---------------	--	----------------	-----------

THURSDAY, 31 AUGUST

PAVILION 6
ROOM AMALFI

10.39 - 10.48	Sleeve gastrectomy using a fully robotic three-port approach and without liver retractor	Jordi Tarasco	Spain
10.48 - 10.57	Indocyanin green use during gastric bypass revision for gastrogastic fistula. Fistula identification	Clara Pañella	Spain
10.57 - 11.04	Early Bowel Obstruction post RY Gastric Bypass	Hussam Adi	Saudi Arabia
11.04 - 11.13	Anterior abdominal wall hernia should be repaired during bariatric surgery	Mohammed Al Emadi	Qatar
11.13 - 11.22	Laparoscopic salmon gastroplasty conversion into Roux-en-Y Gastric Bypass	María Iraola Fernández de Casadevante	Spain
11.22 - 11.31	Sleeve twist vs stricture: Intraoperative endoscopy	Rami Lutfi	USA
11.31 - 11.40	Small Intestine Obstruction after Roux-en-Y Gastric Bypass due to orange fruit	Renato Roriz-Silva	Brazil
11.40 - 11.49	Reversal of Roux-en-y gastric bypass for recurrent cholangitis	Sofie Viskens	Belgium
11.49 - 11.58	LABG to LSG to OAGB to undoing to laparoscopic sleeve gastrectomy to manage bloating and diarrhea	Ahmed Abdelsalam	Egypt

ADVANCING RIGOR AND INNOVATION OF INTEGRATED HEALTH BARIATRIC SURGERY RESEARCH

12.00 - 13.30

Chair: **Silvia Leite Faria (Brazil)**

Moderators: **David Sarwer (USA), Dale Bond (USA), Luca Busetto (Italy), Mary O'Kane (UK)**

12.00 - 12.10	A Dutch survey on medication adjustments after bariatric surgery: experiences of bariatric surgeons, internists, pharmacists and general practitioners	Cedric Lau	The Netherlands
12.10 - 12.15	Q&A		
12.15 - 12.25	Evaluation of the Incidence of Low Testosterone levels in young male adults with severe Obesity – Single Centre Study from India	Radhika Shah	India
12.25 - 12.30	Q&A		
12.30 - 12.40	Short term impact of bone mineral density following robotic one anastomosis gastric bypass surgery (OAGB): 2 -Years Outcomes	Deeba Siddiqui	India
12.40 - 12.45	Q&A		
12.45 - 12.55	Prevalence and risk factors of migraine in a clinic-based sample of patients pursuing surgical or medical treatment for obesity	Devika Umashanker	USA
12.55 - 13.00	Q&A		
13.00 - 13.30	Judges score and select the winner		

13.30 - 14.30 Lunch break

THURSDAY, 31 AUGUST

PAVILION 6
ROOM AMALFI

REVISIONAL SURGERY FOR REFLUX/GERD AND MALNUTRITION

14.30 - 16.00

Moderators: **Henry Buchwald (USA), Marcello Lucchese (Italy)**

14.30 - 14.39	Robotic management of a complicated sleeve gastrectomy in a patient with a pancreatic intraductal papillary mucinous tumor	Maroon Tohmeh	France
14.39 - 14.48	Conversion of Sleeve gastrectomy to micro pouch Roux-en-y Gastric Bypass with posterior crural repair due to severe GERD	Batuhan Tozakoglu	Turkey
14.48 - 14.57	LSG to LRYGB: The best option for GERD and Barrett's Esophagus post-LSG	Pooja Unadkat	India
14.57 - 15.06	Nissen Fundoplication to Roux-en-Y Gastric Bypass	Ala Wafa	Lybia
15.06 - 15.15	Antroplication Toupet for refractory Reflux after RYGB after Sleeve – Technical Aspects of an innovative solution	Ricardo Zorron	Germany
15.15 - 15.24	Revision of OAGB-MGB for hypoalbuminemia and intractable diarrhoea	Mahak Bhandari	India
15.24 - 15.33	Revision of a roux-en-y gastric bypass with aberrantly long afferent and short efferent roux limbs	Sally George	USA
15.33 - 15.42	Malnutrition Management after Duodenal Switch: Kissing X Anastomosis or Elongation of the Common Channel	Karl Hage	USA
15.42 - 15.51	Conversion to vertical banded gastroplasty to laparoscopic gastric bypass	Ruth Lopez	Spain
15.51 - 16.00	Laparoscopic band removal. A wise decision	Elena Ruiz-Úcar	Spain
16.00 - 16.09	Single port sleeve gastrectomy assisted by magnetic retractor	Carlos Ferrigni González	Spain

16.00 - 16.30 Coffee break

POST-OPERATIVE COMPLICATIONS

16.30 - 18.00

Moderators: **Martin Fried (Czech Republic), Alessandro Giovanelli (Italy)**

16.30 - 16.37	Hypocalcemia in the Immediate Postoperative Period Following Metabolic Bariatric Surgery – Hype or Harm?	Athanasios Pantelis	India
16.37 - 16.44	Factors influencing the long-term reflux rate (10 years) after gastric bypass: Roux en Y Gastric Bypass (RYGB) versus One Anastomosis Gastric Bypass (OAGB) 150	Niccolo Petrucciani	Italy
16.44 - 16.51	Current pathways on the management of post-operative bariatric emergencies in the United Kingdom – a national survey	Sharmaine Yen Ling Quake	UK
16.51 - 16.58	Obesity, bariatric surgery, and inflammatory bowel disease: A scoping review of the mystifying relationship	Vinesh Sandhu	UK

THURSDAY, 31 AUGUST

PAVILION 6
ROOM AMALFI

16.58 - 17.05	Incidence and predictive factors associated with significant loss of bone mineral density after bariatric surgery. A retrospective cohort study in Thailand	Wiraphon Sende	Thailand
17.05 - 17.12	Risk factors of acute gouty attack in the short term after bariatric surgery	Yong Wang	China
17.12 - 17.19	Sex, BMI, preoperative FIB-4 Index and iron supplementation were associated with postoperative anemia after laparoscopic sleeve gastrectomy among Chinese patients	Bo Xu	China
17.19 - 17.26	Portomesenteric Venous Thrombosis Post-Bariatric Surgery: A Retrospective Study of Multi-center from China	Xiaocheng Zhu	China
17.26 - 17.33	The burden of emergency re-operations post bariatric surgery: experience from a tertiary centre	Mohamed Aly	UK
17.33 - 17.40	Rescue Surgery for Gastric Fistula Following Laparoscopic Sleeve Gastrectomy. Single-Center Experience	Luigi Ciccoritti	Italy
17.40 - 17.47	Anatomical reversal of gastric bypass – indications, surgical methods and outcomes of 51 patients operated from 2019 to 2021	Hjortur Gislason	Sweden
17.47 - 17.53	Surgical management of protein malnutrition post biliopancreatic diversion with duodenal switch, 20 years experience	Ahmed Jad	Canada

THURSDAY, 31 AUGUST

PAVILION 4
ROOM PROCIDA

RYGB/OAGB/BIPARTITION

08.30 - 10.00

Moderators: Miguel Carbajo (Spain), Nicola Basso (Italy)

08.30 - 08.39	How to resect an incidental gastric mass at the GE-junction during gastric bypass?	Michel Murr	USA
08.39 - 08.48	Laparoscopic Conversion of Silastic Ring Vertical Gastroplasty to One Anastomosis Gastric Bypass with Diaphragmatic Hernia Repair	Abed Omeri	Israel
08.48 - 08.57	Removal of a subcardial leiomyoma during a laparoscopic gastric bypass	Luca Paolino	France
08.57 - 09.06	Sutureless Roux en Y Gastric bypass	Mohammad Rashdan	Jordan
09.06 - 09.15	The Flawless Gastric Bypass	Marcos Leão Vilas Boas	Brazil
09.15 - 09.24	Unplanned Ambulatory Robotic SASI	Heba Alfaris	Canada
09.24 - 09.33	Robotic Bipartition The Orleans technique	Adel Abou-Mrad	France
09.33 - 09.42	Transit bipartition surgery by laparoscopy: illustration of a case	Samuel Dos Santos	France
09.42 - 09.49	Laparoscopic/endoscopic Single Anastomosis Duodeno-Ileostomy (SADI) Side-to-side With Linear Magnetic Compression Anastomosis	Michel Gagner	Canada
09.49 - 09.58	Magnetic Duodeno-ileostomy with Swallowable Magnet	Michel Gagner	Canada

10.00 - 10.30 Coffee break

RYGB/OAGB

10.30 - 12.00

Moderators: Bruno Sgromo (Italy), Jacob Chisholm (Australia)

10.30 - 10.37	Changes in gut microbial flora after Roux-en-Y gastric bypass and sleeve gastrectomy and their effects on post-operative weight loss	Reza Karami	Iran
10.37 - 10.44	Laparoscopic Roux-Y-Gastric Bypass Versus Laparoscopic One-Anastomosis Gastric Bypass for Obesity: 3-year Results of a Prospective, Randomized Controlled Trial	Thomas Köstler	Switzerland
10.44 - 10.51	More length, more gain: A prospective analysis of 150 patients with a biliopancreatic limb length of 200 cm and an alimentary limb length of 75 cm in Roux-en-Y Gastric Bypass (RYGB)	Muffazal Lakdawala	India
10.51 - 10.58	Achieving learning curve in OAGB, a CUSUM analysis	Mariagrazia Marotta	Italy
10.58 - 11.05	The Clash of the Titans	Francisco Marrana	Portugal

THURSDAY, 31 AUGUST

PAVILION 4
ROOM PROCIDA

11.05 - 11.12	Evaluation of weight loss after Roux-en-Y Gastric Bypass through a classification based on weight history	Kamyla Miranda Strobel	Brazil
11.12 - 11.19	Laparoscopic Roux-en-Y gastric bypass long-term results	Cuauhtemoc Morfin Vela	Mexico
11.19 - 11.26	One-anastomosis Gastric Bypass, is it better to measure biliopancreatic or common limb? Preliminary experience in patients with superobesity	Enrico Moroni	Italy
11.26 - 11.33	One-anastomosis gastric bypass (OAGB) with tailored biliopancreatic limb length versus fixed BPL length: five years of follow-up results	Stefania Nigro	Italy
11.33 - 11.40	Evaluation of a long biliopancreatic limb in primary- and redo Roux-en-Y gastric bypass: 10 years results of the ELEGANCE trial	Sietske Okkema	The Netherlands
11.40 - 11.47	Acid and Bile Reflux Esophagitis Prevention by Modified Fundoplication of the Excluded Stomach in One-Anastomosis Gastric Bypass: A Randomized Controlled Trial	Oral Ospanov	Kazakhstan
11.47 - 11.54	Conversion Roux Y Gastric Bypass After Sleeve Gastrectomy Or One-Anastomosis Gastric Bypass For Gastroesophageal Reflux And Weight Gain	Germana Ginevra Perrone	Italy

REVISIONAL SURGERY IN WEIGHT GAIN OR SUBOPTIMAL WEIGHT LOSS

12.00 - 13.30

Moderators: Cristiano Giardiello (Italy), Tarek Mahdy (Egypt)

12.00 - 12.09	Laparoscopic insertion of minimizer for the treatment of failed roux-en-y gastric bypass	Maher Hussein	Lebanon
12.09 - 12.18	Laparoscopic revision of gastric plication to laparoscopic mini gastric bypass	Maher Hussein	Lebanon
12.18 - 12.27	Re-do surgery: Re-sleeve and conversion to laparoscopic duodenal switch	Ruth Lopez	Spain
12.27 - 12.36	Conversion of OAGB to Long Limb RYGB due to weight regain and bile reflux	Nariman Mehrnia	Iran
12.36 - 12.45	One time may not be enough: revisional gastric bypass	Diogo Melo Pinto	Portugal
12.45 - 12.54	Weight gain due to gastro-gastric fistula after Roux-en-Y gastric bypass	Julieta Paleari	Argentina
12.54 - 13.03	A risky revisional laparoscopic gastric pouch resizing	Elena Ruiz-Úcar	Spain
13.03 - 13.12	Revisional RYGB after LSG in a situs inversus totalis patient	Mohamed Sarhan	Egypt
13.12 - 31.21	Totally Robotic Distalization of Roux-en-Y Gastric Bypass (RYGB) for Weight Regain	Dennis Smith	USA
13.21 - 13.30	Surgical Management of Post GB Dumping with inadequate weight loss; Indications & Rules to be respected	Ayman Soliman	UAE

13.30 - 14.30 Lunch break

THURSDAY, 31 AUGUST

PAVILION 4
ROOM PROCIDA

MULTIDISCIPLINARY I

14.30 - 16.00

Moderators: Yitka Graham (UK), Natalia Mazzarella (Italy)

14.30 - 14.37	Bariatric surgery and kidney stone disease: an experience of an italian bariatric centre of excellence	Ilenia Coluzzi	Italy
14.37 - 14.44	Stepped care longitudinal support online program to prevent weight gain after bariatric surgery: study protocol and 6-months preliminary results	Eva Conceição	Portugal
14.44 - 14.51	Post-operative biochemistry surveillance: Is there more to know?	Hafsa Younus	UK
14.51 - 14.58	Investigating the prevalence of nutritional abnormalities in patients pre and post bariatric surgery – an Australian experience	Nazy Zarshenas	Australia
14.58 - 15.05	Dimensional investigation of food addiction in individuals who have undergone bariatric surgery	Ligia Florio	Brazil
15.05 - 15.12	Food addiction, weight stigma and social perception in bariatric surgery: a pilot study	Luigi Franzese	Italy
15.12 - 15.19	Preoperative lifestyle improvement and psychological tests are predictors of early weight loss after sleeve gastrectomy	Kentaro Inoue	Japan
15.19 - 15.26	Patients' perspectives on telemedicine: is it a future concept for bariatric programs?	Adisa Poljo	Switzerland
15.26 - 15.33	Enhancing Clinical Success in Bariatric Surgery Patients through Intensive Dietary Support: A retrospective analysis in an Asian Population	Alvina Sim Xin Jie	Malaysia
15.33 - 15.40	Exploring weight stigma impact on patients seeking bariatric-metabolic surgery: a pilot study	Giancarlo Spennato	Italy
15.40 - 15.47	The Predictive Value of Zung Self-rating Depression and Self-rating Anxiety Scale in Evaluating Early Weight Loss Outcome Following Sleeve Gastrectomy	Jason Widjaja	China
15.47 - 15.54	Perception and practice of bariatric surgery and reproductive health in women: A cross-sectional study of Chinese bariatric surgeons	Jun-Cheng Yang	China
15.54 - 16.01	Pregnancy after bariatric surgery: a narrative literature review on maternal nutritional status and nutritional supplementation management	Adelaide Minato	Italy
16.01 - 16.08	The Influence of Pregnancy on Long Term Weight Loss After Previous Bariatric Surgery	Robin Berk	USA

16.00 - 16.30 Coffee break

THURSDAY, 31 AUGUST

PAVILION 4
ROOM PROCIDA

GASTRIC BYPASS PROCEDURES INCLUDING RYGB AND OAGB I

16.30 - 18.00

Moderators: MAL Fobi (USA), Emilio Manno (Italy)

16.30 - 16.39	Endoscopy-assisted laparoscopic revisional Roux-en-Y gastric bypass after POSE in a patient affected by severe obesity	Eugenia Capozzella	Italy
16.39 - 16.48	Staple Misfire During Sleeve to Any Gastric Bypass Revision Surgery	Muhammed Taha Demirpolat	Turkey
16.48 - 16.57	SOS steps for reversal of retro-colic retro-gastric Roux-en-Y gastric bypass	Ahmed Ghanem	UK
16.57 - 17.03	How I perform OAGB	Zafar Iqbal Gondal	UAE
17.03 - 17.12	Internal herniation post lap MGB-OAGB – A rare entity	Zafar Iqbal Gondal	UAE
17.12 - 17.21	Gastric bypass with resection of the remain in a patient with reflux biliary and multiple bariatric history	María Hernández O'Reilly	Spain
17.21 - 17.30	Thin and Long gastric Pouch in Roux-en-Y Gastric Bypass	Songhao Hu	China
17.30 - 17.39	Laparoscopic mini gastric bypass	Maher Hussein	Lebanon
17.39 - 17.48	Functional Laparoscopic Roux-en-Y Gastric Bypass with Fundectomy and Gastric Remnant Exploration (LRYGBfse) - a Video Vignette	Giovanni Lesti	Italy
17.48 - 17.57	Gastric Bypass with remnant resection: a bail-out strategy for high-risk patients	Francisco Marrana	Portugal

THURSDAY, 31 AUGUST

PAVILION 4
ROOM ISCHIA

SLEEVE GASTRECTOMY/RYGB/OAGB II

08.30 - 10.00

Moderators: Stefano Cariani (Italy), Guy Bernard Cadière (Belgium)

08.30 - 08.39	Heterotopic Pancreas Resection with Concomitant Sleeve Gastrectomy: Video Case-report	Alwajah Khogeer	Saudi Arabia
08.39 - 08.48	Intra-operative Tough Decision (Accidental Stapling the oro-gastric tube)	Osama Taha	Egypt
08.48 - 08.57	Analysis of the effect in left-handed SILS	Yong Wang	China
08.57 - 09.06	Single-Port Laparoscopic Sleeve Gastrectomy with Minimally Invasive Double-Retractor Method	Jianjun Yang	China
09.06 - 09.15	Alternate Dissection and Stapling in Patients with Larger Spleen for LSG	Libin Yao	China
09.15 - 09.24	Laparoscopic Sleeve Gastrectomy with Concomitant Morgagni Hernia Repair	Boris Zevin	Canada
09.24 - 09.33	Bikini Line One Anastomosis Gastric Bypass	Tamer Abdelbaki	Egypt
09.33 - 09.42	False Roux-en-Y gastric By-Pass (RYGBP): Robotic conversion of a twisted One Anastomosis Gastric By-pass (OAGB)	Adel Abou-Mrad	France
09.42 - 09.49	Non-conforming Roux-en-Y gastric by-pass (RYGBP): Robotic surgical redo	Adel Abou-Mrad	France
09.49 - 09.58	Unusual finding of gastric tumor during bariatric surgery	Iván Cantos	Mexico

10.00 - 10.30 Coffee break

SURGICAL MANAGEMENT OF COMPLICATIONS I

10.30 - 12.00

Moderators: Andrea Formiga (Italy), Shrihari Dhorepatil (India)

10.30 - 10.39	Cicatrizated ulcer at the gastro-jejunosomy in OAGB case managed by conversion to RYGB	Ahmed Abdelsalam	Egypt
10.39 - 10.48	LAGB to RYGB to Open proximalization to LSG to manage severe dumping syndrome	Ahmed Abdelsalam	Egypt
10.48 - 10.57	Surgical management of gastro-cutaneous fistula complicating LSG	Ahmed Abdelsalam	Egypt
10.57 - 11.04	Novel technique to manage chronic sleeve leak	Karim Abdelsamee	Egypt
11.04 - 11.13	Rare but serious complication after OAGB	Karim Abdelsamee	Egypt
11.13 - 11.22	Gastrogastrostomy: A Surgical alternative to Gastric Bypass for Angularis Stenosis after Laparoscopic Sleeve Gastrectomy	Sam Alhaya	Australia
11.22 - 11.31	Chronic Sleeve Leak Conversion to Esophagojejunosomy	Amanda Belluzzi	USA
11.31 - 11.40	Urgent gastric by-pass to treat gastric perforation after Endo-sleeve technique	Itziar De Ariño Hervas	Spain
11.40 - 11.49	Management of bowel perforation during one anastomotic gastric bypass	Riddhish Gadani	India

THURSDAY, 31 AUGUST

PAVILION 4
ROOM ISCHIA

11.49 - 11.58	Failed Repair of Gastric Volvulus Following Sleeve Gastrectomy	Anthony Gonzalez	USA
---------------	--	------------------	-----

SURGICAL MANAGEMENT OF COMPLICATIONS II

12.00 - 13.30

Moderators: Sigh Pichamol Jirapinyo (USA), Diego Foschi (Italy)

12.00 - 12.09	New surgical treatment for staple line leaks in sleeve or gastric bypass procedure	Antelmo Sasso Fin	Brazil
12.09 - 12.18	Gastro-gastric fistula with severe esophagitis and post-bypass pyloric syndrome – Surgical Treatment	Wagner Augusto Schiel	Brazil
12.18 - 12.27	Resection of Gastric Fistula and Conversion to RYGB for Gastropleural fistula after Laparoscopic Sleeve Gastrectomy	Mohammad Ali Pakaneh	Iran
12.27 - 12.36	Stapler stuck during sleeve gastrectomy – A nightmare intraoperative complication to deal with	Nirupam Sinha	India
12.36 - 12.45	Redo Roux-en-Y gastric bypass for atypical chronic pain – twisted construction	Sofia T. S. Castro	Belgium
12.45 - 12.54	The best way to dealing with a staple misfiring during Bariatric Surgery	Osama Taha	Egypt
12.54 - 13.03	Through the Looking Glass of Bariatric Tourism: surgical management of strictures post sleeve gastrectomy	Madeleine Turner	UK
13.03 - 13.12	Repair of Gastric Pouch Leak and Drainage of Subdiaphragmatic Abscess	Pooja Unadkat	India
13.12 - 13.21	Intragastric single-port surgery (IGS) accesses the gastric remnant and allows GIST Resection, Gastric Band Extraction and ERCP after RYGB: a simple solution for a difficult problem	Ricardo Zorron	Germany
13.21 - 13.30	Gastro-Gastric Fistula Can be Treated Conservatively	Mohamed El-Bery	Qatar

13.30 - 14.30 Lunch break

COMPLICATIONS MANAGEMENT

14.30 - 16.00

Moderators: Dieter Birk (Germany), Paolo Gentileschi (Italy)

14.30 - 14.39	Management of leak after revision of Reux en Y gastric bypass for weight regain by internal pigtail drainage	Mohamed Hany	Egypt
14.39 - 14.48	Successful Endoscopic Treatment of Candy Cane Syndrome	Roberto Trasolini	USA
14.48 - 14.57	Endoscopic Management of Complications: Intracavitary Pigtail Placement for Gastric Pouch Leaks	Pooja Unadkat	India
14.57 - 15.06	Chronic gastrocutaneous fistula after sleeve gastrectomy	Sofie Viskens	Belgium

THURSDAY, 31 AUGUST

PAVILION 4
ROOM ISCHIA

15.06 - 15.15	Does re-sleeve gastrectomy allow us to get good results?	Taryel Omarov	Azerbaijan
15.15 - 15.24	Butterfly Gastroplasty to Laparoscopic RYGB due to failed weight loss	Ahmed Abdelsalam	Egypt
15.24 - 15.33	Takedown of a Gastrogastric fistula assisted by intraoperative endoscopy	Alex Gandsas	USA
15.33 - 15.42	Conversion of Laparoscopic Gastric Plication to One Anastomosis Gastric Bypass	Mohamad Hamoud	Israel
15.42 - 15.51	Bile Reflux and Weight Regain Post One Anastomosis Gastric Bypass	Ala Wafa	Lybia
15.51 - 16.00	Large diaphragmatic hernia repair after revisional One Anastomosis Gastric Bypass	Danit Dayan	Israel

16.00 - 16.30 Coffee break

GASTRIC BYPASS PROCEDURES INCLUDING RYGB AND OAGB II

16.30 - 18.00

Moderators: Ahmed Ahmed (UK), Roberto Moroni (Italy)

16.30 - 16.37	Closure of mesenteric defects in two layers reduces chance of reopening after laparoscopic Roux-en-Y gastric bypass surgery	Soufyan el Adel	The Netherlands
16.37 - 16.44	Effect of gastrojejunal anastomosis diameter in laparoscopic one-anastomosis gastric bypass for the treatment of obesity and related disorders	Hatem Elgohary	Egypt
16.44 - 16.51	Comparison of 5 year weight loss outcomes of Primary OAGB and Revision OAGB after LSG, a single surgeon study	Poonam Shah	India
16.51 - 16.58	Outcomes of One Anastomosis Gastric Bypass, 6-Years Experience of 1520 Cases	Osama Taha	Egypt
16.58 - 17.05	Differences in long-term outcome between One Anastomosis Gastric Bypass and Roux-en-Y Gastric Bypass in patients with BMI > 50 kg/m2	Lindsay van der Laan	The Netherlands
17.05 - 17.12	Incidentalomas in bariatric surgery	Carlos Ferrigni Gonzalez	Spain
17.12 - 17.19	Novel technique for prevention of internal hernia after laparoscopic Roux-en-Y gastric bypass	Ahmed Ghanem	UK
17.19 - 17.26	Early weight loss outcomes as a predictor of 5-year weight loss outcomes after One Anastomosis Gastric Bypass	Barmak Gholizadeh	Iran
17.26 - 17.33	One anastomosis gastric bypass with a 150 cm biliopancreatic limb: Weight loss and serious adverse events	Mathilde Gobert	France
17.33 - 17.40	Difference in changes in lipid profile after LSG and LMGB/OAGB	Zafar Iqbal Gondal	UAE
17.40 - 17.47	Weight loss after bariatric surgery in different age groups	Chantal Huber	Switzerland

FRIDAY, 1 SEPTEMBER

MEDITERRANEO BUILDING
THEATRE

IFSO CONSENSUS CONFERENCE 2023: DEFINITIONS AND CLINICAL PRACTICE GUIDELINES

09.00 - 10.30

Chairs: Lilian Kow (Australia), Scott Shikora (USA), Gerhard Prager (Austria)

09.00 - 09.04	Consensus meeting aims and status	Scott Shikora	USA
09.04 - 09.16	Standardized reporting and definitions	Paulina Salminen	Finland
09.16 - 09.19	Q&A		
09.19 - 09.24	Diet, Lifestyle, Exercise	Silvia Leite Faria	Brazil
09.24 - 09.26	Q&A		
09.26 - 09.34	Medical treatment of obesity	Rachel Batterham	UK
09.34 - 09.36	Q&A		
09.36 - 09.41	Endoscopic treatment of obesity	Christine Stier	Germany
09.41 - 09.43	Q&A		
09.43 - 09.55	Surgical treatment of obesity: procedure choice and algorithm for primary procedures	Lilian Kow	Australia
09.55 - 10.03	Surgical treatment of obesity: procedure choice and algorithm for conversion or revision surgery	Ali Aminian	USA
10.03 - 10.15	Surgical treatment of obesity: metabolically challenged patients	Scott Shikora	USA
10.15 - 10.20	Surgical treatment of obesity: elderly and adolescents	Abdelrahman Nimeri	USA
10.20 - 10.30	Discussion		

10.30 - 11.00 Coffee break

PRESIDENTIAL SESSION

11.00 - 13.00

Chairs: Luigi Angrisani (Italy), Scott Shikora (USA)

11.00 - 11.20	Scopinaro Lecture Healing the World Beyond Borders: Humanitarian Surgery Today	Paul McMaster	UK
11.20 - 11.40	Awards Ceremony		
11.40 - 11.45	Introduction of Life Member: Jacques Himpens	Manuela Mazzarella	Italy
11.45 - 11.50	Introduction of Honorary Member: Lee Kaplan	Scott Shikora	USA
11.50 - 12.00	Introduction of the President	Raul Rosenthal	USA
12.00 - 12.20	Presidential address	Scott Shikora	USA
	Passing of the Presidential Medal to Gerhard Prager	Scott Shikora	USA
12.20 - 12.30	Integrated Health Leadership Recognitions	Scott Shikora Mary O'Kane Silvia Leite Faria	USA UK Brazil
12.30 - 12.50	Mason Lecture Reframing Obesity as a Chronic Illness: Why does it matter? And what does it mean for Metabolic Surgery?	Francesco Rubino	UK
12.50 - 13.00	See you in Melbourne	Ahmad Aly Harry Frydenberg	Australia Australia

FRIDAY, 1 SEPTEMBER

MEDITERRANEO BUILDING
THEATRE

13.00 - 14.00 Lunch break

ROBOTIC SURGERY - PROS AND CONS

14.00 - 15.30

Chair: Muffazal Lakdawala (India)

Moderators: Luigi Angrisani (Italy), Rana Pullatt (USA)

14.00 - 14.12	Overview of Current Robotic Systems: Financial and non Financial Metrics	Vivek Bindal	India
14.12 - 14.24	Challenges of Teaching and Training From Laparoscopy to Robotic Bariatric Surgery	Ann Marie Rogers	USA
14.24 - 14.36	Why and How I do Robotic Sleeve Gastrectomy	Enrique F. Elli	USA
14.36 - 14.48	Why and How I do Robotic Gastric Bypass	Dmytro Havaleshko	USA
14.48 - 15.00	Robotics in the Super Obese and for Complex Reoperative Bariatric Surgery	Rana Pullatt	USA
15.00 - 15.12	The Future applications of Robotic Surgery	Erik B. Wilson	USA
15.12 - 15.24	Incorporating Robotics in your practice - A Health system Leader's perspective	Aurora Pryor	USA
15.24 - 15.30	Discussion		

OAGB VS RYGB

15.30 - 17.00

Emperor: Waleed Bukhari (Saudi Arabia)

Consules: Luigi Angrisani (Italy), Rudolph Weiner (Germany), Jacques Himpens (Belgium)

Gladiators: Nasser Sakran (Israel), Philip Schauer (USA)

Discussion			
for OAGB	Discussants: Mario Musella (Italy), Gerhard Prager (Austria), Helmuth Billy (USA), Pierre Garneau (Canada), Kuldeepack Kular (India)		
for RYGB	Discussants: Michel Gagner (Canada), Francesco Rubino (UK), Kelvin Higa (USA), Ricardo Cohen (Brazil), Alan Wittgrove (USA)		

FRIDAY, 1 SEPTEMBER

MEDITERRANEO BUILDING
ROOM ITALIA

GASTRIC BYPASS VS SLEEVE GASTRECTOMY FOR TYPE 2 DIABETES: WHERE DO WE STAND IN 2023

09.00 - 10.30

Chair: **Francesco Rubino (UK)**

Moderators: **Vincenzo Bruni (Italy)**, **Ricardo Cohen (Brazil)**

09.00 - 09.15	Patient choice, surgeon choice, or evidence-based choice?	John Morton	USA
09.15 - 09.30	Safety and Efficacy Outcomes of Sleeve vs Gastric bypass: Review of Evidence	Philip Schauer	USA
09.30 - 09.45	When NOT to do a Sleeve Gastrectomy (and think of Gastric Bypass Instead)	Michel Gagner	Canada
09.45 - 10.00	When NOT to do a Gastric Bypass (and think of sleeve gastrectomy instead)	Ricardo Cohen	Ricardo
10.00 - 10.30	Panel Discussion & Audience Discussants: Philip Schauer (USA), Luigi Angrisani (Italy), Ralph Peterli (Switzerland)		

10.30 - 11.00 Coffee break

13.00 - 14.00 Lunch break

DEBATE SESSION

14.00 - 15.30

14.00 - 14.45	DEBATE SESSION 1 Chair: Guy Bernard Cadière (Belgium) Moderator: Jerome Dargent (France)		
14.00 - 14.15	Adjustable Gastric Banding	Francesco Furbetta	Italy
	vs		
14.15 - 14.30	Prosthetic Vertical Gastroplasty	Patrick Noel	UAE
14.30 - 14.45	Rebuttal		
14.45 - 15.30	DEBATE SESSION 2 Chair: Martin Fried (Czech Republic) Moderator: Cristiano Giardiello (Italy)		
14.45 - 15.00	Endoscopic Sleeve Gastroplasty	Rossella Palma	Italy
	vs		
15.00 - 15.15	Laparoscopic Gastric Plication	Mohammad Talebpour	Iran
15.15 - 15.30	Rebuttal		

FRIDAY, 1 SEPTEMBER

MEDITERRANEO BUILDING
ROOM ITALIA

SURGICAL MANAGEMENT OF LONG-TERM COMPLICATIONS/REVISIONAL SURGERY

15.30 - 17.00

Moderators: **Chetan Parmar (UK)**, **Francesco Saverio Papadia (Italy)**

15.30 - 15.39	Resect all staple lines: A technique for safe revision of roux-en-y gastric bypass	Joseph Greene	USA
15.39 - 15.48	Gastrosopic Surgery: Laparoscopic Intra-Gastric Surgery for Obstruction after VBC	John Mitko	USA
15.48 - 15.57	Laparoscopic reduction of Petersen internal hernia during pregnancy	SJM Smeets	The Netherlands
15.57 - 16.06	Severe protein-calorie malnutrition and Wernicke-Korsakoff syndrome due to recurrent obstruction following Roux-en-Y Gastric Bypass	Pedro Soares-Moreira	Portugal
16.06 - 16.15	Combined endoscopic and surgical management of afferent loop obstruction after one anastomosis gastric bypass	Ilia Van Campenhout	Belgium
16.15 - 16.24	Robotic-assisted revisional bariatric surgery from roux-en-y gastric bypass to intestinal transit bipartition	Anna Carolina Batista Dantas	Brazil
16.24 - 16.33	Endoscopic revision of Roux-en-Y Gastric Bypass for weight regain	Mahak Bhandari	India
16.33 - 16.42	Revisional surgery – Sleeve gastrectomy towards duodenal switch	Andrea de Miguel Pérez	Spain
16.42 - 16.51	Conversion of Magenstrasse and Mill gastroplasty to Single Anastomosis Duodenoileostomy (SADI) for severe obesity and diabetes	Saber Ghiassi	USA
16.51 - 17.00	Conversion from standard gastric bypass to distal bypass after failed diabetic bypass patient	Sang-Moon Han	South Korea

FRIDAY, 1 SEPTEMBER

PAVILION 6
ROOM POSITANO

BARIALink ACADEMY

09.00 - 10.30

Chair: Bruno Dillemans (Belgium)

Moderators: Marco Adamo (UK), Fabio Viegas (Brazil), Mirto Foletto (Italy)

09.00 - 09.10	Case 1: Accidentally discovered fundal mass during laparoscopic Sleeve Gastrectomy	Mohamed Diaa Sarhan	Egypt
09.10 - 09.18	Discussion case 1		
09.18 - 09.28	Case 2: Revision for Relapse of Diabetes after OAGB	Shashank Shah	India
09.28 - 09.36	Discussion case 2		
09.36 - 09.46	Case 3: Intraoperative complication of RYGB	Piotr Mysliwiec	Poland
09.46 - 09.54	Discussion case 3		
09.54 - 10.04	Case 4: Gastro-colic fistula after Sleeve Gastrectomy and OAGB	Bruno Dillemans	Belgium
10.04 - 10.12	Discussion case 4		
10.12 - 10.22	Case 5: Hypoglycemia, hyperinsulinism and dumping syndrome after bariatric surgery	Antonio Torres	Spain
10.22 - 10.30	Discussion case 5		

10.30 - 11.00 Coffee break

13.00 - 14.00 Lunch break

IFSO MIDDLE EAST AND NORTH AFRICA CHAPTER SESSION

Debates and Controversies

14.00 - 15.30

Chair: Khaled Gawdat (Egypt)

14.00 - 14.39	PART 1 Moderators: Ashraf Haddad (Jordan), Safwan Taha (UAE), Khalid Mirza Gari (Saudi Arabia)		
14.00 - 14.05	Introduction	Khaled Gawdat	Egypt
14.05 - 14.13	How I changed my OAGB technique and Limb lenght throughout the years	Sultan Al Temyatt	Saudi Arabia
14.13 - 14.21	Magnetic Surgery	Michel Gagner	Canada
14.21 - 14.29	The Kuwait experience in ESG and endoscopic procedures	Mousa Khoursheed	Kuwait
14.29 - 14.39	Q&A		

FRIDAY, 1 SEPTEMBER

PAVILION 6
ROOM POSITANO

14.39 - 15.30 **PART 2**
Moderators: Bassem Safadi (Qatar), Hayssam Fawal (Lebanon), Rami Lutfi (USA)

14.39 - 14.40	Introduction	Ashraf Haddad	Jordan
14.40 - 14.56	Debate Conversion of failed LS RYGB vs OAGB		
14.40 - 14.47	For RYGB	Mohammad Al Hadad	UAE
14.47 - 14.54	For OAGB	Osama Taha	Egypt
14.54 - 14.56	Voting		
14.56 - 15.12	Debate Conversion of Failed LSG SADIS vs DS		
14.56 - 15.03	For SADIS	Alaa Abbass	Egypt
15.03 - 15.10	For DS	Ahmad Bashir	Jordan
15.10 - 15.12	Voting		
15.12 - 15.28	Endoscopic Procedures		
15.12 - 15.19	Concomitant C-TIF is as good as RYGB for patients with GERD undergoing LSG	Aayed Alqahtani	Saudi Arabia
15.19 - 15.26	A myth... if it does not work laparoscopically, why would it endoscopically	Hazem Al Momani	UAE
15.26 - 15.28	Voting		
15.28 - 15.30	FINAL REMARKS		

IFSO ASIA PACIFIC CHAPTER SESSION

New ASMBS/IFSO Guidelines 2022: Is It Necessary to Update It for Asian Patients?

15.30 - 17.00

Chair: Cunchuan Wang (China)

15.30 - 16.10	TOPIC 1 – Should Asian patients with BMI between 25 and 27.5 kg/m² with comorbidities have Metabolic and Bariatric Surgery? Moderators: Lilian Kow (Australia), Cunchuan Wang (China)		
15.30 - 15.40	Yes	Liyong Zhu	China
15.40 - 15.50	No	Muffazal Lakdawala	India
15.50 - 16.10	Discussants: Ahmad Aly (Australia), Edward Oliveros (Philippines), Harry Frydenberg (Australia), Mohammad Talebpour (Iran), Sang Kuon Lee (South Korea)		
16.10 - 16.50	TOPIC 2 – Should Asian patients reduce BMI from 35 to 32.5 kg/m² for Metabolic and Bariatric Surgery? Moderators: Kazunori Kasama (Japan), Cunchuan Wang (China)		
16.10 - 16.20	Yes	Wei Jei Lee	Taiwan
16.20 - 16.30	No	Asim Shabbir	Singapore
16.30 - 16.50	Discussants: Sutdhachit Linananda (Thailand), Simon Wong (Hong Kong-China), Joo-Ho Lee (South Korea), Mohit Bhandari (India), Kazunori Kasama (Japan)		
16.50 - 17.00	Closing remarks	Cunchuan Wang	China

FRIDAY, 1 SEPTEMBER

PAVILION 6
ROOM POSITANO

COMPLICATIONS MANAGEMENT/POST-OPERATIVE COMPLICATIONS

17.00 - 18.30

Moderators: Ana Carrasquilla (Costa Rica), Mario Musella (Italy)

17.00 - 17.07	Pulmonary fibrosis due to silent aspiration after one-anastomosis gastric bypass: a case report	Paula Richwien	Austria
17.07 - 17.14	One anastomosis gastric bypass (OAGB) and biliary reflux: frequency and therapeutic options after 2713 primary procedures	Johannes Sander	Germany
17.14 - 17.21	3DCT conduit and oesophageal metrics, a valuable method to diagnose post sleeve gastrectomy angularis stenosis	Sam Alhayo	Australia
17.21 - 17.28	Gastrin-producing G cells in the gastric pouch of Roux-en-Y gastric bypass and the relationship with the occurrence of marginal ulcers	Luiz Henrique Capaverde	Brazil
17.28 - 17.35	Prevalence, Indications, and Complications of Conversional Surgery After Vertical Banded Gastroplasty: A MBSAQIP Analysis	Juan Barajas-Gamboa	UAE
17.35 - 17.42	Portomesenteric vein thrombosis in patients undergoing sleeve gastrectomy: A meta-analysis of 101,865 patients	Georgios Geropoulos	UK
17.42 - 17.49	Serious complications after revisional bariatric surgery: a national retrospective study from the French National Database	Gael Guian	France
17.49 - 17.56	Stage dependent management of sleeve gastrectomy leaks – a systematic review with proposed classification and management algorithm	Mina Guirgis	Australia
17.56 - 18.03	Sleeve gastrectomy – an analysis of patients needing revision for long-term complications	Naveed Hossain	UK
18.03 - 18.10	Early post-sleeve gastrectomy bleeding: Is there any changes?	Abd-Elfattah Kalmoush	Egypt
18.10 - 18.17	Development and validation of a nomogram for predicting anemia one year after bariatric surgery: analysis from multicentric cohorts	Yuntao Nie	China
18.17 - 18.24	Alimentary limb obstruction following one anastomosis gastric bypass: a rare case and literature review	Amir Obeid	Israel
18.24 - 18.31	High-resolution manometry is a valuable tool in the investigation of adverse symptoms in post-bariatric patients	Marcus K H Ong	Singapore

FRIDAY, 1 SEPTEMBER

PAVILION 4
ROOM CAPRI

AMBULATORY BARIATRIC SURGERY: THE FUTURE OR NOT WORTHY

09.00 - 10.30

Chair: Camilo Boza (Chile)

Moderators: Moataz Bashah (Qatar), Vincenzo Borrelli (Italy)

09.00 - 09.10	ERABS has changed the Bariatric practice and is here to stay	Jan Mulier	Belgium
09.10 - 09.20	Difficulties in implementing ERABS	Adrian Sultana	Australia
09.20 - 09.30	Ambulatory surgery Changed my practice	Peter Billing	USA
09.30 - 09.40	Ambulatory Surgery not worth the risk and benefit	Tomas Jakob	Argentina
09.40 - 09.50	Same day Surgery in the Middle east	Aayed Alqahtani	Saudi Arabia
09.50 - 10.00	Remote Patient Monitoring: State of the art	Monica Giuffrè	Italy
10.00 - 10.10	Follow up Applications: What can we expect	Camilo Boza	Chile
10.10 - 10.30	Ambulatory Surgery is a future for bariatric surgery		
10.10 - 10.14	Presentation	Jaime Ponce	USA
10.14 - 10.16	For	Titus Duncan	USA
10.16 - 10.20	Against	Rami Lutfi	USA
10.20 - 10.30	Discussion Discussants: Muffazal Lakdawala (India), Rami Lutfi (USA), Camilo Boza (Chile), Tomas Jakob (Argentina)		

10.30 - 11.00 Coffee break

13.00 - 14.00 Lunch break

SURGICAL MANAGEMENT OF COMPLICATIONS III

14.00 - 15.30

Moderators: Miguel Herrera (Mexico), Stefano Olmi (Italy)

14.00 - 14.09	Surgical treatment of marginal ulcer after gastric bypass	María Hernández O'Reilly	Spain
14.09 - 14.18	New approach for the treatment of sleeve gastrectomy leak with laparoscopic roux en y bypass to the leak site as one step procedure	Maher Hussein	Lebanon
14.18 - 14.27	Laparoscopic removal of intragastric balloon from distal jejunum	Maher Hussein	Lebanon
14.27 - 14.36	Post Roux-En-Y gastric bypass chronic abdominal pain with multiple Intra-operative causes discovered: Video case report	Alwahhaj Khogeer	Saudi Arabia
14.36 - 14.45	Internal Hernia post Laparoscopic Sleeve gastrectomy, an unusual complication: Video case report	Alwahhaj Khogeer	Saudi Arabia
14.45 - 14.54	The Trojan Horse: Differential Diagnoses for the Obstructed Jejunojejunostomy after Roux en Y gastric bypass	Alexandra Mackenzie	UK

FRIDAY, 1 SEPTEMBER

PAVILION 4
ROOM CAPRI

14.54 - 15.03	Hiatal hernia after gastric bypass: surgical repair	Francisco Marrana	Portugal
15.03 - 15.12	Laparoscopic redo, Nissen fundoplication to Roux-en-Y gastric bypass	Gabriel Martinez de Aragon Ramirez de Esparza	Spain
15.12 - 15.21	Two internal hernias in a patient with a prior laparoscopic Roux-en-Y gastric bypass: a case report	Pavel Mazirka	USA
15.21 - 15.30	Acute bleeding marginal ulcer fistulized to gastric remnant after laparoscopic OAGB/MGB	Hussein Mcheimeche	Lebanon

YOUNG IFSO SESSION

15.30 - 17.00

Chair: **Wah Yang (China)**

Moderators: **Sonja Chiappetta (Italy), Daniel Moritz Felsenreich (Austria), Eren Taskin (Turkey)**

15.30 - 15.38	Young IFSO: 10th Anniversary and Future Perspectives	Wah Yang	China
15.38 - 15.40	Q&A		
15.40 - 15.48	Young IFSO Bariatric / Metabolic Surgery Training and Education survey	Daniel Moritz Felsenreich	Austria
15.48 - 15.50	Q&A		
15.50 - 15.58	Bariatric Surgery Improves Outcomes of Future Inpatient Admissions of Patients with Type 2 Diabetes Mellitus: an analysis of hospital inpatient admissions in Oklahoma	Mohammad Reza Fattahi	Iran
15.58 - 16.00	Q&A		
16.00 - 16.08	A Mid-term Follow-up Report for Single-anastomosis Sleeve Jejunal (SASJ) Bypass in the Middle Eastern Population	Mohammadtaghi Rezaei	Iran
16.08 - 16.10	Q&A		
16.10 - 16.18	Initial experience of Bariatric and Metabolic Centers aged under 35 - A Multicentric Study	Matias Sosa	Argentina
16.18 - 16.20	Q&A		
16.20 - 16.28	Preliminary Data on a Single Center Experience of Three Years of Roux-En-Y Gastric Bypass in Patients with Gastroesophageal Reflux Disease	Alexandra Regina Szewczyk	Austria
16.28 - 16.30	Q&A		
16.30 - 16.38	A field study of postural ergonomics in bariatric surgery	Shindu S.	India
16.38 - 16.40	Q&A		
16.40 - 16.48	Class IV Obesity: an overview of a new reality	Diogo Melo Pinto	Portugal
16.48 - 16.50	Q&A		
16.50 - 16.58	Safety of New Bariatric Service in a District General Hospital: Preliminary Outcomes	Mohannad Gaber	UK
16.58 - 17.00	Q&A		

FRIDAY, 1 SEPTEMBER

PAVILION 4
ROOM CAPRI

DUODENAL SWITCH PROCEDURES INCLUDING SADI-S

17.00 - 18.30

Moderators: **Sonja Chiappetta (Italy), Patrick Noel (France)**

17.00 - 17.07	Effect of Limb Length on Weight Loss Outcomes following Biliopancreatic Diversion with Duodenal Switch: A Multi-Centered Study	Karl Hage	USA
17.07 - 17.14	Single Anastomosis Duodenal Switch versus Roux-en-Y Gastric Bypass in patients with BMI > 50 kg/m2: A Multi-centered comparative analysis	Karl Hage	USA
17.14 - 17.21	N-hexyl cyanoacrylate for the closure of mesenteric defects during Roux-en-Y gastric bypass	Nicolas Reibel	France
17.21 - 17.28	Experience in revision surgery after SADI-S in the late postoperative period	Maxim Burikov	Russian Federation
17.28 - 17.35	Single-anastomosis duodeno-ileal bypass (SADI)-300 as revisional bariatric procedure following sleeve gastrectomy: a careful introduction of malabsorption in people with severe obesity	Michail Chatzikonstantinou	UK
17.35 - 17.42	Unicentric comparative analysis with propensity score matching: Direct SADI-S versus two-step procedure	Claudio Lazzara	Spain
17.42 - 17.49	Laparoscopic Duodenojejunal Bypass with Sleeve Gastrectomy – A single Stage procedure in Young patients with BMI>50 – Long term outcomes, single centre study of 194 patients	Praveen Raj P	India
17.49 - 17.56	6 year Retrospective study: Comparison of Bariatric surgery outcomes single anastomosis Duodeno-ileostomy (SADI) vs Sleeve Duo-jejunostomy Bypass (SDJB) vs Sleeve gastrectomy (SG) alone	Joanne Ehemann	Australia
17.56 - 18.03	Single anastomosis sleeve ileal (SASI) bypass as a primary and revisional procedure: a single center experience	Natalia Dowgiałło-Gornowicz	Poland
18.03 - 18.10	SASI bypass for higher BMI and T2DM: technical skills, morbidity analysis and short-term results from a high volume bariatric center	Audrey Hartman	Belgium
18.10 - 18.17	Outcomes of Single Anastomosis Sleeve Jejunal bypass (SASJ) – 6 year study	Raj Palaniappan	India
18.17 - 18.24	Preliminary report of postoperative complications after Sleeve Gastrectomy with Transit Bipartition and Roux-en-Y Gastric Bypass in the BIPASS study	Toni El Soueid	France

FRIDAY, 1 SEPTEMBER

PAVILION 6
ROOM SORRENTO

NEW BARIATRIC AND METABOLIC INTERVENTIONS

09.00 - 10.30

Chair: Natan Zundel (USA)

Moderators: Roberta Maselli (Italy), Alberto Michel (Mexico)

09.00 - 09.12	Innovations and advances in Bariatric and Metabolic Endoscopy	Barham Abu Dayyeh	USA
09.12 - 09.23	Magnetic anastomosis for bariatric/Metabolic procedures	Natan Zundel	USA
09.23 - 09.33	Hybrid laparoscopic and endoscopic procedures: New Frontiers	Omar Ghanem	USA
09.33 - 09.43	Surgical Non-Stapling procedures	Patrick Noel	UAE
09.43 - 09.53	Surgical Non-Stapling procedures	Gabriel Galvan	Mexico
09.53 - 10.05	Combination therapies: Where the obesity medications fit	Marina Kurian	USA
10.05 - 10.30	Discussion		

10.30 - 11.00 Coffee break

13.00 - 14.00 Lunch break

IFSO LATIN AMERICA CHAPTER SESSION

Social Media and Digital Transformation

14.00 - 15.30

Chair: Luis Poggi (Peru)

Moderators: Pedro Martinez Duartez (Argentina), Paulina Salminen (Finland)

14.00 - 14.10	Why are qualified voices important in social media and on the WEB?	Manuel Garcia Garza	México
14.10 - 14.20	Twitter and LinkedIn, utility and importance in our professional practice	Richard Peterson	USA
14.20 - 14.30	Instagram and Facebook, how to make it more efficient	Pablo Garcia	Dominican Republic
14.30 - 14.40	Doctors-Influencers: social media in brand positioning	Tania Medina	Dominican Republic
14.40 - 14.50	YouTube vs Tik Tok, analysis and key aspects to use in our practice	Guillermo Alvarez	México
14.50 - 15.00	Ethics in social media, which advertising can currently be considered adequate	Luciano Poggi	Peru
15.00 - 15.10	Digital technologies applied to change the habits of the bariatric patient	Mariano Palermo	Argentina
15.10 - 15.20	Surgery of the Future (robotic, chat GPT, others)	Caetano Marchesini	Brazil
15.20 - 15.30	Discussion		

Discussants: Sergio Aparicio (Bolivia), Felipe Cantú (Mexico)

FRIDAY, 1 SEPTEMBER

PAVILION 6
ROOM SORRENTO

IFSO NORTH AMERICA CHAPTER SESSION

Up-to date on the Latest in North America

15.30 - 17.00

Chair: Jaime Ponce (USA)

Moderators: Pierre Garneau (Canada), Samer Mattar (USA)

15.30 - 15.35	Introduction Jaime Ponce (USA), Samer Mattar (USA)		
15.35 - 15.50	Combination use of Obesity Medications with Bariatric Surgery to enhance outcomes	Teresa LaMasters	USA
15.50 - 16.05	Esophageal function: an under-evaluated component of Bariatric surgery	Marina Kurian	USA
16.05 - 16.20	New Canadian guidelines for the management of Obesity	Pierre Garneau	Canada
16.20 - 16.35	MBSAQIP data on OAGB and SADI	Omar Ghanem	USA
16.35 - 16.55	Debate When to use OAGB vs SADI?		
16.35 - 16.40	Case scenarios: High BMI, sleeve with weight recurrence, GERD, etc.	Ninh Nguyen	USA
16.40 - 16.45	Case scenarios: High BMI, sleeve with weight recurrence, GERD, etc.	Ann Marie Rogers	USA
16.45 - 16.50	The best option is OAGB	Helmuth Billy	USA
16.50 - 16.55	The best option is SADI	Rami Lutfi	USA
16.55 - 17.00	Discussion & Adjourn		

CONVERSION BARIATRIC SURGERY FOR REFLUX/GERD

17.00 - 18.30

Moderators: Almino Ramos (Brazil), Giuseppe Scalera (Italy)

17.00 - 17.09	Crossing the Rubicon: the use of RYGB to manage recurrent hernia post Toupet fundoplication	George Ashton	UK
17.09 - 17.18	Robotic-assisted revisional roux-en-y gastric bypass for large hiatal hernia and massive intrathoracic sleeve migration	Anna Carolina Batista Dantas	Brazil
17.18 - 17.27	Laparoscopic plication of candy cane for intractable reflux following revisional Roux- En-Y Gastric Bypass	Michail Chatzikonstantinou	UK
17.27 - 17.36	Stomach viability after chronic hiatal hernia containing the gastric sleeve	Thelma Elisabet Encarnacion Santana	Dominican Republic
17.36 - 17.45	Laparoscopic conversion of Sleeve gastrectomy to Roux-en-Y Gastric Bypass: liver adhesiolysis and hiatal hernia repair	Daniel Herms	Spain
17.45 - 17.54	Hiatoplasty and cardiopexy of the teres ligament as an alternative for gastroesophageal reflux disease	Daniel Herms	Spain
17.54 - 18.03	Laparoscopic conversion of sleeve gastrectomy to Roux-en-Y Gastric Bypass in total colectomy patient	Rodrigo Rojas Reyes	Peru

FRIDAY, 1 SEPTEMBER

PAVILION 6
ROOM SORRENTO

18.03 - 18.12	Robotic Takedown of Nissen Fundoplication with Repair of Hiatal Hernia, and Roux-en-Y Gastric Bypass	Dennis Smith	USA
18.12 - 18.21	How To Manage Stapler Misfire During Sleeve Gastrectomy	Manoj Reddy	India
18.21 - 18.30	Triple Redo Hiatal Hernia Repair with Bilateral Vagotomy: RYGB Revision for Penetrating Ulcer	Karl Hage	USA
18.30 - 18.39	Linx Removal and Conversion of Single Anastomosis Duodeno-ileostomy with Sleeve Gastrectomy (SADI-S) to Roux-en-Y Gastric Bypass (RYGB)	Karl Hage	USA
18.39 - 18.48	Stomach Within Parastomal Hernia: Would You Offer Sleeve?	Amanda Belluzzi	USA
18.48 - 18.57	Iatrogenic esophageal perforation during revision bariatric procedure how to manage	Ibrahim Alonazi	Saudi Arabia

FRIDAY, 1 SEPTEMBER

PAVILION 6
ROOM AMALFI

METABOLIC SURGERY/GERD AND HIATAL HERNIA

09.00 - 10.30

Moderators: Kazunori Kasama (Japan), Salvatore Tolone (Italy)

09.00 - 09.07	Machine learning for predicting factors on type 2 diabetes remission after metabolic bariatric surgery	Tomotaka Ueno	Japan
09.07 - 09.14	The Hypothesis of "SGLT1 Bridge" as an Indication to "Surgical Diabetes"	Hengliang Zhu	China
09.14 - 09.21	Metabolic-Bariatric Surgery Reduces Breast Cancer Risk in Premenopausal and Postmenopausal Women	Shelly Brimhall	USA
09.21 - 09.28	LSG as a first step procedure for oncologic purpose: An indication beyond the new guidelines	Rodrigue Chemaly	Lebanon
09.28 - 09.35	Risk of esophageal cancer after bariatric surgery: Comparison between three surgical techniques at 10 years	Andrea Lazzati	France
09.35 - 09.42	Abnormal preoperative esophageal testing predicts unresolved reflux after Roux-en Y gastric bypass	Rachel Sillcox	USA
09.42 - 09.49	The effect of obesity on recurrence of gastroesophageal reflux disease after laparoscopic anti-reflux surgery: An evidence-based systematic review and meta-analysis	Ananya Singh	UK
09.49 - 09.56	Intra-thoracic Gastric Pouch Migration Following Laparoscopic Sleeve Gastrectomy & Its Impact on the Gastric Sleeve Outcome	Mohamed Sarhan	Egypt
09.56 - 10.03	Concomitant Hiatal Hernia Repair with Sleeve Gastrectomy: Impact on Gastroesophageal Reflux?	Vitish Singla	India
10.03 - 10.10	Pepsin in saliva for the diagnosis of Erosive Esophagitis post Sleeve Gastrectomy	Deepa Chandra Segaran	Singapore
10.10 - 10.17	Conversion of sleeve gastrectomy to Roux-en-Y gastric bypass: indications, management and results	Jessica Crozet	France
10.17 - 10.24	Concomitant incidental Hiatal Hernia repair with Sleeve gastrectomy: Outcomes	Mohamed Sharshar	Egypt

10.30 - 11.00 Coffee break

13.00 - 14.00 Lunch break

MULTIDISCIPLINARY II

14.00 - 15.30

Moderators: Julie Parrott (USA), Emanuela Bianciardi (Italy)

14.00 - 14.07	Preop Prep: Has Preoperative Weight Loss Indication Became Obsolete?	Vitória Cavalieri	Brazil
14.07 - 14.14	Maximizing Weight Loss Benefits of Revisional Roux-en-y Gastric Bypass: A Placebo Controlled Randomized Trial Investigating the Adjunctive Use of Liraglutide After Failed Sleeve Gastrectomy	Mohamed Hany	Egypt

FRIDAY, 1 SEPTEMBER

**PAVILION 6
ROOM AMALFI**

14.14 - 14.21	Best supportive care for patients with complex obesity	Simon Phillips	UK
14.21 - 14.28	How well do bariatric surgery patients objectively adhere to 24-hour movement guidelines preoperatively and what factors relate to better adherence?	Dale Bond	USA
14.28 - 14.35	Is HIIT more effective than MICT for body composition, functional capacity and quality of life after bariatric surgery?	Andrea Herrera Santelices	Chile
14.35 - 14.42	Changes in 24-hour movement behaviors after metabolic and bariatric surgery and their associations with weight loss: An actigraphy study	Leah Schumacher	USA
14.42 - 14.49	Preoperative vitamin D repletion strategies in bariatric-metabolic surgery: a systematic review	Xueying Tang	Australia
14.49 - 14.56	Pre-operative weight loss is not a predictor of weight loss after bariatric surgery	Pedro Soares Moreira	Portugal
14.56 - 15.03	Effect of Ramadan fasting on weight, nutritional status, lifestyle and depression among bariatric patients at selected government hospital	Yeu Leng Ang	Malaysia
15.03 - 15.10	Sociodemographic, physical, psychosocial and behavioural factors associated with excess skin after metabolic and bariatric surgery: a mixed methods study	Aurelie Baillet	Canada
15.10 - 15.17	The Impact of Depression Symptoms on Obesity: Preliminary Data on a Group of Patients Before Bariatric Surgery	Camilla Guccione	Italy
15.17 - 15.24	Bariatric multivitamins as part of pre-surgery protocol leads to improved tolerance post operatively	Jodie Hicks	Australia

COMPLICATIONS MANAGEMENT/SURGICAL MANAGEMENT OF COMPLICATIONS II

15.30 - 17.00
Moderators: Torsten Olbers (Sweden), Paolo Millo (Italy)

15.30 - 15.39	Human Error During RYGB Leading to Misaligned Anatomosis	Hussein Mcheimiche	Lebanon
15.39 - 15.48	2 Incidental Findings of pancreatic cystic and ovarian cyst during laparoscopic sleeve gastrectomy	Hussein Mcheimiche	Lebanon
15.48 - 15.57	Alimentary jejunal limb ischemia during Laproscopic Roux-en-Y Gastric Bypass Surgery	Hussein Mcheimiche	Lebanon
15.57 - 16.06	The Poesque dilemma of the refractory marginal ulcer after revisional One anastomosis gastric bypass	Caitlin Meechan	UK
16.06 - 16.15	Conversion of OAGB to Roux en Y gastric bypass due to Gastrojejunal Anastomosis Leakage	Nariman Mehrnia	Iran
16.15 - 16.24	Video case report: Hepatic abscess after OAGB	Errichetta Napolitano	Italy
16.24 - 16.33	Esophagogastric fistulo-jejunostomy for chronic sleeve leak	Praveen Raj P	India
16.33 - 16.42	Exploratory Laparoscopy after sleeve gastrectomy conversion to a roux-en-y gastric bypass	Clara Pañella	Spain

FRIDAY, 1 SEPTEMBER

**PAVILION 6
ROOM AMALFI**

16.42 - 16.51	Partial Sleeve Gastrectomy for Managing Wrap Necrosis Following Nissen's Fundoplication	Athanasios Pantelis	India
16.51 - 17.00	Laparoscopic incarcerated hiatus hernia repair with gastric sleeve following an episode of bariatric tourism	Kirandeep Saini	UK

LONG-TERM RESULTS (> 10 YEARS)

17.00 - 18.30
Moderators: Shashank Shah (India), Pierpaolo Cutolo (Italy)

17.00 - 17.07	15-year results of laparoscopic Roux-en-Y gastric bypass	Beatriz Barbera Carbonell	Switzerland
17.07 - 17.14	The best result: how do I get it	Francesco Furbetta	Italy
17.14 - 17.21	Bilio-pancreatic limb length and change in Hba1c in diabetic patients after MGB-OAGB, a 14 years follow up	Kuldeepak Singh Kular	India
17.21 - 17.28	Excellent results in terms of weight loss and type 2 diabetes control are maintained 20 years after Roux-en-Y gastric bypass	Maria Lapeña-Rodríguez	Spain
17.28 - 17.35	Functional laparoscopic gastric bypass with fundectomy and gastric remnant exploration (LRYGBfse): 10-year follow-up results	Giovanni Lesti	Italy
17.35 - 17.42	MGB/OAGB in adolescents – long term follow up	Diya Aldeen Mohammed	UAE
17.42 - 17.49	Long-term results after laparoscopic sleeve gastrectomy: more than 10 years follow-up in a single tertiary center	Ka Kei Stephen Ng	Hong Kong
17.49 - 17.56	Pyrrhic victory? Long term results of biliopancreatic diversion in type 2 diabetes patients with severe obesity	Francesco Papadia	Italy
17.56 - 18.03	Long term results > 5 years comparative study between 40-45 BMI patients undergoing Gastric Bypass and vertical gastrectomy	Gabriel Martinez De Aragon	Spain
18.03 - 18.10	Exploring long-term quality of life after sleeve gastrectomy versus roux-en-y gastric bypass in patients with severe obesity: a multicenter study	Judith t Hart	The Netherlands
18.10 - 18.17	Bright Green Breakthrough: The Fluorescent Tool Revolutionizing in Revisional Bariatric Surgery	Diego Romani	Peru

FRIDAY, 1 SEPTEMBER

PAVILION 4
ROOM PROCIDA

NUTRITION, EATING BEHAVIOURS BEFORE AND AFTER BARIATRIC SURGERY

17.00 - 18.30

Moderators: [Guliano Sarro \(Italy\)](#), [Mary O'Kane \(UK\)](#)

09.00 - 09.07	Food preferences and microstructure of ingestive behavior before and over 12 months after Roux-en-Y gastric bypass	Daniela Alceste	Switzerland
09.07 - 09.14	Dietary nutritional treatment drop-out rate in a cohort of pre-bariatric surgery subjects according to eating behaviour and gender	Mariana Di Lorenzo	Italy
09.14 - 09.21	The Return of Hunger After Bariatric-Metabolic Surgery	Finian Fallon	Ireland
09.21 - 09.28	Food and health literacy in bariatric surgery candidates	Anne Jacobs	The Netherlands
09.28 - 09.35	Gender differences and hydration status in subjects with obesity treated with liraglutide	Maria Serena Lonardo	Italy
09.35 - 09.42	Relationship between food and eating behavioral problems and clinical outcomes in adults who elected the laparoscopic sleeve gastrectomy	Skye Marshall	Australia
09.42 - 09.49	Comparing the effects of Laparoscopic Sleeve Gastrectomy and Roux-en-Y Gastric Bypass Surgeries on Dietary Habits: The Asian Context	Nurhanis Nabila Mohd Ngali	Malaysia
09.49 - 09.56	The importance of Food addiction in patients with binge eating disorder two years after sleeve gastrectomy surgery	Mastaneh Rajabian Tabesh	Iran
09.56 - 10.03	Impact of bariatric surgery on rheumatic diseases	Delaram Moosavi	Iran
10.03 - 10.10	The influence of clinical and psychological wellbeing on the decision to proceed with bariatric surgery	Bernadette Breda O'Flynn	Ireland
10.10 - 10.17	Improvement of hypothyroidism after bariatric surgery – Is it hypo to begin with? Lessons learnt from bariatric surgery	Praveen Raj P	India
10.17 - 10.24	Measurement of Quality of Life in Clinical Obesity Care: the S.Q.O.T. Initiative	Phillip J. Dijkhorst	The Netherlands
10.24 - 10.31	The Effect of Bariatric Surgery on Ovarian Functions and Sex Hormones	Alper Ozturk	Turkey

10.30 - 11.00 Coffee break

13.00 - 14.00 Lunch break

MULTIDISCIPLINARY - INTEGRATED HEALTH

15.30 - 17.00

Moderators: [Silvia Leite Faria \(Brazil\)](#), [Charilaos Pappis \(Greece\)](#)

15.30 - 15.37	Obesity and diabetes are associated with higher mortality in patients with Covid-19	Ahmad Hlayhel	USA
---------------	---	-------------------------------	-----

FRIDAY, 1 SEPTEMBER

PAVILION 4
ROOM PROCIDA

15.37 - 15.44	Predictors of sustained weight loss - a quasi-randomized trial	Richa Jaiswal	India
15.44 - 15.51	Reducing greenhouse gas emissions in a European bariatric surgery unit: Why and how?	Jerome Dargent	France
15.51 - 15.58	Suitability of a weight loss digital therapeutics platform post bariatric metabolic surgery: a multidisciplinary perspective	Sarfraz Khokhar	USA
15.58 - 16.05	Novice Chinese Bariatric Nurses' Perceptions of Their Role as Bariatric Case Managers: A Qualitative Study	Chunqun Li	China
16.05 - 16.12	Examining the socio-demographic trend of a multi-ethnic population with obesity: What can we improve?	Wan Xin Lim	Malaysia
16.12 - 16.19	Weight Regain 3-5 years post Bariatric Metabolic Surgery from a Multidisciplinary team approach in Australia. Can age and gender support differences in long term outcomes	Leanne McNamara	Australia
16.19 - 16.26	Effect of bariatric and metabolic surgery on clinical course of multiple sclerosis in patients with severe obesity	Masoumeh Shamsavan	Iran
16.26 - 16.33	A study to observe measurable differences post bariatric- metabolic surgery through body analysis data	Nikita Sanjay Singh	India
16.33 - 16.40	Gastric Bypass vs. Sleeve Gastrectomy: Which Procedure Results in Better Quality of Life for Patients with Obesity?	Poh Yue Tsen	Malaysia
16.40 - 16.47	Uncovering the Pathogenesis of Obesity Complicated with Papillary Thyroid Carcinoma via Bioinformatics and Experimental Validation	Kaisheng Yuan	China
16.47 - 16.54	The effect of obesity surgery on newborn anthropometrics in women with and without polycystic ovary syndrome	Camilla Johannesen Huke	Norway

SPECIAL INDICATIONS

17.00 - 18.30

Moderators: [Felipe Cantù \(Mexico\)](#), [Antonio Vitiello \(Italy\)](#)

17.00 - 17.09	Conversion to Nissen sleeve in a single stage for Barrett and non-responder weight loss after gastric band	Aiman Ismaeil	Egypt
17.09 - 17.18	Laparoscopic Reversal of Modified Jejunoileal Bypass – Video case report	Fahime Yarigholi	Iran
17.18 - 17.27	Redo the Gastroileal Anastomosis because of the Treitz ligament on Right Abdominal Side	Xiaocheng Zhu	China
17.27 - 17.36	Total Gastrectomy for Gastric Cancer Treatment after Single Anastomosis Sleeve-Jejunal Bypass – A Video Report	Rahmatullah Athar	Afghanistan
17.36 - 17.45	Recurrent Diaphragmatic Hernia Post Lap. RY Gastric Bypass; A matter of Debate leading to lot of morbidities	Ayman Soliman	UAE

FRIDAY, 1 SEPTEMBER

PAVILION 4
ROOM PROCIDA

17.45 - 17.54	Laparoscopic sleeve gastrectomy with ligamentum teres cardiopexy – Technical considerations	Praveen Raj P	India
17.54 - 18.03	Sleeve Stricture after banded sleeve - a rare complication and a way to manage it	Manoj Reddy	India
18.03 - 18.12	Endoscopy Induce Leak	Manoj Reddy	India
18.12 - 18.21	Managing obesity after liver transplantation: A laparoscopic sleeve gastrectomy case study	Mohammed Al Sibani	Oman
18.21 - 18.30	After the pandemic is before the next pandemic. Which is the most efficient technology for intraoperative surgical smoke management during laparoscopic surgery? A comparative clinical study	Cédric R. D. Demtröder	Germany

FRIDAY, 1 SEPTEMBER

PAVILION 4
ROOM ISCHIA

MANAGEMENT OF WEIGHT GAIN AND SUBOPTIMAL WEIGHT LOSS AFTER BMS

09.00 - 10.30

Moderators: Pierre Garneau (Canada), Anne Freund (Germany)

09.00 - 09.07	Diagnostic and therapeutic outcomes after theatre visits post bariatric surgery	Hrishikesh Salgaonkar	UK
09.07 - 09.14	Malabsorptive surgery in elderly patients: outcome analysis	Anna Curell	Spain
09.14 - 09.21	Short-term outcomes of Single Anastomosis Duodeno-Ileal bypass (SADI) versus One Anastomosis Gastric Bypass (OAGB) after Sleeve-Gastrectomy (SG) non-responder	Alexis Deffain	Canada
09.21 - 09.28	A 3 year retrospective study post RYGB in patients with weight gain after sleeve gastrectomy – A comparison of weight loss with nutritional parameters	Manish Khaitan	India
09.28 - 09.35	The impact of post-operative metabolic adaptation on the long-term weight trajectory after bariatric surgery	Violeta Moizé	Spain
09.35 - 09.42	Correlation between weight loss 1 month and 1 year after bariatric surgery	Pedro Moreira	Portugal
09.42 - 09.49	Sustainable weight loss: A risk profile for a negative body image of the bariatric patient	Charlotte Smeenk-Noomen	The Netherlands
09.49 - 09.56	The relevancy of gastroscopy in the diagnostic work-up for marginal ulceration following laparoscopic Roux-en-Y gastric bypass	L.L. Van Hogezaand	The Netherlands
09.56 - 10.03	Post mini gastric bypass Peterson's hernia, to close the defect or not	Thair AlDujaili	Australia
10.03 - 10.10	Revision surgery for treatment failures of chronic leaks after sleeve gastrectomy	Clément Baratte	France
10.10 - 10.17	Laparoscopic Roux-en-Y fistulo-jejunostomy in patients with chronic gastric leak after sleeve gastrectomy	Panagiotis Lainas	France

10.30 - 11.00 Coffee break

13.00 - 14.00 Lunch break

ROBOTIC SURGERY/PROSTHETIC VERTICAL GASTROPLASTY/BIPARTITION

14.00 - 15.30

Moderators: Mohammad Kermansaravi (Iran), Luigi Piazza (Italy)

14.00 - 14.09	Latero-lateral Duodeno-Ileostomy + Sleeve Gastrectomy with MAGNET System- - Novel metabolic surgery procedure	Maja Odovic	Spain
14.09 - 14.18	Creating an omental window for gastrointestinal anastomosis in patients with severe abdominal adhesion	Jian Hong	China

FRIDAY, 1 SEPTEMBER

PAVILION 4
ROOM ISCHIA

14.18 - 14.27	Undo of VBG for severe reflux symptoms and Barret's esophagus	Ahmed Abdelsalam	Egypt
14.27 - 14.36	Tip and Tricks: Robotic Roux-en-Y Gastric Bypass	Giovanni Fantola	Italy
14.36 - 14.45	Robotic sleeve gastrectomy in a patient with colostomy as a pathway for colostomy reversal	Joseph Greene	USA
14.45 - 14.54	SADI – Sleeve robot	Andrea Lazzati	France
14.54 - 15.03	Real Robotic Roux-en-Y Gastric ByPass	Beniamino Pascotto	Luxembourg
15.03 - 15.12	Real Robotic SASI (Single Anastomosis Sleeve Ileal)	Beniamino Pascotto	Luxembourg
15.12 - 15.21	Real Robotic 3 arms Sleeve Gastrectomy	Beniamino Pascotto	Luxembourg
15.21 - 15.30	Robotic Revision of Retrocolic Billroth 2 to Roux-en-Y Gastric Bypass (RYGB)	Dennis Smith	USA

SCIENCE, REGISTRIES – STATISTICS AND METHODOLOGIES

15.30 - 17.00

Moderators: Wendy Brown (Australia), Rosario Bellini (Italy)

15.30 - 15.37	The value of having a stakeholder engagement strategy for a national bariatric-metabolic surgery registry in challenging times	Jenifer Cottrell	Australia
15.37 - 15.44	Expression of extracellular matrix-related genes in visceral adipose tissue correlates with insulin resistance and predicts metabolic improvement after bariatric surgery	Jose M Balibrea	Spain
15.44 - 15.51	Early Pregnancy (≤ 12 mo) after Bariatric Surgery: Does It Really Influence Maternal and Perinatal Outcomes?	Wenhui Chen	China
15.51 - 15.58	Bariatric Surgery-Induced Epigenetic Changes: miRNA and Metabolomic Profiling in People with Obesity, Type 2 Diabetes Mellitus, and Prediabetes	Tikfu Gee	Malaysia
15.58 - 16.05	Single-Cell Transcriptomics of the Pancreas following Bariatric Surgery Using Zucker Diabetic Fatty Rats	Yan Gu	China
16.05 - 16.12	Macrophage polarization in patients with obesity and diabetes and its potential role as a predictive marker of diabetic improvement after bariatric surgery	Hyuk-Joon Lee	South Korea
16.12 - 16.19	Short term changes in des-acyl ghrelin following bariatric surgery	Maksims Mukāns	Latvia
16.19 - 16.26	Healthcare expenditures in persons with type 2 diabetes undergoing bariatric-metabolic surgery	Rieneke van der Meer	The Netherlands

FRIDAY, 1 SEPTEMBER

PAVILION 4
ROOM ISCHIA

SCIENCE, REGISTRIES – BASIC SCIENCE AND RESEARCH IN BARIATRIC SURGERY

17.00 - 18.30

Moderators: Mahendra Narvaria (India), Juan Pujol (Spain)

17.00 - 17.07	Sex specific patterns of free fat mass loss after bariatric surgery and the relationship with cardiorespiratory fitness and handgrip strength	Rieneke van der Meer	The Netherlands
17.07 - 17.14	Correlation of phase angle and body composition in bariatric surgery patients	Poon Wongvisavavit	Thailand
17.14 - 17.21	Comparison of three different anastomotic methods of sleeve gastrectomy with transit bipartition using an obese rodent model	Libin Yao	China
17.21 - 17.28	Impact of Race on Patient Outcomes and Access to Bariatric Surgery in the United Kingdom: A National Bariatric Surgery Register Analysis	Mohamed Aly	UK
17.28 - 17.35	Risk-benefit balance of simultaneous Gastric Bypass or Sleeve Gastrectomy and prophylactic cholecystectomy: a comprehensive nationwide cohort of 289,627 patients	Robert Caiazzo	France
17.35 - 17.42	Standardized Assessment of Bariatric Surgery Outcomes: Swiss-Finnish BARIatric Metabolic Outcome Score (SF-BARI Score)	Saija Hurme	Finland
17.42 - 17.49	Laparoscopic Bariatric Surgery Implementation: A Developing Country Perspective	Beatriz Blasio	Brazil
17.49 - 17.56	Best weight loss model after standard bariatric surgery for morbidly obese patients in Korea	Jong-Han Kim	South Korea

FRIDAY, 1 SEPTEMBER

PAVILION 4
MEETING ROOMS 2, 3, 4, 5

VIDEO SESSIONS (in Portuguese)

15.00 - 17.00

Chair: Caetano Marchesini (Brazil)

1 Gastro bronchial fistula after gastric sleeve: How to treat	Juliano Blanco Canavarros
2 Sleeve Gastrectomy - Tips and Tricks	Marcelo Protásio
3 Nissen Fundoplication Conversion in Gastric Bypass with Remnant Gastrectomy due to Gastric Polyposis	Marcelo Protásio
4 Technical Strategies to close Petersen's Space - Three Ways to avoid a tragedy*	Marcos Leão Vilas Boas
5 Revision bariatric surgery after endoscopic sleeve gastropasty - Tips and tricks	Felipe Koleski
6 Hiatal hernia repair with cruroplasty for treating Intrathoracic Sleeve Migration with GERD after body contouring surgery	Anna Carolina Batista Dantas
7 Revisional Surgery from Laparoscopic Sleeve Gastrectomy for Laparoscopic Roux-en-Y Gastric Bypass	Carlos Frota Dillenburg
8 Omentopexy in sleeve gastrectomy: how I do it	Marcio Valle Cortez
9 Laparoscopic repair of gastrogastic fistula after gastric bypass	Marcio Valle Cortez
10 BY PASS reduction gastropasty in a patient previously submitted to left colectomy associated with recurrent hernia repair using the IPUM technique	Edson Antonacci Junior
11 Revision surgery: patient with weight regain after Fobi and Capella surgery with ring. Reconfiguration of the pouch and stretching of the biliopancreatic loop.	Edson Antonacci Junior
12 Step-by-step robotic Roux-en-Y gastric bypass	Giuliano Peixoto Campelo
13 Bariclip - Brazilian Protocol	Felipe Martin Bianco Rossi
14 Sutureless omentopexy in sleeve gastrectomy: a new approach	Guilherme Bassols
15 Challenger Revisional Metabolic Surgery. Laparoscopic and Robotic Approach	Fabio Almeida
16 Is it possible to stop the surgical procedure? What step?	Ana Carolina Caldeira Carvalho Fernandes
17 Peptic ulcer after bypass: surgical treatment	Jorge Luiz Mattos Zeve
18 Sleeve Gastrectomy in Cirrhosis Patient	Leonardo Sebba
19 Systematization of laparoscopic sleeve gastrectomy	Leonardo Sebba
20 Revisional gastropasty in weight regain	Nicholas Tavares Krue
21 Revisional bariatric surgery for weight regain, gastric leak and GERD in the patient after gastric bypass	Christian Scheibe
22 Revisional Bariatric Surgery for Weight regain and Gastroesophageal Reflux Disease after sleeve gastrectomy	Christian Scheibe
23 Robotic Revisional Roux-En-Y Gastric Bypass After Simultaneous Sleeve Gastrectomy and Liver Transplantation	Fernando De Barros
24 Roux-en-Y gastric bypass surgery associated with Heller cardiomyotomy in a patient with morbid obesity and advanced megaesophagus	Raul Andrade
25 How to treat pre gastric bypass fundoplication	Paulo Nassif

FRIDAY, 1 SEPTEMBER

PAVILION 4
MEETING ROOMS 2, 3, 4, 5

26 Surgical treatment for weight regain, Gerd in a patient underwent to Sleeve Gastrectomy	Jose Valadão
27 Metabolic Bypass (elongation of the bileopancreatic loop) for the tratamento of Superobesity	Jose Valadão
28 Robotic Assisted Revisional Surgery for Obesity Recurrence after Gastric Bypass	Hercio Cunha
29 Post-Bariatric Surgery Hyperinsulinemic Hypoglycemia – Revisional Surgery	Tiago Rafael Onzi
30 Conversion of Sleeve gastrectomy to gastric bypass	Guilherme Frederico Roja Silva
31 Robotic assisted gastric by pass in a previously laparoscopic gastric band removal	Marcio Balieiro
32 Robotic assisted gastric by pass with concomitant hiatal hernia repair	Marcio Balieiro
33 High-tech yet cost-effective Robotic Sleeve utilizing SynchroSeal as a needle holder	Guilhermino Nogueira
34 Open mesenteric gaps after Gastric Bypass in routine cholecystectomy	Guilhermino Nogueira
35 Sleeve gastrectomy without releasing the greater curvature a different way of doing it	Fabio Viegas
36 Revisional Surgery for weight gain and GERD after Sleeve gastrectomy	Roger Moura
37 Roux-y gastric bypass	Vinicius Reis
38 Gastric Bypass Systematization with Enteropexia of Bowel Anastomosis	Cesar Wakoff
39 Transit bipartition plus sleeve gastrectomy in two times for super super obese patient	Paulo Victor Lima
40 Gastric Bypass in Sittus Inversus with unknown previous metabolic surgery	Victor De Barros Lima Santos
41 Conversion of Gastric Bypass into SADI-s due to weight relapse and comorbidities	Andrey Carlo
42 Technical aspects of laparoscopic sleeve gastrectomy	Clarissa Noronha
43 Laparoscopic Bariatric Revisional Surgery: Roux n Y Gastric Bypass to Duodenal Switch	Nilton Kawahara
44 Laparoscopic Surgical Treatment of GERD after Roux n Y Gastric Bypass	Nilton Kawahara
45 The role of robotic approach in revisional bariatric surgery	Gustavo Peixoto Soares Miguel
46 How and when convert SADIs to Bypass	Tiago Szego
47 How to solve a crônica diarrhea after a bypass	Tiago Szego
48 Revisional Surgery after gastric bypass for pouch intra diaphragmatic and reflux	Alexandre Elias

E-POSTERS

P-1	10-y results of laparoscopic sleeve gastrectomy in young patients(<25 yo) with severe obesity: a single-institution experience	Amanda Belluzzi	Italy
P-2	2-year outcomes of the BPG-1 multi-center study. Laparoscopic gastric bypass with biliopancreatic limb - alimentary limb 70/150cm vs. 150/70cm	Débora Acín-Gándara	Spain
P-3	A banded gastric bypass story: Retrospective analysis of 300 patients at 6 months, 1, 3, and 5-year follow-up	Muffazal Lakdawala	India
P-4	A case of malnutrition and Wernicke's encephalopathy after Bariatric surgery	Deeba Siddiqui	India
P-5	A case of suspected depression before bariatric and metabolic surgery	Shohei Koyama	Japan
P-6	A Close Look on the Role of Routine Upper Endoscopy Before Bariatric Surgery in the Middle East Population: Review of 1278 Patients	Bassem Abou Hussein	UAE
P-7	A Comparative Evaluation of Post-Operative Complications in Primary and Revision Bariatric-Metabolic Surgeries in Gibraltar	James Mifsud	Gibraltar
P-8	A narrative inquiry into the experience of undergoing revision bariatric surgery in female patients	Defne Dizlek Bayraktar	Turkey
P-9	A Novel Laparoscopic Articulating Device for Laparoscopic Sleeve Gastrectomy Plus Duodenojejunal Bypass in Korean Obese Patients	Inyoung Lee	South Korea
P-10	A Novel Nomogram and online calculator for predicting the Risk of Obesity Hypoventilation Syndrome in Bariatric Surgery Candidates	Wenhui Chen	China
P-11	A novel soluble microneedle for intragastric drug delivery in the treatment of obesity	Siqi Wang	China
P-12	A patient-tailored adjustment of the anatomy in a patient suffering from severe late dumping after Roux en Y gastric bypass performed after previous Nissen fundoplication	Jean-Philippe MmK Magema	Belgium
P-13	A population-based cohort study on efficacy and safety of bariatric surgery in young adults aged 18-25 years versus adults aged 35-55 years	Aliyar Esfandiyari Noushi	The Netherlands
P-14	A Standard Set of Patient Reported Outcome Measures to Measure Quality of Life in Obesity Treatment Research: The S.Q.O.T. Initiative	Phillip J. Dijkhorst	The Netherlands
P-15	Addition of Stimulation to Vagal Block Increased Glycemic Control in Type 2 Diabetic Swine and Increased Glucose-Induced Insulin Responses	Paul Hickey	USA
P-16	Adherence to Lifestyle Modification after one year of Bariatric surgery in Indian Patients	Daksha Chitale	India
P-17	Adherence to nutritional and physical follow-up in the postoperative period of Bariatric and Metabolic Surgery	Emilian Rejane Marcon	Brazil
P-18	Adolescent Bariatric Surgery – a survey of referring physicians	Paul Cromwell	Ireland
P-19	Advantages of Endoscopic Vacuum Therapy for Staple Line Leaks after Sleeve Gastrectomy	Rami Archid	Germany
P-20	Age does not affect weight loss after bariatric procedures in the elderly population: Results from a national multicenter cohort study	Izabela Karpińska	Poland

E-POSTERS

P-21	Ambulatory Revisional Bariatric Surgery is safe and feasible. Experience from a high volume bariatric center	Luciano Deluca	Argentina
P-22	Analysis of biliary reflux in patients operated by the One Anastomosis Gastric Bypass technique	Felipe David Mendonça Chaim	Brazil
P-23	Analysis of causes and factors of 100 % excess weight lost after sleeve gastrectomy	Bekkhan Khatsiev	Russian Federation
P-24	Analysis of Identifying Obstructive Sleep Apnea with questionnaires and Polysomnography in Korean Patients	Kyung Won Seo	South Korea
P-25	Analysis of overnight remote observations of bariatric day-case patients at University College London Hospitals NHS Foundation Trust (UCLH)	Michail Chatzikonstantinou	UK
P-26	Analysis of weight loss pattern after OAGB-MGB based on the severity of obesity in patients with five-year follow-up	Manoj Reddy	India
P-27	Anastomotic Gastro-Jejunal Ulcer Perforation following One-Anastomosis-Gastric-Bypass: Clinical Presentation and Options of Management: Case Series and Review of Literature	Bassem Abou Hussein	UAE
P-28	Anterior VS posterior Gastro Jejunal Anastomosis in OAGB, a multicenter retrospective study	Mariagrazia Marotta	Italy
P-29	Anti-ageing effects of bariatric surgery in aged rats	Pill Sun Paik	South Korea
P-30	Applications of the Sigstad scale for the diagnosis of dumping syndrome in patients after one anastomosis gastric bypass and sleeve gastrectomy	Deeba Siddiqui	India
P-31	Applying Serial Body Composition Analysis with Evidence-Based Nutrition Practices Following Metabolic-Bariatric Surgery to Enhance Patient Outcomes and Professional Practice	Kim B Knopp	USA
P-32	Are weather and air quality associated with physical activity and sedentary time in adults before and after bariatric surgery?	Aurelie Baillet	Canada
P-33	Assertive revision surgery in patients with slipped gastric ring	Arnaldo Nacarato	Brazil
P-34	Assessment of dumping syndrome after One Anastomosis Gastric Bypass/Mini-Gastric Bypass and Roux-en-Y Gastric Bypass- a Short-Term Cohort Study	Daksha Chitale	India
P-35	Association of Hypercholesterolemia With Gastric Intestinal Metaplasia, Findings After Sleeve Gastrectomy Pathology Review	Mohammad Kermansaravi	Iran
P-36	Auricular acupressure in relieving PONV and promoting gastrointestinal function recovery in females after LSG: a prospective randomized controlled trial	Zhonghui Han	China
P-37	Australian case study: Binge eating disorder in bariatric surgery patient; To snack or not to snack? That is the question	Georgia Rigas	Australia
P-38	Automatic Pattern Recognition of Variation in the Surgical Steps of Laparoscopic Roux-en-Y Gastric Bypass (RYGB)	Sheldon K. Hall	UK
P-39	Banded versus non-Banded Laparoscopic Sleeve Gastrectomy: 3 year results of a prospective Cohort study	Mostafa Nagy	Egypt
P-40	Banded vs non-banded gastric sleeve – matched pair analysis: A retrospective quality of life comparison	Harald Puhalla	Australia
P-41	Barbed sutures are more ergonomic and equally safe when compared to monofilament sutures in bariatric surgery	Vittal Rao	UK

E-POSTERS

P-42	Bariatric and metabolic surgery in patients older than 65 years – a multicenter study	Natalia Dowgiałło-Gornowicz	Poland
P-43	Bariatric Surgery – The Gibraltar Hospital Authority Experience	Deona Mei Lam Chan	UK
P-44	Bariatric surgery and ventral hernia repair: Who comes first?	Francisco Javier Anguita Ramos	Spain
P-45	Bariatric surgery can resolve metabolically unhealthy obesity (MUO) independent from the choice of the procedure	Sebastian Storms	Germany
P-46	Bariatric Surgery in adolescents a new paradigm: Our experience	Pedro J Prats	Mexico
P-47	Bariatric surgery in diabetics: 15 years follow up study	Hafsa Younus	UK
P-48	Bariatric surgery in patients with hypothyroidism: The role of levothyroxine therapy	Fabio Garofalo	Switzerland
P-49	Bariatric Surgery is Safe in patients with a history of long-term COVID-19 infections with Obesity: INDIAN Population Study	Winni Mathur	India
P-50	Bariatric surgery: are we missing something?	Francesco Furbetta	Italy
P-51	Benefits and risks of bariatric surgery on women's reproductive health: A narrative review	Jun-Cheng Yang	China
P-52	Benefits of undertaking a routine endoscopy prior to Bariatric Metabolic Surgery	Catherine O' Brien	UK
P-53	Best practice approach for redo-surgeries after sleeve gastrectomy, an expert's modified Delphi consensus	Mohammad Kermansaravi	Iran
P-54	Biliopancreatic Diversion with Duodenal Switch Performed Totally Robotic: Comparison to Conventional Laparoscopy	Dennis Smith	USA
P-55	Biochemical characterization of patients undergoing the one anastomosis gastric bypass technique: Partial results	Felipe Chaim	Brazil
P-56	Can Endoscopic Procedures like Balloons and Endoscopic Sleeve Gastroplasty help in increasing Bariatric surgery practice?	Winni Mathur	India
P-57	Can Rapid Urease Test be more sensitive than histopathology specimens in detecting H. Pylori Infection among the bariatric population?	Justyna Rymarowicz	Poland
P-58	Causal Association Between Body Mass Index and Neuroimaging Features in Adult Population	Han Lv	China
P-59	Changes in gut microbiota after distal gastrectomy with long-limb Roux-en-Y reconstruction in patients with gastric cancer and type 2 diabetes: a potential remedy to treat type 2 diabetes	Ji Yeon Park	South Korea
P-60	Changing trends of bariatric referrals due to surgical tourism, experience from a bariatric tertiary referral centre in the UK	Sara Ajaz	UK
P-61	Characterising barriers and facilitators that influence bariatric tourism: A Systematic Review	Mohamed Aly	UK
P-62	Characteristics of anti-reflux function and correlation with metabolic parameters in patients with obesity before bariatric-metabolic surgery	Kohei Uno	Japan
P-63	Chinese Bariatric Surgeon's View on the and Intraoperative Diagnosis and Treatment of Hiatal Hernia During Bariatric Surgery	Jianjun Yang	China

E-POSTERS

P-64	Clinical & Endoscopic Effects of One- Anastomosis-Gastric Bypass on Patients with GERD and Esophagitis	Bassem Abou Hussein	UAE
P-65	Clinical Application and Challenges of Specialized Bougie in Metabolic and Bariatric Surgery: A Nationwide Cross-sectional Survey	Zhuoqi Wei	China
P-66	Clinical Significance of the Prognostic Nutritional Index for Predicting Surgical Outcomes After Bariatric surgery	HanMo Yoo	South Korea
P-67	Cohort Profile: A Single Center Bariatric Surgeries Experience	Winni Mathur	India
P-68	Combination therapy of GLP-1 analogues with Swallowable Balloon for treatment of obesity	Winni Mathur	India
P-69	Combined biliary limb distalization and transoral outlet reduction endoscopy (TORe): A case series	Victoria Gomez	USA
P-70	Combined Thoracic Spinal Epidural Anesthesia for Laparoscopic Sleeve Gastrectomy; One Hundred and Fifty Cases	Mohamed Sarhan	Egypt
P-71	Combining gastric bypass with primary fundoplication reduces the incidence of dumping syndrome: a randomized clinical trial	Oral Ospanov	Kazakhstan
P-72	Comparative analysis of change in glucose metabolic indices between patients with/without type 2 diabetes before and after Roux-en-Y gastric bypass	Yoonseok Heo	South Korea
P-73	Comparative Outcomes of Totally Robotic Versus Laparoscopic Primary Bariatric Surgeries	Dennis Smith	USA
P-74	Comparative Outcomes of Totally Robotic Versus Laparoscopic Revisional Bariatric Surgery	Sharon Krzyzanowski	USA
P-75	Comparison between gut microbiota richness and diversity in different consistencies of stool of Brazilian women with obesity	Eliane Lopes Rosado	Brazil
P-76	Comparison between liposomal iron and normal iron supplements in post-bariatric patients	Bassem Abou Hussein	UAE
P-77	Comparison of 36 patients treated by roux en y gastric bypass with and without fundectomy	Peter Ian Limas	Indonesia
P-78	Comparison of excess weight loss outcomes between laparoscopic sleeve gastrectomy and laparoscopic mini gastric bypass in patients with severe obesity	Ghaith Sael Mohammed Ali Abu-Nayla	Iraq
P-79	Comparison of Remission Rate of Type 2 Diabetes Mellitus in the Short to Intermediate Term Between Bariatric Procedures: Sleeve Gastrectomy, Roux-en-Y Gastric Bypass and One Anastomosis Gastric Bypass	Mahak Bhandari	India
P-80	Comparison of the validity of transferrin saturation, serum ferritin and C-reactive protein versus serum ferritin as a diagnostic method of iron deficiency in patients undergoing bariatric and metabol	Zuleyma Paulina Bello Ramirez	Mexico
P-81	Complications of Bariatric-Metabolic Surgeries in Gibraltar	Deona Mei Lam Chan	UK
P-82	Conducting pre-surgical bariatric psychosocial evaluations in a pandemic: trends from in-person and telehealth assessments	Yocheved Karen	USA
P-83	Consequent Intragastric Balloon Ruptures In An Obese Patient: First Case In The Literature	Sertaç Ata Güler	Turkey
P-84	Continuous monitoring after laparoscopic gastric bypass: a pathway to ambulatory?	José Pedro de Almeida Pinto	Portugal

E-POSTERS

P-85	Conversion from sleeve gastrectomy to roux-en-y gastric bypass: midterm outcomes in 50 consecutive patients	Chantal Huber	Switzerland
P-86	Conversion of sleeve gastrectomy to bipartition procedures: A retrospective case controlled study	Vasiliki Christogianni	Germany
P-87	Conversion to SADI-S versus RYGB and BPD/DS due to Insufficient Weight Loss	Enrique F. Elli	USA
P-88	Correlation of Gastric Remnant Volume with Radioscopic Parameters after Laparoscopic Sleeve Gastrectomy with Weight Loss – A Cross-Sectional Study	Dimitris Lapatsanis	Greece
P-89	Cost Burden of Managing the Complications of Privately Inserted Gastric Bands – a 10 year experience from a high volume bariatric unit	Catherine Strong	UK
P-90	COVID19 Pandemic and Physical Activity Level in Patients of a Bariatric Surgery and Primary Care Program	Emilian Rejane Marcon	Brazil
P-91	Current Outcomes of OAGB in the USA: A comparative analysis versus RYGB and SADI-S	Enrique F. Elli	USA
P-92	Data-driven patient clusters may help identify patients at risk and predict metabolic surgery outcomes on diabetes remission and NAFLD progression	Adisa Poljo	Switzerland
P-93	Day-case sleeve gastrectomy: initial experience of 55 consecutive patients	Gil Faria	Portugal
P-94	Demographic overview of patients who underwent gastric sleeve and requiring revision surgery due to weight regain and insufficient weight loss	Valeria Jaime León	Mexico
P-95	Determinants of satisfaction and self-perceived proficiency of fellowships of bariatric and metabolic surgery fellowship program	Maria Daye Rodriguez	Mexico
P-96	Determinants of satisfaction and self-perceived proficiency of trainees of bariatric and metabolic surgery fellowship program	Maria Daye Rodriguez	Mexico
P-97	Different effects of laparoscopic sleeve gastrectomy and laproscopic Roux-en-Y gastric bypass on serum values of adipose associated molecules	Yasser Amer	Egypt
P-98	Do abnormal post-operative bloods indicate adverse outcome after Bariatric and Metabolic Surgery (BMS)?	Roberta Bullingham	UK
P-99	Does intra-abdominal fat distribution affect gastro-esophageal reflux (GER) in patients of obesity?	Kazuhide Sato	Japan
P-100	Does One Anastomosis Gastric Bypass Expose Patients to Gastroesophageal Reflux, Gastritis, and Marginal Ulcer: A Systematic Review and Meta-Analysis	Soheil Ahmadyar	Iran

SYMPOSIA

Invitation to the Ethicon Symposium at IFSO World Congress: Patient Empowerment and the Influence of Social Media – Risk or Revelation?

August 30, 2023
2-3pm – Lunch will be served

Palazzo Esedra, Symposia Room
IFSO World Congress, Naples

Scan QR Code to register

Could this crowdsourced debate be the event of the Congress?

MODERATOR
Dr. Rami LUTFI

DEBATER
Dr. Hazem AL MOMANI

DEBATER
Prof. Marco BUETER

JUDGE
Ken CLARE

FACT CHECKER
Dr. Imane EDDBALI

With delegates steering the discussion in real-time, prepare for a **lively interactive event**, bringing the surgeon, patient, and latest perspectives on social media to the forefront.

While the power of social media to engage and empower patient communities is nothing new, little is known about its influence in the field of bariatric surgery. Guided by **audience participation & voting**, we'll examine **the risks and revelations of how the bariatric community on social media can help**:

- Break down obesity treatment barriers including the lack of credible information and stigma.
- Evolve and shape how patients can achieve optimized outcomes along their treatment pathway.
- Empower bariatric surgeons to connect and educate with credible content that mitigates misinformation and assists patients in making informed treatment decisions in partnership with a healthcare team.

Join this engaging debate alongside thought leaders:

Dr. Rami Lutfi, Bariatric Surgeon at the Chicago Institute of Advanced Bariatrics (USA)

Prof. Marco Bueter, Bariatric Surgeon and Professor at the University Hospital of Zurich (Switzerland)

Dr. Hazem Al Momani, Bariatric Surgeon and Chief of Surgery at Royal NMC Hospital (UAE)

Ken Clare, Chair of the European Coalition for People living with Obesity

Dr. Imane Eddbali, EMEA Professional Education Manager of Bariatric & Metabolic Surgery at Ethicon

PROGRAM

Discover the future of weight loss.

- ▶ The gastric balloon-based program for rapid weight loss and lifelong healthy habits.
- ▶ No surgery. No endoscopy*. No anesthesia.
- ▶ Placed during a 15 minute in-clinic visit.
- ▶ 10-15% total body weight loss in approximately 4 months¹.

Come and find us at **Booth 509 / 510**

orbera365[™]
Managed Weight Loss
System

ESG

CE Marked
The OverStitch[™] System
has been CE marked to
perform ESG procedure
for weight loss.

More than 25,000 ESG
procedures performed
worldwide.¹

>250 clinical papers
and abstracts published
on the ESG procedure,
including follow-up
out to 5 years.¹

>10K

Patients included
in clinical studies.

49%

Excess body weight loss
12 months after the
procedure.²

14%

Average total body
weight loss at one year.²

68%

Maintained at least
25% excess body
weight loss 24 months
after the procedure.²

2%

Rate of serious adverse
events (Clavien-Dindo
Grade III or higher).²

TORe

The OverStitch[™] System has been CE
marked to perform transoral outlet
reduction procedure for weight loss.

An estimated 15,000 endoscopic
bariatric revisions have been
performed worldwide.³

>150 papers and abstracts
published on the TORe
procedure.⁴

Five-and seven-year data confirm safety as well as durable and clinically meaningful weight loss.^{5,6}

8,6%

TBWL maintained by TORe
patients at 5 years.⁵

8,4%

TBWL for patients
followed to 7 years.⁶

zero

AEs in both studies,
evaluating 342 and 443
patients respectively.^{5,6}
In the 5 year data, 11 of
342 patients experienced
moderate AEs.

Orbera Family Balloons

Millions of pounds have been lost with
Orbera[®], with over 400,000 of Apollo's
gastric balloons distributed worldwide.

The Apollo's Family Balloons is
the global leading weight loss
balloon and has helped
thousands meet their weight
loss goals for over 20 years.

3.1x

More weight loss than
diet and exercise alone.⁷

Orbera365[™] has been CE Marked under
the European MDR for weight loss in
patients with obesity.

Over 50,000 Orbera365[™]
balloons distributed
worldwide.

At Apollo Endosurgery, we are dedicated to helping patients live better by developing devices that advance therapeutic endoscopy. As an industry pioneer and leader, we are proud to offer a portfolio full of possibilities. We invite you to discover what they can do for you.

“

We are proud of our “Panther Surgical Academy” which gives the possibility to all the surgeons to meet and discuss the last status of the art in surgery.

Panther Healthcare is a leading provider of intelligent MIS solutions. The company was established in Beijing in 2002 and has been focused on surgical stapling and minimally invasive surgery products. Our current portfolio is represented by staplers for open and laparoscopic surgical procedures and today our products are sold overseas to over 70 countries and regions. The headquarter is based in Beijing with offices in Toronto, Sao Paulo, Mexico D.F & Bombay. Panther Healthcare R&D team consists of more than 40 engineers.

Certificates : CE, ISO13485, MDSAP, FDA-510(K).
Additionally GMP, South Korea KFDA, Russia
Registration License, Brazil ANVISA, Canada,
India, Egypt, and registration licenses in more
than 60 other countries.

The 4th Panther Bariatric Master class in Zmir, Turkiye

Brazilian Safe Bariatric Surgery Master Class, Brazil

Duke-Asia 2019 International Masters of Metabolic and Bariatric Surgery in Beijing, China

iReach Magnum Powered Endoscopic Linear Stapler

Ergonomic Design

Up to 55° of articulation in both directions in 5 gears

Optimized Compression

Audible feedback when 15-seconds precompression is achieved

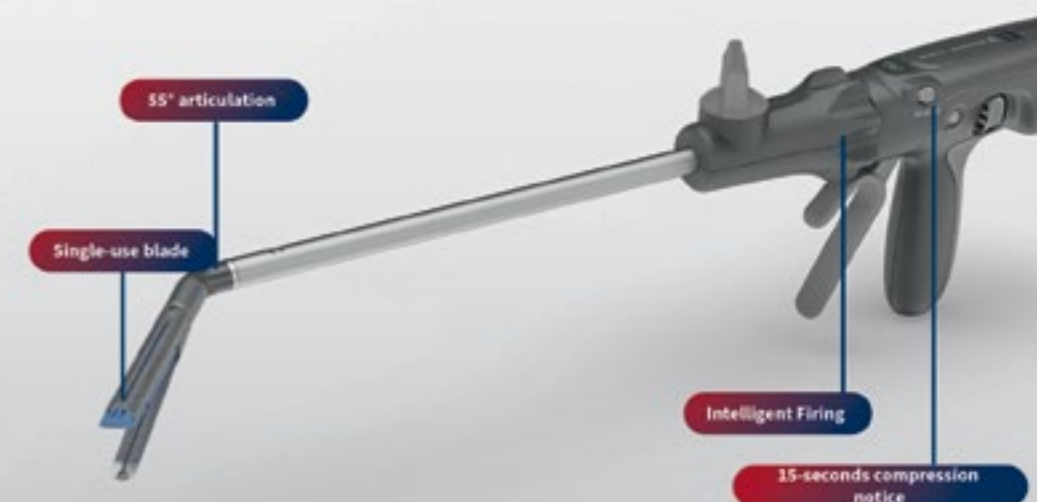

Superior compression reduces tissue damage and achieves better staple formation

Intelligent Firing

Stapler reduces speed and increase force when thick tissues are encountered

Cutting-Edge Technology

Single-use cartridge blade reduces the risk of cross contamination

SOUND REACH

Ultrasound Surgical CSUS 8000 Generator and Shears

Tissue Sense Technology

Allows a smooth and consistent cutting experience regardless of tissue thickness and default settings, eliminating the need to constantly adjust output settings, so surgeons can now focus on the surgery.

Touch Interface

Large touch screen for intuitive and easy user interaction.

5mm Vessel Sealing

Safe sealing capability for vessels up to 5mm.
